**The Public Safety and Homeland Security Bureau, in Coordination with
Multiple Other Bureaus, Issues Updated Procedures and Contacts to Provide Emergency
Communications in Areas Affected by Hurricane Irma**

On September 5, 2017, the Public Safety and Homeland Security Bureau released a Public Notice, DA 17-846, announcing procedures by the Public Safety and Homeland Security Bureau, in coordination with the International Bureau, Media Bureau, Wireline Competition Bureau, and the Wireless Telecommunications Bureau, to help communications service providers initiate, resume, and maintain operations in the areas affected by Hurricane Irma. Today's Public Notice updates the guidance and contact information relating to procedures to provide emergency communications in areas affected by Hurricane Irma. Bureau-specific guidance is provided below. For additional information, contact the appropriate Bureau-specific staff identified below.

Those seeking special temporary authority (STA) are reminded of the need to conform to the requirements of Section 1.2002 of the Commission's rules implementing the Anti-Drug Abuse Act of 1988.¹ Specifically, requests should include the following certification: "Neither the applicant nor any party to this application is subject to a denial of federal benefits that includes FCC benefits pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988, 21 U.S.C. § 862." Presentations that directly relate to the emergency posed by Hurricane Irma are exempt from the restrictions of the Commission's *ex parte* rules, subject to the provisions of Section 1.1204(a)(3) of those rules.²

➤ **International Bureau Guidance**

- **Special Temporary Authority (Satellite Earth and Space Stations):** Emergency requests for STA related to Hurricane Irma may be submitted by letter, e-mail or, if necessary, by telephone. Applicants also may file requests electronically through the International Bureau Filing System (IBFS) at <http://licensing.fcc.gov/myibfs>. All requests should provide the technical parameters of the proposed operation and contact information. The Bureau will handle all STA requests on an expedited basis. Consistent with Section 309(c)(2)(G) of the Communications Act, as amended, the Bureau may grant STAs for up to 30 days.³
- **Other Special Temporary Authority (Submarine Cables, International 214s, and International High Frequency):** Emergency requests for STAs related to Hurricane Irma may

¹ 47 C.F.R. § 1.2002.

² 47 C.F.R. § 1.1204(a)(3).

³ 47 U.S.C. § 309(c)(2)(G).

be submitted by letter, e-mail or, if necessary, by telephone. Applicants also may file requests electronically through the IBFS at <http://licensing.fcc.gov/myibfs>. The Bureau will handle all STA requests as expeditiously as possible.

- To ensure that the Bureau has a complete record of the action, applicants who do not file through the IBFS should follow-up the initial request with an electronic version submitted through the IBFS as soon as possible. In this filing, operators should note in the first description field on the electronic STA form that this is a “**Hurricane or Tropical Storm-Related STA Request**” and the date the initial request was granted.
