ORDER

Adopted: October 4, 2019

Released: October 7, 2019

By the Chief, Enforcement Bureau:

1. The Enforcement Bureau (Bureau) of the Federal Communications Commission (Commission) has entered into a Consent Decree to resolve its investigation into whether Combined Public Communications, LLC (CPC or the Company),¹ and Protocall, LLC (Protocall), which was recently acquired by CPC, failed to properly file their annual reports and certifications detailing their provision of Inmate Calling Services (ICS) during 2017 (2017 Annual ICS Reports) pursuant to section 64.6060 of the Commission’s rules (Rules).² The reporting and certification requirement helps the Commission meet its statutory responsibilities regarding ICS rates and practices.³ The reporting and certification requirement also enables the Commission to capture any trends or changes in calling patterns in the ICS industry, facilitates any needed enforcement action, and permits the Commission to monitor ICS providers’ compliance with the Rules and relevant Commission orders.⁴ The Company admits that its 2017 Annual ICS Report omitted information required pursuant to section 64.6060 of the Rules, and that Protocall failed to timely file its 2017 Annual ICS Report.

2. The Consent Decree also resolves an investigation into whether the Company violated the Rules related to the unauthorized transfer of control of domestic and international authorizations to operate pursuant to section 214 of the Communications Act of 1934, as amended (Act),⁵ and sections 63.03, 63.04, 63.18, and 63.24 of the Rules.⁶ The Rules require prior approval of transfers of control to enable the Commission to apply a public interest standard in evaluating possible risks to competition and consumers that could result from transfers of substantial control of entities holding federally-granted

² 47 CFR § 64.6060. Section 64.6060 of the Rules requires ICS providers to submit a report to the Commission, by April 1st of each year, for the prior calendar year. The 2017 Annual ICS Reports were due April 2, 2018 because April 1, 2018 fell on a non-business day (Sunday). See 47 CFR § 1.4(j).

authorizations pursuant to section 214 of the Act. CPC admits that it consummated transactions transferring: certain assets and customers of Protocall to CPC prior to receiving approval from the Commission's Wireline Competition Bureau (WCB) and International Bureau; all assets of Bealls Communications Group, LLC (Bealls), to CPC prior to receiving approval from WCB; and certain customers of Infinity Networks, Inc. (Infinity), to CPC prior to receiving approval from WCB. To settle the 2017 Annual ICS Report filing violations and the unauthorized transfers of control to CPC, the Company agrees to implement a compliance plan and pay a civil penalty in the amount of \$60,000.⁷

3. After reviewing the terms of the Consent Decree and evaluating the facts before us, we find that the public interest would be served by adopting the Consent Decree and terminating the referenced investigations regarding the Company and Protocol's compliance with the requirement to properly file a 2017 Annual ICS Report pursuant to section 64.6060 of the Rules, and the Company's compliance with the requirement to obtain prior Commission approval for the transfer of certain assets and customers of Protocall, transfer of certain customers of Infinity, and transfer of control of Bealls to the Company as set forth in section 214 of the Act and sections 63.03, 63.04, 63.18 and 63.24 of the Rules.⁸

4. In the absence of material new evidence relating to this matter, we do not set for hearing the question of the Company's basic qualifications to hold or obtain any Commission license or authorization.⁹

5. Accordingly, **IT IS ORDERED** that, pursuant to section 4(i) of the Act¹⁰ and the authority delegated by sections 0.111 and 0.311 of the Rules,¹¹ the attached Consent Decree **IS ADOPTED** and its terms incorporated by reference.

II. BACKGROUND

3. Section 64.6060 of the Rules requires each ICS provider to file with the Commission, by April 1 of each calendar year, a report and certification detailing its provision of ICS during the prior calendar year (Annual ICS Report).⁶ The reporting and certification requirement helps the Commission meet its statutory responsibilities regarding ICS rates and practices.⁷ The reporting and certification requirement also enables the Commission to capture any trends or changes in calling patterns in the ICS industry, facilitates any needed enforcement action, and permits the Commission to monitor ICS providers’ compliance with the Rules and relevant Commission orders.⁸ As observed by the United States Court of Appeals for the District of Columbia Circuit, with regard to rates charged by ICS providers, the “Commission has plenary authority to regulate interstate rates under [section] 201(b) [of the Communications Act of 1934, as amended (Act)], including ‘practices ... for and in connection with’ interstate calls.”⁹

4. Section 214(a) of the Act requires telecommunications carriers to obtain a certificate of public convenience and necessity from the Commission before constructing, acquiring, operating, or engaging in the transmission of common carrier communications services over communications lines, and before discontinuing, reducing, or impairing service to a community.¹⁰ The Commission granted all carriers blanket authority under section 214 to provide domestic interstate services and to construct, acquire, or operate any domestic transmission line.¹¹ In accordance with sections 63.03 and 63.18 of the Rules, however, any domestic or international carrier seeking to transfer the control of its lines or

authorizations to operate pursuant to section 214 of the Act resulting from a transfer of corporate control must obtain prior approval from the Commission.¹² Sections 63.04 and 63.24 of the Rules set forth the required contents of domestic and international transfer of control applications. When evaluating a proposed transfer of control, the Commission employs a public interest standard under section 214(a) of the Act that involves the examination of the public interest impact of the proposed transaction.¹³

