ORDER

Adopted: August 26, 2019

Released: August 27, 2019

By the Deputy Chief, Enforcement Bureau:

1. The Enforcement Bureau (Bureau) of the Federal Communications Commission has entered into a Consent Decree to resolve its investigation into whether Seasons 4, Inc. d/b/a S4 Lights (S4) violated the Commission's rules by marketing light-emitting diode (LED) products without the required equipment authorization, labeling, and user manual disclosures, and by failing to produce certain required test records. These rules ensure that radio frequency devices marketed in the United States do not interfere with authorized communications, thereby maintaining network integrity and security and protecting consumers. To settle this matter, S4 admits that it violated the Commission's rules, will implement a compliance plan, and will pay a \$25,000 civil penalty.

2. After reviewing the terms of the Consent Decree and evaluating the facts before us, we find that the public interest would be served by adopting the Consent Decree and terminating the referenced investigation regarding S4's compliance with the equipment authorization, labeling, user manual disclosure, and record retention rules in effect at the time of the violations, section 302(b) of the Communications Act of 1934, as amended (Act),¹ and sections 2.803, 2.938, 2.955, 2.1077, 15.19, 15.21, 15.101, and 15.105 of the Commission's rules.²

3. In the absence of material new evidence relating to this matter, we do not set for hearing the question of S4's basic qualifications to hold or obtain any Commission license or authorization.³

4. Accordingly, **IT IS ORDERED** that, pursuant to section 4(i) of the Act,⁴ and the authority delegated by sections 0.111 and 0.311 of the Commission's rules,⁵ the attached Consent Decree **IS ADOPTED** and its terms incorporated by reference.

5. **IT IS FURTHER ORDERED** that the above-captioned matter **IS TERMINATED**.

II. BACKGROUND

3. Section 302 of the Act authorizes the Commission to promulgate reasonable regulations to minimize harmful interference by equipment that emits radio frequency energy.⁷ Specifically, section 302(b) of the Act provides that “[n]o person shall manufacture, import, sell, offer for sale, or ship devices or home electronic equipment and systems, or use devices, which fail to comply with regulations promulgated pursuant to this section.”⁸ The purpose of section 302 of the Act is to ensure that radio transmitters and other electronic devices meet certain standards in order to control interference before they reach the market.

4. The Commission carries out its responsibilities under section 302 of the Act in two ways. First, the Commission establishes technical requirements for transmitters and other equipment to minimize their potential for causing interference to authorized radio services. Second, the Commission administers an equipment authorization program to ensure that equipment reaching the market in the United States complies with the technical and administrative requirements set forth in the Rules. The equipment authorization program requires, among other things, that radio frequency devices must be tested for compliance with the applicable technical requirements prior to marketing.⁹ In that regard, section 2.803(b) of the Rules prohibits the marketing of radio frequency devices unless the device has

first been properly authorized, identified, and labeled in accordance with the Rules, with limited exceptions.¹⁰

5. S4 is a Virginia-based corporation that markets custom light-emitting diode (LED) lighting displays to theme parks, municipalities, botanical gardens, malls, zoos, and other venues.¹¹ On November 30, 2017, the Bureau's Spectrum Enforcement Division received a complaint alleging that S4's lighted Christmas tree display at the Columbus Zoo and Aquarium had caused harmful interference to authorized wireless communications in Powell, OH. After reviewing the complaint, the Spectrum Enforcement Division issued a Letter of Inquiry (LOI) to S4 on January 16, 2018, directing it to submit a sworn written response to a series of questions relating to its marketing of LED lighting products.¹² The investigation revealed that S4 violated the Equipment Marketing Rules by marketing LED lighting products¹³ without the required equipment authorization, labeling, and user manual disclosures,¹⁴ and by failing to produce certain required test records.¹⁵

6. After receiving the LOI, S4 began the process of bringing its noncompliant radio frequency devices into compliance with the Rules by obtaining authorizations for models that had not been properly authorized and by marketing authorized devices with proper labels and user manual disclosures.¹⁶ The Company achieved compliance with the relevant Equipment Marketing Rules in February 2019 for the LED lighting products at issue.¹⁷

7. The Bureau and S4 negotiated the following terms and conditions of settlement and hereby enter into this Consent Decree.

The Bureau also agrees that, in the absence of new material evidence, it will not use the facts developed in the Investigation through the Effective Date, or the existence of this Consent Decree, to institute on its own motion any proceeding, formal or informal, or to set for hearing the question of S4's basic qualifications to be a Commission licensee or hold Commission licenses or authorizations.¹⁸

12. **Admission of Liability.** S4 admits for the purpose of this Consent Decree and for Commission civil enforcement purposes, and in express reliance on the provisions of paragraph 11 herein, that its actions described in paragraph 5, herein, violated the Equipment Marketing Rules in effect during the Investigation.

- (b) **Compliance Manual.** Within sixty (60) calendar days after the Effective Date, the Compliance Officer shall develop and distribute a Compliance Manual to all Covered Employees. The Compliance Manual shall explain the Equipment Marketing Rules and set forth the Operating Procedures that Covered Employees shall follow to help ensure S4's compliance with the Equipment Marketing Rules. S4 shall periodically review and revise the Compliance Manual as necessary to ensure that the information set forth therein remains current and accurate. S4 shall
