REQUIREMENTS FOR OPPOSITIONS AND REPLIES REGARDING APPLICATION FOR REVIEW IN MOBILITY FUND PHASE II PROCEEDING

WC Docket No. 10-90
WT Docket No. 10-208

Oppositions Due: July 13, 2018
Replies to Oppositions Due: July 23, 2018

By this Public Notice, we establish the filing requirements for oppositions and replies regarding an application for review filed by Verizon Communications Inc. (“Verizon”) in the above-referenced proceeding.

On April 30, 2018, the Wireless Telecommunications Bureau and the Wireline Competition Bureau (the Bureaus) released an Order on Reconsideration that determined, consistent with the Commission’s decision in the *MF-II Challenge Process Order*,¹ to use a 400-meter “buffer” radius to assess challenges to areas initially deemed ineligible for MF-II support.² On June 21, 2018, Verizon filed an application for review in which it asks the Commission to modify this procedure by instead requiring the use of a 250-meter “buffer” radius.³

Verizon timely filed its application for review⁴ and individually served its application on some, but not all, of the parties that had commented in this proceeding.⁵ Section 1.115(f) of the Commission’s rules requires applications for review to be individually served on all parties in a proceeding.⁶ This requirement ensures that all interested parties are timely apprised of the application and the consequent deadline for filing an opposition.

² *Connect America Fund; Universal Service Reform – Mobility Fund*, Order on Reconsideration, DA 18-427, at 2, para. 4 (WCB/WTB Apr. 30, 2018) (*MF-II Challenge Process Procedures Order on Reconsideration*). The *MF-II Challenge Process Procedures Order on Reconsideration* was published in the Federal Register on May 22, 2018. 83 Fed. Reg. 23,611 (May 22, 2018).

⁵ *Verizon Application for Review* at 8 (Verizon Certificate of Service listing the parties on which Verizon served its application for review).

⁶ 47 CFR § 1.115(f).

Under the Commission's rules, oppositions to an application for review must be filed within 15 days after the application for review is filed,⁷ and replies to oppositions shall be submitted within 10 days of the filing of the opposition,⁸ in this case July 6, 2018, and July 16, 2018, respectively.

We extend, however, the deadline for filing oppositions to Verizon's application for review to **July 13, 2018**, and the deadline for filing replies to those oppositions to **July 23, 2018**. Although the Commission does not routinely grant extensions of time,⁹ we find that an extension is warranted in this instance because all parties to this proceeding did not receive service in the normal way.¹⁰ In addition, we find that an extension of time would provide all parties with sufficient time to review the technical issues raised in Verizon's application, would allow for the development of a more complete record, and would otherwise serve the public interest.¹¹

We also waive the service requirements in section 1.115(f) of the Commission's rules¹² and instead allow parties to file oppositions and replies in the Electronic Comment Filing System (ECFS). Section 1.3 provides that the Commission may waive its rules and requirements where there is "good cause shown" to do so.¹³ Good cause, in turn, may be found "where particular facts would make strict compliance inconsistent with the public interest."¹⁴ A waiver is therefore "appropriate only if special circumstances warrant a deviation from the general rule and such deviation will serve the public interest."¹⁵

In this instance, we find good cause to waive the service rule for oppositions and replies. Under section 1.115(f), the Commission provides that "[o]ppositions to the application for review shall be served on the person seeking review and on parties to the proceeding" and that "replies to the opposition(s) . . . shall be served on the person(s) opposing the application for review and on parties to the proceeding."¹⁶ But the *MF-II Challenge Process Procedures Order on Reconsideration* presents special circumstances that warrant a deviation from this general service rule because the rule would unduly burden filers by requiring them to individually serve each party in the MF-II proceeding. Unlike most Bureau-level decisions that give rise to applications for review, which involve adjudications with a

handful of parties, the *MF-II Challenge Process Procedures Order on Reconsideration* adopts final requirements and procedures that emanated from a six-year-long proceeding with hundreds, if not thousands, of filings and parties.¹⁷ A waiver of the service rule also would serve the public interest by reducing the burden of filing oppositions or replies, thereby encouraging participation by interested parties. In this limited circumstance, the filing of oppositions and replies in ECFS would provide a suitable alternative to individualized service.

Thus, pursuant to sections 4(i) and 4(j) of the Communications Act of 1934, as amended,¹⁸ and sections 0.91(b), 0.131(a), 0.291, 0.331, 1.3, and 1.46 of the Commission's rules,¹⁹ we extend the deadline for filing oppositions and replies regarding Verizon's application for review and waive the service rules for oppositions and replies in section 1.115(f) as set forth herein.

Ex Parte Presentations

This proceeding has been designated as a "permit-but-disclose" proceeding in accordance with the Commission's *ex parte* rules.²⁰ Persons making oral *ex parte* presentations are reminded that memoranda summarizing the presentations must contain summaries of the substance of the presentations and not merely a listing of the subjects discussed. More than a one- or two-sentence description of the views and arguments presented is generally required. Other provisions pertaining to oral and written *ex parte* presentations in permit-but-disclose proceedings are set forth in section 1.1206(b) of the Commission's rules.

Filing Procedures

Under the Commission's current procedures for the submission of filings and other documents, interested parties may file oppositions and replies on or before the dates indicated on the first page of this document.
