WIRELESS TELECOMMUNICATIONS BUREAU ANNOUNCES THAT APPLICATIONS FOR AUCTION 103 LICENSES ARE ACCEPTED FOR FILING

On March 5, 2020, the Federal Communications Commission (“Commission”) completed the auction of flexible-use licenses in the Upper 37 GHz Band, 39 GHz Band, and 47 GHz Band (Auction 103), and it announced the results on March 12, 2020.¹ The long-form applications (FCC Form 601) for the Auction 103 licensees were due on March 26, 2020. The long-form applications listed in Attachment A have been found, upon initial review, to be acceptable for filing.² The Commission may return or dismiss the applications, however, if upon further examination, they are found to be defective or not in conformance with the Commission’s rules.³ The Commission’s review of the long-form applications of other winning bidders in Auction 103 is ongoing.

Petitions to deny the applications listed in Attachment A must be filed no later than **May 11, 2020**, ten (10) days after the date of this Public Notice.⁴ Oppositions to a petition to deny must be filed no later than **May 18, 2020**, five (5) business days after the filing date for petitions to deny. Replies to oppositions must be filed no later than **May 26, 2020**, five (5) business days after the filing date for oppositions. All pleadings filed regarding any of these Auction 103 long-form applications should reference the file number of the application. Each application is a restricted proceeding under the Commission’s rules.⁵ A petitioner shall serve a copy of its petition to deny on the applicant and on all other interested parties pursuant to 47 CFR § 1.47. Oppositions and replies shall be served on the petitioner and all other interested parties.⁶

Pleadings may be filed electronically through the Commission’s Universal Licensing System (ULS), or by paper pursuant to the following instructions. Parties are strongly encouraged to file electronically using ULS.
