WIRELINE COMPETITION BUREAU ANNOUNCES RATE-OF-RETURN CARRIERS ELECTING INCENTIVE REGULATION FOR THEIR BUSINESS DATA SERVICES

WC Docket No. 17-144

By this Public Notice, the Wireline Competition Bureau (Bureau) announces that 37 rate-of-return carriers serving 88 study areas in 29 states notified the Bureau of their intention to elect incentive regulation beginning July 1, 2019, for their lower speed business data services (BDS) Time Division Multiplexed (TDM) transport and end user channel termination services pursuant to the *Rate-of-Return BDS Order*.¹ The electing carriers and related study areas are identified in the accompanying Appendix.

In the *Rate-of-Return BDS Order*, the Commission adopted a path for rate-of-return carriers that receive model-based or other forms of fixed high cost universal service support to voluntarily elect to transition their BDS offerings to incentive regulation. The Commission required electing carriers currently in the National Exchange Carrier Association (NECA) pool to notify NECA by March 1, 2019, of their intention to exit the NECA traffic-sensitive pool for their BDS offerings, and to notify the Bureau of their election by May 1, 2019, to be effective July 1, 2019.²

For further information, please contact Gregory Capobianco, Wireline Competition Bureau, Pricing Policy Division, at 202-418-0808, or at gregory.capobianco@fcc.gov.

-FCC-

¹ *Regulation of Business Data Services for Rate-of-Return Local Exchange Carriers et al.*, WC Docket Nos. 17-144 et al., Report and Order, Second Further Notice of Proposed Rulemaking, and Further Notice of Proposed Rulemaking, 33 FCC Rcd 10403 (2018) (*Rate-of-Return BDS Order*).

² See *id.* at 10445, para. 119. Rate-of-return carriers that receive model-based or other forms of fixed high cost universal service support also have the option of moving their BDS offerings to incentive regulation effective July 1, 2020 by notifying NECA of their intent to do so by March 1, 2020, and the Bureau of their election by May 1, 2020.