5. CPC is a Delaware limited liability company with headquarters in Cold Springs, Kentucky, that provides ICS in Alabama, Colorado, Florida, Georgia, Indiana, Iowa, Kansas, Kentucky, Louisiana, Mississippi, Missouri, Nebraska, North Carolina, Ohio, South Carolina, Tennessee, and Wyoming.¹⁴ Protocall was a Kansas limited liability company, with headquarters in Olathe, Kansas, authorized to provide ICS to correctional facilities in Iowa, Kansas, Colorado, Nebraska, and Missouri.¹⁵ Bealls is a Georgia limited liability company with headquarters in Panama City Beach, Florida, that provides or is authorized to provide ICS to correctional facilities in Alabama, Florida, and Georgia.¹⁶ Infinity is a Louisiana corporation with headquarters in Austin, Texas, that provides or is authorized to provide ICS in Alabama, Florida, Georgia, Idaho, Louisiana, Mississippi and Texas.¹⁷

6. On August 22, 2018, the Bureau issued separate Letters of Inquiry (LOIs) to CPC (CPC LOI) and Protocall (Protocall LOI), investigating whether each company had properly filed its 2017 Annual ICS Report.¹⁸ Protocall filed a response to the Protocall LOI on October 10, 2018, revealing that it filed its 2017 Annual ICS Report on October 9, 2018, well after the April 2, 2018, filing deadline, following receipt of the Protocall LOI.¹⁹ CPC filed a response to the CPC LOI on October 5, 2018, asserting that it had properly filed its 2017 Annual ICS Report.²⁰

²⁰ CPC LOI Response at 3, Responses to Questions 10, 11.

7. In Protocall's October 10, 2018, LOI response, Protocall disclosed that on October 1, 2017, Protocall and CPC completed a transaction which transferred certain assets and customers of Protocall to CPC and that it had concurrently filed an application with the Commission's Wireline Competition Bureau (WCB) seeking approval of the transfer of certain assets and customers of Protocall to CPC, pursuant to section 214 of the Act.²¹ That application, dated October 10, 2018, and unprompted by the Commission, is currently pending.²² Also on October 10, 2018, unprompted by the Commission, Protocall and CPC filed a joint request for special temporary authority (STA) for CPC to serve Protocall's customers pending approval of the transfer of control application.²³ WCB granted that STA request on November 27, 2018, and has extended the STA to allow CPC to provide service to Protocall's customers using Protocall's domestic authorization until November 25, 2019.²⁴ Further, Protocall and CPC filed a joint application for the partial assignment of Protocall's international authorizations with the International Bureau (IB) on October 10, 2018, which was granted pursuant to a streamlined basis on December 20, 2018.²⁵

8. On December 6, 2018, the Bureau sent a Supplemental Letter of Inquiry (SLOI) to CPC, inquiring why CPC had apparently omitted required data from its 2017 Annual ICS Report, including the Disability Access data required in Section VII regarding the provision of TTY calls.²⁶ The SLOI also expanded the Bureau's investigation to cover whether CPC had consummated a transaction transferring certain assets and customers of Protocall to CPC prior to receiving approval from WCB and IB.²⁷

9. On January 11, 2019, the Company filed a response to the SLOI, claiming that it did not provide the Disability Access information required in Section VII of the Annual ICS Report because it does not charge for TTY calls.²⁸ However, the Company failed to provide justification as to why it had not included other information required by Section VII, beyond pricing for TTY calls, such as the number of TTY-based ICS calls provided per facility, the number of dropped TTY-based calls during the reporting period, and the number of complaints received during the reporting period.²⁹ Also in its

The Commission's adjudication of any such complaint will be based solely on the record developed in that proceeding. Except as expressly provided in this Consent Decree, this Consent Decree shall not prevent the Commission from investigating new evidence of noncompliance by the Company with the Communications Laws.

24. **Civil Penalty.** The Company agrees to pay a civil penalty to the United States Treasury in the amount of sixty thousand dollars (\$60,000). Such payment shall be made in 60 installments (each an Installment Payment). 27. Interest, Charges for Collection, and Acceleration of Maturity Date. After an Event of Default has occurred under this Consent Decree, the then unpaid amount of the settlement amount shall accrue interest, computed using the U.S. Prime Rate in effect on the date of the Event of Default plus 4.75 percent, from the date of the Event of Default until payment in full. Upon an Event of Default, the then unpaid amount of the settlement amount, together with interest, any penalties permitted and/or required by the law, including but not limited to 31 U.S.C. § 3717 and administrative charges, plus the costs of collection, litigation, and attorneys’ fees, shall become immediately due and payable, without notice, presentment, demand, protest, or notice of protest of any kind, all of which are waived by CPC.

29. **Severability**. The Parties agree that if any of the provisions of the Consent Decree shall be held unenforceable by any court of competent jurisdiction, such unenforceability shall not render unenforceable the entire Consent Decree, but rather the entire Consent Decree shall be construed as if not containing the particular unenforceable provision or provisions, and the rights and obligations of the Parties shall be construed and enforced accordingly.

30. **Invalidity**. In the event that this Consent Decree in its entirety is rendered invalid by any court of competent jurisdiction, it shall become null and void and may not be used in any manner in any legal proceeding.

31. **Subsequent Rule or Order**.
