UPDATE ON MEDIA BUREAU INFORMATIONAL WEBINAR FOR BROADCAST INCUBATOR PROGRAM

(Webinar will be held at 1:00 pm EDT on October 30, 2018)

By this Public Notice, the Media Bureau reminds licensees and other interested parties about its upcoming informational webinar on the Commission's recently implemented radio broadcast incubator program.¹ *The Bureau also provides below updated instructions on how to register and join the online event, including for those who registered previously and must now register again due to a system error.*

The Commission's novel incubator program is designed to support new and small entrants in the radio broadcasting industry by pairing potential new entrants or struggling small broadcasters with larger more experienced broadcasters. The free webinar will inform potential participants -- both those who seek to be incubated and potential incubators -- about the basic elements of the program, including the eligibility standards, the application process, and the guidelines for successful completion of the program. The webinar will also discuss what steps interested parties can take to prepare for incubation.

The WebEx webinar will be held at 1:00 pm, EDT, on Tuesday, October 30, 2018. To register and join the online event:
