FCC ANNOUNCES THE RECHARTERING OF THE COMMUNICATIONS SECURITY, RELIABILITY, AND INTEROPERABILITY COUNCIL FOR A SEVENTH TWO-YEAR TERM AND SOLICITS NOMINATIONS FOR MEMBERSHIP

The Federal Communications Commission (Commission) announces the rechartering of the Communications Security, Reliability, and Interoperability Council (CSRIC or Council), which will provide advice and recommendations to the Commission to improve the security, reliability, and interoperability of the nation's communications systems. By this *Public Notice*, we seek nominations for membership on and a Chairperson for this Committee. The Commission has established the CSRIC for a period of two (2) years, with an expected first meeting in June of 2019.

Nominations for membership must be submitted to the FCC no later than Wednesday, May 8, 2019. Procedures for submitting nominations are set forth below.

MISSION

The Council may consider several issues including, but not limited to: (1) the reliability of communications systems and infrastructure; (2) 911, Enhanced 911 (E911), and Next Generation 911 (NG911); (3) emergency alerting; and (4) national security/emergency preparedness (NS/EP) communications. The CSRIC will be organized under, and will operate in accordance with, the provisions of the Federal Advisory Committee Act (FACA).¹ As authorized by FACA, the Committee is authorized to facilitate its work through informal subcommittees, or other subgroups of the Committee, which shall report their activities and recommendations to the Committee as a whole.

WHO MAY APPLY FOR MEMBERSHIP

The Commission seeks applications from representatives of various sectors of the communications industry, representatives of state and local government agencies and organizations, and representatives of consumers and community organizations that wish to be considered for membership on the CSRIC. The Commission is particularly interested in receiving nominations and expressions of interest from individuals and organizations in the following categories:

- State, tribal, territorial and/or local government agencies and organizations with expertise in communications, public safety, emergency management and/or homeland security matters;
- Federal government agencies with expertise in communications, public safety, emergency management and/or homeland security matters;
- Communications service providers and/or industry organizations representing communications service providers (to include representation by different types of communications provider interests, e.g., wireless, wireless, broadcast radio and television, and by including representation by smaller and rural providers);

¹ 5 U.S.C. App. 2.

- Developers of software applications and operating systems for mobile and desktop computing devices;
- Developers of mobile devices;
- Developers of new technologies;
- Organizations and other entities representing users of communications systems, such as organizations representing the business, finance, energy, education, health care, and similar sectors;
- Consumer or community organizations, such as those representing people with disabilities, the elderly, those living in rural areas, and those representing populations that speak, as their primary language, languages other than English;
- Qualified representatives of other stakeholders and interested parties with relevant expertise regarding the subject matter.

Members will be selected to balance the expertise and viewpoints that are necessary to effectively address the issues to be considered by the Committee. Members are appointed as representatives of the communications industry, representatives of federal, state, local and Tribal regulators, or representatives of consumers and community organizations. As appropriate, members may also be appointed for their individual expertise as “Special Government Employees.” Because Committee members seeking to serve in their individual capacities for their individual expertise may not be registered federal lobbyists, such nominees who are registered federal lobbyists will not be considered. Committee members will not be compensated for their service.

OBLIGATIONS OF MEMBERS AND COMMITTEE MEETINGS

Members will serve at the discretion of the Chairman of the Commission. Members will be encouraged to participate in deliberations of at least one (1) informal subcommittee or another subgroup, if any are established. The time commitment for participation in any informal subcommittee or other subgroup may be substantial. However, subcommittee or other subgroup meetings may be conducted informally, using suitable technology to facilitate the meetings, subject to oversight by the Designated Federal Officer of the CSRIC.

Meetings of the full Committee shall be open to the public and timely notice of each meeting shall be published in the Federal Register and shall be further publicized through other appropriate vehicles. All such meetings will be fully accessible to individuals with disabilities.

APPLICATION PROCEDURE, DEADLINE AND MEMBER APPOINTMENTS

All nominations should be received by the Commission as soon as possible, but no later than May 8, 2019.

No specific nomination form is required; however, each nomination must include the following information:

- Name, title, and organization of the nominee and a description of the organization, sector or other interest the nominee will represent;
- Nominee’s mailing address, e-mail address, and telephone number;
- A statement summarizing the nominee’s qualifications and reasons why the nominee should be appointed to the Committee;
- A statement, if the nominee will represent a specific organization, describing the organization as well as the benefit of having the organization represented on the Committee; and

- A statement confirming that the nominee, if seeking appointment for the individual's expertise and not as a representative of an organization or entity, is not a registered federal lobbyist.

For applicants seeking to represent an organization or company, the applicant's nomination to the Committee must be confirmed by an authorized person (e.g., organization or company official) that such organization or company wants the nominated person to represent it on the Committee. For example, this confirmation may be in the following format: "I am [insert official's name], the [insert official's title] at the [insert name of organization - e.g., company, government entity, trade association], with responsibilities for [concise description of position]. My organization would like [insert proposed member's name], who is currently [an employee of/consultant/attorney to the company] to serve as our representative on the Commission's Communications Security, Reliability, and Interoperability Council."

Please note this *Public Notice* is not intended to be the exclusive method by which the Commission will solicit nominations to identify qualified candidates; however, all candidates for membership on the Committee will be subject to the same evaluation criteria.

All nominations, including the requisite statements listed above, should be submitted by e-mail to CSRIC@fcc.gov.
