Standard Questions for Section 310(b) Petition for Declaratory Ruling Involving a Common Carrier Wireless or Common Carrier Earth Station Licensee

Petitioner:

FCC File Number(s):

Purpose: This list of standard questions solicits the initial information that the Committee for the Assessment of Foreign Participation in the United States Telecommunications Services Sector (Committee) will review in connection with any referral of the above-referenced application by the Federal Communications Commission (FCC) in order to assess any national security and law enforcement concerns raised by the application. After review, the Committee may request additional information, including through tailored questions. The 120-day initial review period will typically start on the date the Chair of the Committee determines that your responses to these standard questions and any tailored questions, when required, are complete. If the Committee determines no tailored questions are necessary, the 120-day initial review period will start no more than 30 days after the FCC's referral, on the date the Committee informs the FCC that the responses to the standard questions are complete and that no tailored questions are required. If you fail to provide timely responses to any Committee requests for information, the Committee may recommend that the FCC dismiss the application without prejudice.

Dissemination of Information: The information received by the Committee pursuant to 47 CFR § 1.40003 and any subsequent requests for information by the Committee may be shared and used in accordance with Section 8 of Executive Order 13913 of April 4, 2020, Establishing the Committee for the Assessment of Foreign Participation in the United States Telecommunications Services Sector, 85 Fed. Reg. 19643 (Apr. 8, 2020).

Instructions

- 1) **Who Must Respond to this Questionnaire:** A Petitioner that seeks to obtain (a) a section 310(b)(3) or 310(b)(4) foreign ownership ruling in connection with an application for a new common carrier wireless or common carrier earth station license(s), or (b) a new or modified 310(b)(3) or 310(b)(4) foreign ownership ruling in connection with an application for assignment, transfer of control, or other change in ownership or control of the Licensee must respond to this questionnaire. In the case of (b), a Petitioner must provide information pertaining to the post-transaction ownership, structure, and operations of the Licensee and Relevant Parties. As used in this questionnaire, the term "Licensee" refers to both an Applicant for a common carrier wireless or common carrier earth station license and an existing licensee.
- 2) **Complete all Sections:** When a "Yes" answer is indicated, provide further information as appropriate. The questions seek further details regarding the Applicant and security-related practices and some questions are particularly directed at identifying and assessing the complete scope of the equipment that the Applicant will be operating and the services the Applicant will be offering should the FCC grant those authorities.
- 3) **Response Format:** Uniquely and sequentially Bates-number your responses to the standard questions, including any attachments, with an endorsement on each page. The Bates number must be a unique,

consistently formatted identifier; the number of digits in the numeric portion of the format should not change in subsequent productions, if any, nor should spaces, hyphens, or other separators be added or deleted. Produce any Excel documents in native format (if desired, you may also produce a PDF version for record keeping purposes).

