MEDIA BUREAU ANNOUNCES OPENING OF FILING WINDOW FOR 2019 BIENNIAL OWNERSHIP REPORTS ON FCC FORMS 323 AND 323-E AND AVAILABILITY OF ADDITIONAL FILING FUNCTIONALITIES IN LMS

Filing Window: November 1, 2019 – January 31, 2020

By this notice, the Media Bureau (Bureau) reminds commercial and noncommercial broadcasters of their obligation to file a 2019 biennial ownership report and announces the opening of the filing window.¹ Pursuant to the *Order* released by the Bureau on September 17, 2019, the filing window for submitting 2019 biennial broadcast ownership reports on FCC Forms 323 and 323-E opens November 1, 2019, and will close January 31, 2020.² Accordingly, all licensees of commercial and noncommercial AM, FM, TV, LPTV, and Class A television stations, as well as all entities with attributable interests in such stations, are required to file a biennial ownership report on either Form 323 (commercial stations) or Form 323-E (noncommercial stations) on or before January 31, 2020.³ These biennial Form 323/323-E filings must provide information reflecting ownership interests existing as of October 1, 2019.⁴ Forms 323 and 323-E must be filed electronically using the Bureau's Licensing and Management System (LMS), <https://enterpriseefiling.fcc.gov/dataentry/login.html>. Paper submissions will not be accepted.

Several additional functionalities will be available to filers in LMS this year that should expedite the filing and preparation of the forms. For the first time in LMS, filers will be able to validate and resubmit a previously filed Form 323/323-E biennial ownership report if the previous biennial report both remains accurate and was filed in LMS using the current version of Form 323/323-E.⁵ Similarly, filers with an existing biennial or non-biennial Form 323/323-E ownership report filed in LMS will be able to copy information from that prior filing into a new Form 323/323-E ownership report simply by entering the existing file number in the General Information section of the new report. In addition, to facilitate preparation of the reports, the Bureau has implemented a specialized ownership report search within LMS that enables filers and other interested persons to search LMS for Form 323/323-E filings using multiple criteria, including call sign, facility ID number, name, and/or FCC Registration Number (FRN), among
