## WIRELINE COMPETITION BUREAU AND CONSUMER AND GOVERNMENTAL AFFAIRS BUREAU SEEK COMMENT ON TECHNICAL REQUIREMENTS FOR REASSIGNED NUMBERS DATABASE

CG Docket No. 17-59

**Comments Due: February 24, 2020**  
**Reply Comments Due: March 9, 2020**

By this Public Notice, as directed by the Commission, the Wireline Competition Bureau and Consumer and Government Affairs Bureau (Bureaus) seek comment on the Technical Requirements Document for the Reassigned Numbers Database (Database) recently approved by the North American Numbering Council (NANC).<sup>1</sup>

On December 13, 2018, the Commission released a Second Report and Order on *Advanced Methods to Target and Eliminate Unlawful Robocalls*.<sup>2</sup> In the *Order*, the Commission addressed the problem of unwanted calls to consumers with numbers reassigned from a previous consumer. Specifically the Commission established a single, comprehensive database that will contain reassigned number information from each provider that obtains North American Numbering Plan U.S. geographic numbers and toll free numbers.<sup>3</sup> The Database will enable a caller to determine whether a telephone number has been reassigned and thus avoid calling consumers with reassigned numbers who may not wish to receive their call.<sup>4</sup>

To establish the Database, the Commission directed the NANC, the Commission's federal advisory committee on numbering issues, to develop a Technical Requirements Document for the Database for review by the Commission.<sup>5</sup> The NANC approved its recommended Technical Requirements Document at its January 13, 2020 meeting and submitted it to the Bureaus that day.
