MEDIA BUREAU ACCEPTS FOR FILING DIVESTITURE APPLICATIONS IN PROCEEDING TO TRANSFER CONTROL OF TRIBUNE MEDIA COMPANY TO NEXSTAR MEDIA GROUP, INC., AND ESTABLISHES CONSOLIDATED PLEADING CYCLE

MB Docket No. 19-30

Petition to Deny Date: May 27, 2019

Opposition Date: June 11, 2019

Reply Date: June 18, 2019

Tribune Media Company (Tribune) and Nexstar Media Group, Inc. (Nexstar and, jointly with Tribune, Applicants), in connection with their previously filed applications seeking consent to the transfer of control of subsidiaries of Tribune holding the licenses of full-power broadcast television stations (and related broadcast auxiliary facilities), low-power television stations, TV translator stations, and radio stations to Nexstar (Merger),¹ have filed a new set of applications (Divestiture Applications) with the Federal Communications Commission (Commission) to divest certain stations to Scripps Media, Inc. (Scripps), Tegna, Inc. (Tegna), and Circle City Broadcasting I, Inc. (CCB).² Because this proceeding involves multiple transactions in multiple markets, and requires coordinated timing to effectuate divestitures of certain stations that are necessary for approval of the overall transaction, we find that consolidated processing of the Divestiture Applications, and their incorporation into this docket, will result in administrative efficiency and ensure a comprehensive record in this proceeding.³

¹ See *Media Bureau Establishes Pleading Cycle for Applications to Transfer Control of Tribune Media Company to Nexstar Media Group, Inc. and Permit-But-Disclose Ex Parte Status for the Proceeding*, MB Docket 19-30, DA 19-82 (MB 2019) (*February Public Notice*). On April 19, The Applicants also filed amendments (Amended Applications) to their original set of applications (Original Applications).

² A list of the Divestiture Applications can be found in Attachment A to this Public Notice. Copies of the applications are available in Commission's Consolidated Database System (CDBS). All the applications listed in Attachment A have been accepted for filing.

³ In connection with the Merger, Tribune has exercised its right under an Option Agreement dated December 27, 2013, to acquire control of the licenses of WTKR, WGNT and WNEP-TV from Dreamcatcher Broadcasting, LLC (Dreamcatcher). Concurrently with consummation of the Merger and subject to Commission approval, Tribune and Dreamcatcher will consummate the transfer of control of the WTKR, WGNT and WNEP-TV licenses from Dreamcatcher to Tribune, and (1) the licensee of WTKR and WGNT will consummate the assignment of those stations' licenses to Scripps, and (2) the licensee of WNEP-TV will consummate the assignment of that station's license to TEGNA. Amended Comprehensive Exhibit at 2, n. 9. Applications for consent to the WTKR, WGNT and WNEP-TV transactions have been filed with the Commission and are listed in Attachment A. Those applications are also incorporated into MB Docket 19-30 and will be governed by the pleading cycle that we establish today.

The Commission accepted the Original Applications for filing on January 28, 2019.⁴ Under the proposed Merger, Nexstar would acquire all outstanding equity interests of Tribune in an all cash transaction.⁵ Subject to Commission approval of the Merger, Titan Merger Sub, Inc., a wholly-owned subsidiary of Nexstar, would merge with and into Tribune, with Tribune continuing as the surviving corporation, and Tribune would become a wholly-owned subsidiary of Nexstar.⁶ Also subject to Commission approval, the new entity would divest a group of stations to Scripps, Tegna, and CCB.

As explained more fully in the Amended Comprehensive Exhibit, in thirteen Nielsen Designated Market Areas (DMAs), Nexstar and Tribune both own full-power television stations (Overlap Markets).⁷ The Local Television Ownership Rule allows an entity to own two television stations licensed in the same Designated Market Area (DMA) if: (1) the digital noise limited service contours of the stations (as determined by section 73.622(e) of the Commission's rules) do not overlap; or (2) at the time the application to acquire or construct the station(s) is filed, at least one of the stations is not ranked among the top-four stations in the DMA, based on the most recent all-day (9 a.m.-midnight) audience share, as measured by Nielsen Media Research or by any comparable professional, accepted audience ratings service.⁸ With respect to the latter provision—the Top-Four Prohibition—an applicant may request that the Commission examine the facts and circumstances in a market regarding a particular transaction, and based on the showing made by the applicant in a particular case, find that application of the Top-Four Prohibition is not warranted, permitting an entity to directly or indirectly own, operate, or control two top-four television stations licensed in the same DMA.⁹ The applicant bears the burden of demonstrating that the application of the Top-Four Prohibition is not in the public interest because the proposed top-four combination would result in no more than a minimal reduction in competition, which is outweighed by public interest benefits.¹⁰

The Applicants state that in two Overlap Markets the Transaction would create a permissible combination by combining a top-four station and a non-top-four station.¹¹ In the other eleven markets (Top-Four Overlap Markets), prior to divestitures, the Transaction would create combinations of two top-four stations.¹² In ten of the Top-Four Overlap Markets, the Applicants will not seek to make a top-four showing and seek Commission approval of the divestiture of one top-four station to either Scripps or Tegna.¹³ In the remaining Top-Four Overlap Market, Indianapolis, Indiana, where Nexstar is acquiring an existing top-four combination from Tribune, the Applicants have submitted a top-four showing and

seek permission for Nexstar to retain the two Tribune stations while divesting its existing stations in that market.¹⁴ The Applicants committed “to divest stations sufficient to ensure that the post-merger company will comply with the Duopoly Rule” in the Original Applications.¹⁵ The Applicants assert that the proposed divestitures will bring the merger into compliance with the Local Television Ownership Rule, subject to Commission approval of their Top-Four showing in the Indianapolis DMA.¹⁶

According to the Applicants, the proposed transaction as originally filed would have resulted in Nexstar exceeding the national television ownership limit by 8.1365% absent any divestitures.¹⁷ The national ownership limit prohibits the transfer of a license for a commercial broadcast station if the transfer would result in the transferee having an attributable interest in television stations that reach greater than 39% of the national audience.¹⁸ In the Original Applications, the Applicants committed to file “[a]pplications to divest stations sufficient to comply with the National Television Ownership Limit ... as soon as divestiture plans are finalized.”¹⁹ In the Amended Comprehensive Exhibit, the Applicants represent they have filed “applications to divest additional stations sufficient to bring the combined company’s audience reach to 39% or less.”²⁰ Specifically, the Applicants represent that Nexstar will have “an attributable interest in television stations reaching 38.2965% of the national audience.”²¹
