ORDER

Adopted: October 18, 2019

Released: October 18, 2019

By the Chief, Wireline Competition Bureau:

I. INTRODUCTION

1. In this Order, the Wireline Competition Bureau (Bureau) designates Mid-Hudson Data Corp. (Mid-Hudson) as an eligible telecommunications carrier (ETC) in eligible high-cost areas within the state of New York.1 Designation is conditioned upon and limited to Mid-Hudson’s authorization to receive Connect America Fund support awarded in coordination with New York’s New NY Broadband Program (New York Program).2 In making this designation, the Bureau finds that Mid-Hudson meets the eligibility requirements to receive universal service support, as set forth in section 214(e)(6) of the Communications Act of 1934, as amended (Act), and related Commission rules.3 The Bureau will release separate public notices regarding Auction 903 funding authorizations.

II. BACKGROUND

A. CAF Support Awarded in Coordination with the New York Program

2. The Connect America Fund (CAF) Phase II auction (Auction 903) is one part of a multi-step process to comprehensively reform and modernize the high-cost component of the Universal Service Fund (USF).4 In 2017, New York sought waiver of certain Auction 903 rules and requirements so that, through its New York Program, it could allocate certain CAF support (that otherwise would have been

included in Auction 903) to CAF-eligible areas.⁵ The Commission granted this waiver request conditional on participants' compliance, including Mid-Hudson's, with certain terms and conditions consistent with those imposed on Auction 903 winning bidders.⁶ The Commission also emphasized that like all high-cost support recipients, New York Program participants selected to receive CAF support would only be eligible to receive CAF support if designated an ETC in their CAF-eligible areas, and required winning bidders to complete an application designed to ensure that winning participant are technically and financially qualified to offer supported services and have met all regulatory prerequisites and conditions for receiving USF support.⁷ As part of this application, the Commission required New York Program participants to submit proof of their ETC designations within 180 days of the announcement of their support awards.⁸ On May 18, 2018, the Commission released a public notice acknowledging New York's allocation of CAF support to certain participants.⁹

B. Requirements for FCC ETC Designation

3. Section 254(e) of the Act provides that "only an eligible telecommunications carrier designated under section 214(e) shall be eligible to receive specific federal universal service support."¹⁰ Congress gives primary authority for ETC designations to state commissions.¹¹ The FCC has authority only when "a common carrier [is] providing telephone exchange service and exchange access that is not subject to the jurisdiction of a State commission."¹² The petitioning carrier must demonstrate that the FCC has jurisdiction and may do so by submitting an "affirmative statement from the state commission or a court of competent jurisdiction that the carrier is not subject to the state commission's jurisdiction."¹³ The Commission has delegated authority to the Bureau to consider appropriate ETC designation requests.¹⁴

4. A petition for ETC designation by the FCC must include: (1) a certification that the petitioner offers or intends to offer all services designated for support by the Commission pursuant to section 254(c) of the Act; (2) a certification that the petitioner offers or intends to offer the supported services either using its own facilities or a combination of its own facilities and resale of another carrier's services;¹⁵ (3) a description of how the petitioner advertises the availability of the supported services and the charges therefor using media of general distribution;¹⁶ (4) a detailed description of the geographic

service area for which the petitioner requests to be designated as an ETC;¹⁷ and (5) a certification that neither the petitioner, nor any party to the application, is subject to a denial of federal benefits pursuant to the Anti-Drug Abuse Act of 1988.¹⁸

5. In addition, petitioners must demonstrate their ability to meet certain service standards. A petitioner seeking an ETC designation for purposes of becoming eligible to receive high-cost support must: (1) certify that it will comply with the service requirements applicable to the support that it receives; (2) submit a five-year service plan (applicable only to high cost areas); (3) demonstrate its ability to remain functional in emergency situations; and (4) demonstrate its ability to satisfy applicable consumer protection and service quality standards.¹⁹

6. For petitioners seeking ETC designation for the purpose of becoming authorized to receive Auction 903 support, the Bureau waived the requirements that the petitioners submit a five-year service plan and proof of compliance with consumer protection and service quality standards, finding that the need for such requirements is obviated by specific service quality standards applicable to Auction 903 support recipients and specific reporting obligations relating to such standards.²⁰ Because the authorization of CAF support for participants in the New York program is conditioned on meeting terms and conditions consistent with those applicable to Auction 903 winning bidders,²¹ we interpret this waiver as equally applicable to New York Program participants.

