WIRELINE COMPETITION BUREAU AUTHORIZES 175 RATE-OF-RETURN COMPANIES TO RECEIVE AN ADDITIONAL \$36 MILLION ANNUALLY IN ALTERNATIVE CONNECT AMERICA COST MODEL SUPPORT TO EXPAND RURAL BROADBAND

WC Docket No. 10-90

Consistent with the Commission's 2018 Rate-of-Return Reform Order, the Wireline Competition Bureau (Bureau) authorizes 175 rate-of-return companies that elected 210 revised offers of Alternative Connect America Cost Model (A-CAM) support to receive additional model-based support in exchange for extending broadband service to additional locations.¹ A report released today shows the revised authorization amount and deployment obligations for each carrier that elected a revised offer.² These carriers are among the rate-of-return carriers nationwide that previously had been authorized to receive A-CAM support.³ In addition, a summary report released today shows the state-level amounts of model-based support and associated deployment obligations for all carriers that have been authorized to receive model-based support.⁴

In 2016, the Commission adopted a voluntary path for rate-of-return carriers to elect to receive model-based support for a 10-year term in exchange for extending broadband service to a pre-determined

Mar. 23, 2018) (2018 Rate-of-Return Reform Order); Wireline Competition Bureau Announces Offers of Revised A-CAM Support Amounts to 217 Authorized A-CAM Companies to Expand Rural Broadband, WC Docket No. 10-90, Public Notice, DA 18-465 (WCB rel. May 7, 2018) (A-CAM Second Revised Offer Public Notice).

² The report is available at https://docs.fcc.gov/public/attachments/DOC-352786A1.xlsx.

³ In December 2016, the Bureau authorized 35 rate-of-return companies that elected 45 offers to receive A-CAM support pursuant to their initial elections. Wireline Competition Bureau Authorizes 35 Rate-of-Return Companies to Receive More than \$51 Million Annually in Alternative Connect America Cost Model Support and Announces Offers of Revised A-CAM Support Amounts to 191 Rate-of-Return Companies to Expand Rural Broadband, WC Docket No. 10-90, Public Notice, 31 FCC Rcd 13328 (WCB 2016) (A-CAM First Authorization and Revised Offer Public Notice). In January 2017, the Bureau authorized 182 rate-of-return companies that elected revised A-CAM offers. Wireline Competition Bureau Authorizes 182 Rate-of-Return Companies to Receive More than \$454 Million Annually in Alternative Connect America Cost Model Support to Expand Rural Broadband, WC Docket No. 10-90, 32 FCC Rcd 842 (WCB 2017) (A-CAM Second Authorization Public Notice).

⁴ The summary report for all carriers authorized to receive A-CAM support, including those subject to prior authorizations in December 2016 and January 2017, is available at https://docs.fcc.gov/public/attachments/DOC-352788A1.xlsx. The summary report includes a list of funded census blocks, but we note that there are no changes to that list from prior authorizations.

number of eligible locations.⁵ In Public Notices issued on December 20, 2016 and January 24, 2017, the Bureau authorized model-based support for 207 rate-of-return companies.⁶

In the 2018 Rate-of-Return Reform Order, the Commission directed the Bureau to offer additional support to all carriers that accepted the first revised offers of model-based support. Under this second revised offer, all locations with costs above \$52.50 will be funded up to a per-location fund cap of \$146.10, with adjusted deployment obligations. On May 7, 2018, the Bureau released a public notice announcing the revised model-based support amounts and corresponding deployment obligations and providing the carriers with 45 days to accept the revised offer. In response, 175 rate-of-return companies submitted letters electing 210 separate revised offers of A-CAM support in 39 states.

We authorize and direct the Universal Service Administrative Company (USAC) to obligate and disburse the annual support amounts over a 10-year term for each carrier that has accepted the revised offer of A-CAM support in the states identified in the attachment. All of the carriers authorized to receive model-based support are subject to defined deployment obligations that must be met over the 10-year period, with annual reporting of their progress.⁹

Collectively, the net increase in annualized support compared to the previously-elected A-CAM amounts is approximately \$36 million. However, this increase will be partially offset by transition payments already disbursed that will be reduced or eliminated going forward due to the per-location cap's increase. The Commission previously directed USAC to make a one-time lump sum payment from excess cash in its high-cost account to true-up support that would have been disbursed in 2017 and 2018 at the \$146.10 per-location support amounts. We direct USAC to calculate both the adjustment to transition payments and the necessary true-up. We also direct USAC to adjust the amount of cash it retains in the high-cost account to fund A-CAM to reflect today's revised authorizations.
