By this Public Notice, the Wireline Competition Bureau, in conjunction with the Office of Economics and Analytics, notifies the public that on November 13, 2019, Somos, Inc. (Somos) released a Public Notice¹ announcing the status of applications to participate in the auction of certain toll free numbers in the 833 code (833 Auction).² The Public Notice lists auction applicants' initial application status as either complete or incomplete and includes additional information for applicants, such as the deadlines for submitting upfront payments and for resubmitting corrected applications.

In addition to public release at auction.somos.com, a copy of the Public Notice has been sent by overnight delivery and by email to each 833 Auction applicant. Each applicant with an incomplete application will be sent information about the nature of the deficiencies in the application, along with the name and contact information of a Somos staff member who can answer questions specific to the application. For specific questions about an applicant's incomplete status or its application deficiencies, the applicant should contact the Somos staff reviewer identified in the correspondence sent to the applicant by overnight delivery.