7. In addition, prior to designating a carrier as an ETC pursuant to section 214(e)(6) of the Act, the Commission must determine whether such designation is in the public interest.²² When making a public interest determination, the Commission historically has considered the benefits of increased consumer choice and the unique advantages and disadvantages of the applicant's service offering.²³ In the *Auction 903 ETC Public Notice*, the Bureau found that recipients of Phase II Auction support demonstrated their ability to offer service efficiently through the competitive bidding process and their ability to meet public interest obligations through their short- and long-form applications and thus, need not submit additional support in their petitions.²⁴

¹⁷ An ETC's "service area" is set by the designating authority and is the geographic area within which an ETC has universal service obligations and may receive universal service support. 47 U.S.C. § 214(e)(5); 47 CFR § 54.207(a). Although section 214(e)(5) of the Act, 47 U.S.C. § 214(e)(5), requires conformance of a competitive ETC's service area and an incumbent rural telephone company's service area, the Commission has separately forbore from imposing such requirements on Auction 903 support recipients. *See Phase II Auction Order*, 31 FCC Rcd at 6006-6009, paras. 159-168.

C. Petition for ETC Designation

8. Mid-Hudson seeks an ETC designation to become eligible to receive CAF support in coordination with the New York Program for all CAF-eligible census blocks covered by its awards.²⁵ The Bureau has released a public notice soliciting comments on Mid-Hudson's petition.²⁶ No comments addressing Mid-Hudson's petition were filed.

III. DISCUSSION

9. We find that Mid-Hudson satisfies the Commission's requirements for ETC designation and, therefore, designate Mid-Hudson as a high-cost ETC in New York, conditioned upon and limited to the high-cost areas where it is authorized to receive CAF Phase II support and effective only upon such authorization. In these areas, Mid-Hudson must meet CAF Phase II requirements, Lifeline requirements, and other service obligations attendant to its high-cost designation, as specified in the Act and the Commission's rules.²⁷

A. Commission Authority

10. Mid-Hudson demonstrates that the Commission has the requisite authority to designate it as an ETC pursuant to section 214(e)(6) of the Act. Mid-Hudson submitted correspondence from the New York State Public Service Commission stating that it does not exercise jurisdiction for determinations of competitive eligible telecommunications carrier designation over Mid-Hudson, a provider of broadband services.²⁸ On this basis and consistent with our past decisions, we find that Mid-Hudson has demonstrated FCC authority to decide its petition.²⁹

B. Eligibility Requirements

11. *Designated Service Area.* Mid-Hudson describes a designated service area based on all CAF-eligible census blocks covered by its CAF Phase II award (as listed in the Attachment to this Order).³⁰

12. *Offering the Services Supported by the Universal Service Support Mechanisms.* We find that Mid-Hudson establishes through the required certifications and related filings that it will offer the services supported by the federal universal service support mechanisms.³¹

²⁵ In the Attachment to this Order, the Bureau has provided the CAF-eligible census blocks included in the award.

³¹ Mid-Hudson Petition at 4-5; 47 U.S.C. § 214(e)(1)(A); 47 CFR § 54.201(d)(1).

13. *Compliance with the Service Requirements Applicable to CAF Phase II Support Awarded through the New York Program.* We find that Mid-Hudson establishes its ability to comply with service requirements applicable to the support that it receives.³² This determination takes into account that, prior to being authorized to receive support, Mid-Hudson must certify and demonstrate, as part of their FCC applications, the technical and financial ability to provide voice and broadband services meeting or exceeding CAF Phase II standards,³³ certify its commitment to meeting relevant public interest obligations,³⁴ and certify its compliance with all statutory and regulatory requirements for receiving the universal service support.³⁵ Moreover, once authorized, Mid-Hudson must satisfy certain reporting obligations to ensure that the support received is being used efficiently and appropriately and that service requirements are being met.³⁶

14. *Compliance with Service Requirements Applicable to Lifeline Services.* Mid-Hudson commits to offering Lifeline discounts to qualifying low-income consumers, consistent with the Commission's rules, in all high-cost areas where it is authorized to receive support.³⁷

15. *Offering the Supported Services Using a Carrier's Own Facilities.* Mid-Hudson certifies that it is a facilities-based provider of broadband and voice services.³⁸

16. *Advertising Supported Services.* Mid-Hudson commits to advertising the availability of the supported services and related charges using media of general distribution.³⁹ We emphasize that, as part of this commitment, Mid-Hudson must advertise the availability of its services and charges in a manner reasonably designed to reach Lifeline-eligible consumers.⁴⁰

17. *Ability to Remain Functional in Emergency Situations.* Mid-Hudson states that it can remain functional in emergency situations. Mid-Hudson states that it has sufficient back-up power to ensure functionality in the designated service area without an external power source, can re-route traffic around damaged facilities, and can manage traffic spikes resulting from emergency situations.⁴¹

18. *Anti-Drug Abuse Act Certification.* Mid-Hudson submits a certification that satisfies the requirements of the Anti-Drug Abuse Act of 1988, as codified in sections 1.2001-1.2003 of the Commission's rules.⁴²