- 4) **Identify Sensitive Information:** Specifically identify answers or documents for which a claim of privilege or confidentiality is asserted based on the information containing trade secrets or commercial or financial information. If there are multiple applicants, each applicant should also clearly mark any answers or documents that contain sensitive information that should not be disclosed to the other applicants. Personally Identifiable Information (PII) may be submitted in a separate attachment. The PII Supplement is Attachment G.
- 5) **Individuals' names:** For names that follow different naming conventions, such as the use of surnames as first names (e.g., Korean names), or the use of mother's last name as one of two last names that are often hyphenated (e.g., Spanish names), follow standard English convention for purposes of completing this information. For example, if the name is Kim Chul-su, write "Chul-su Kim" in the form. If the name in Spanish is Juan Garcia-Reyes, write "Juan Garcia Reyes."
- 6) **Residential Addresses:** Contract mail receipt locations, post office boxes, co-working or shared virtual locations may not be used in lieu of residence addresses.
- 7) **Business Addresses:** For each business address, clearly indicate whether the address is a shared business venue, co-working location, virtual office, or traditional physical office.
- 8) **Obligation to Update:** The Applicant must inform the Committee if there is any material change to any of the information provided in the Applicant's responses while the Committee's review is ongoing, including, but not limited to, changes in ownership, equipment, and Communications Assistance for Law Enforcement Act (CALEA) compliance.
- 9) **Definitions** – These terms, as used in this questionnaire, have the following definitions:
 - A "Controlling Interest" is generally a 50% or greater Ownership Interest (either equity or voting). Also, a Controlling Interest shall be determined on a case-by-case basis considering the distribution of ownership, and the relationships of the owners, including family relationships. The term Controlling Interest includes Individuals or Entities with positive or negative *de jure* or *de facto* control of the Applicant/Licensee. *De jure* control includes holding 50% or more of the voting stock of a corporation or holding a general partnership interest in a partnership. Ownership Interests that are held indirectly by any party through one or more intervening corporations may be determined by successive multiplication of the ownership percentages for each link in the vertical ownership chain except that if the ownership percentage for an interest in any link in the chain is equal to or exceeds 50% or represents actual control, it may be treated as if it were a 100% interest. *De facto* control is determined on a case-by-case basis. Examples of *de facto*, or actual, control include constituting or appointing 50% or greater of the board of directors or management committee; having authority to appoint, promote, demote, and fire senior executives that control the day-to-day activities of the Applicant/Licensee; or playing an integral role in management decisions. In the case of a consortium, each member of the consortium shall be considered to have a Controlling Interest in the consortium.
 - "Ultimate Owner" and "Ultimate Parent" refer to the Entity or Individual that ultimately owns and controls the Applicant/Licensee.
 - "Immediate Owner" refers to the Entity or Individual in the vertical ownership chain that immediately owns and controls the Applicant/Licensee. In other words, the Immediate

Owner is the Entity or Individual in the ownership chain that is closest to the Applicant/Licensee.

- An Entity or Individual with an “Ownership Interest” is any entity in the ownership chain with more than a 5% attributable interest in the Applicant/Licensee, including the “Ultimate Owner/Parent” to the “Immediate Owner,” and all Controlling Interest holders. Note that Controlling Interests include *de facto* control, for which equity and/or voting ownership may be below 5%.
- “Corporate Officer” refers to any Individual hired or appointed by the Entity’s board of directors that has actual or apparent authority to exercise day-to-day management responsibilities over an Entity.
- “Director” refers to any Individual serving on an Applicant’s board of directors or similar governing body organized to set policies for corporate management of or oversight for an Applicant/Licensee.
- “Entity” includes a partnership, association, estate, trust, corporation, limited liability company, consortium, joint venture, governmental authority, or other organization.
- An “Equity Interest Holder” is any Individual or Entity that has the right to receive or the power to direct the receipt of dividends from, or the proceeds from the sale of, a share or other ownership stake in the Applicant/Licensee.
- The term “Foreign Government” includes any person or group of persons exercising sovereign *de facto* or *de jure* political jurisdiction over any country, other than the United States, or over any part of such country, and includes any subdivision of any such group and any group or agency to which such sovereign *de facto* or *de jure* authority or functions are directly or indirectly delegated. Such term shall include any faction or body of insurgents within a country assuming to exercise governmental authority whether such faction or body of insurgents has or has not been recognized by the United States.
- “Individual” refers to a natural person, as distinguished from an Entity.
- A “Non-U.S. Individual” is an Individual who is not a U.S. citizen.
- An “Owner” is an Individual or Entity that holds an Ownership Interest in the Applicant/Licensee.
- An “Ownership Interest” is a 5% or greater equity (non-voting) and/or voting interest, whether directly or indirectly held, or a Controlling Interest in the Applicant, and includes the ownership in the ultimate parent/owner of the Applicant and any other Entity(ies) in the chain of ownership (i.e., all entities that exist in the ownership structure between the Applicant itself and its ultimate parent).
- “Senior Officer” refers to the Chief Executive Officer, President, Chief Financial Officer, Chief Information Officer, Chief Technical Officer, Chief Operating Officer, or any other similarly situated Individual that has actual or apparent authority to act on behalf of the Entity.