C. Public Interest Analysis

19. We conclude that Mid-Hudson's participation in universal service programs would be in the public interest and would provide numerous benefits to consumers. As noted above, ETC

designations in areas where a petitioner is authorized to receive CAF Phase II Auction support serves the public interest. Through participation in the New York Program and application processes, Mid-Hudson demonstrates that it can offer voice and broadband services in high-cost areas efficiently and at a price and quality comparable to the service offerings in more competitive areas.⁴³ Moreover, granting Mid-Hudson's petition will serve the interests of low-income consumers by ensuring the availability of new, facilities-based Lifeline services at competitive prices in areas eligible for high-cost support.⁴⁴

20. Accordingly, based on the information, representations, and certifications in its petition, we find that Mid-Hudson has met all applicable conditions and prerequisites for ETC designation and conditionally grant its petition.

D. Regulatory Oversight

21. Under section 254(e) of the Act, Mid-Hudson must use universal service support "only for the provision, maintenance, and upgrading of facilities and services for which the support is intended."⁴⁵ Under section 214(e) of the Act, Mid-Hudson must provide supported services throughout its service area.⁴⁶ When authorized to receive high-cost support, Mid-Hudson must file an annual certification that all federal high-cost support received was used in the preceding calendar year and will be used in the coming calendar year only for the provision, maintenance, and upgrading of facilities and services for which the support is intended.⁴⁷ The Commission conditions future support awarded through the high-cost program on the filing of such certification.⁴⁸

22. An ETC receiving Lifeline support uses that support as intended when it reduces the price of its telecommunications services by the amount of the support for the eligible consumer.⁴⁹ In addition, the ETC must file annual reports that include, among other things, a certification of compliance with applicable minimum service standards, service quality standards, and consumer protection rules.⁵⁰

23. We find that reliance on Mid-Hudson's commitments to meet these and other regulatory requirements, as well as representations and commitments made in its petition, is reasonable and consistent with the public interest and the Act. We conclude that fulfillment of these additional reporting requirements will further the Commission's goal of ensuring that Mid-Hudson satisfies its obligation under section 214(e) of the Act to provide supported services throughout its respective designated service areas.

24. The Commission may initiate an inquiry on its own motion to examine any ETC's records and documentation to ensure that the universal service support the ETC receives is being used "only for the provision, maintenance, and upgrading of facilities and services" in the areas in which it is designated as an ETC.⁵¹ Mid-Hudson must provide such records and documentation to the Commission

and USAC upon request.⁵² If Mid-Hudson fails to fulfill the requirements of the Act, the Commission's rules, and the terms of this Order after it begins receiving universal service support, the Commission has authority to revoke Mid-Hudson's ETC designation.⁵³ The Commission also may assess forfeitures for violations of Commission rules and orders.⁵⁴

E. Waiver of Deadline for Submitting Proof of ETC Designation

25. The Commission required participants to certify that they are ETCs in the New York Program and to submit appropriate documentation supporting such certification no later than November 14, 2018.⁵⁵ The Bureau finds, on its own motion, good cause to waive this deadline for Mid-Hudson.⁵⁶ The Commission has found that waiver of this deadline is appropriate when an ETC designation proceeding is not yet complete by the deadline despite the good faith efforts of the applicant.⁵⁷ The Commission has explained that it would presume such good faith efforts when the petitioner submitted its petition to the relevant authority by the deadline provided by the *Public Notice*.⁵⁸ Mid-Hudson filed its petition prior to the deadline, thus demonstrating due diligence in meeting its filing deadline.

IV. ORDERING CLAUSES

26. Accordingly, IT IS ORDERED, pursuant to the authority contained in section 214(e)(6) of the Communications Act of 1934, as amended, 47 U.S.C. § 214(e)(6), and the authority delegated in sections 0.91 and 0.291 of the Commission's rules, 47 CFR §§ 0.91, 0.291, that MID-HUDSON IS CONDITIONALLY DESIGNATED AN ELIGIBLE TELECOMMUNICATIONS CARRIER IN ALL CENSUS BLOCKS IN THE STATE OF NEW YORK FOR WHICH IT IS ELIGIBLE TO RECEIVE SUPPORT AWARDED THROUGH THE NEW YORK BROADBAND PROGRAM. These designations are contingent upon Mid-Hudson becoming authorized to receive such support, is limited to those areas where support is authorized, and is effective only upon authorization.

27. IT IS FURTHER ORDERED that pursuant to section 1.3 of the Commission's rules, 47 CFR § 1.3, and pursuant to the authority delegated under sections 0.91, and 0.291 of the Commission's rules, 47 CFR §§ 0.91, 0.291, the deadline specified in the Commission's rules, 47 CFR § 54.315(b)(5), IS WAIVED to the extent described above.
