**ORDER**

**Adopted: August 14, 2020**

**Released: August 14, 2020**

By the Deputy Chief, Enforcement Bureau:

1. The Federal Communications Commission (Commission) takes seriously its role in preserving the environment and historic properties. As such, before starting construction of certain wireless facilities, licensees or applicants for a Commission authorization must first assess whether the facility may have a significant impact on the environment or historic properties.<sup>1</sup> Commission rules also direct these entities to coordinate with relevant state and federal government offices and tribal nations. These requirements promote the nationwide deployment of wireless facilities while respecting other important federal, state, and sovereign tribal interests. Entities that unilaterally choose to begin construction of wireless facilities prior to completing Commission-required environmental and historic preservation reviews violate federal law and disrespect jurisdictional authorities.

2. The Commission’s Enforcement Bureau (Bureau) has therefore entered into a Consent Decree to resolve the Bureau’s investigation into allegations that Public Service Towers, Inc. (PS Towers) constructed a wireless facility without complying with the Commission’s environmental and historic preservation rules, including rules implementing the National Environmental Policy Act of 1969 (NEPA) and the National Historic Preservation Act (NHPA).<sup>2</sup> To settle this matter, PS Towers admits that it violated the Commission’s environmental and historic preservation rules, will implement a robust compliance plan to ensure that it does not violate these rules in the future, and will pay a \$16,000 civil penalty. This action will promote the Commission’s goals of protecting the environment and historic properties by ensuring that licensees or applicants conduct the requisite environmental and historic preservation review before starting construction of a proposed facility.

3. After reviewing the terms of the Consent Decree and evaluating the facts before us, we find that the public interest would be served by adopting the Consent Decree and terminating the referenced investigation regarding PS Towers’s compliance with environmental protection and historic preservation requirements found in NEPA and NHPA, and sections 1.1307 and 1.1312 of the Commission’s rules.<sup>3</sup>

<sup>1</sup> See 47 CFR § 1.1301 *et seq.*

<sup>2</sup> See National Environmental Policy Act of 1969, Pub. L. No. 91-190, 83 Stat. 852 (1970) (codified as amended at 42 U.S.C. § 4321 *et seq.*) (NEPA); National Historic Preservation Act, Pub. L. No. 89-665, 80 Stat. 915 (1966) (codified as amended at 54 U.S.C. § 300101 *et seq.*) (NHPA).

<sup>3</sup> 47 CFR §§ 1.1307, 1.1312. This consent decree is limited to resolving violations of the environmental and historic preservation rules and does not represent completion of the required environmental review process for the wireless facility at issue.

4. In the absence of material new evidence relating to this matter, we do not set for hearing the question of PS Towers's basic qualifications to hold or obtain any Commission license or authorization.<sup>4</sup>

5. Accordingly, **IT IS ORDERED** that, pursuant to section 4(i) of the Act<sup>5</sup> and the authority delegated by sections 0.111 and 0.311 of the Commission's rules,<sup>6</sup> the attached Consent Decree **IS ADOPTED** and its terms incorporated by reference.

6. **IT IS FURTHER ORDERED** that the above-captioned matter **IS TERMINATED** in accordance with the terms of the attached Consent Decree.

7. **IT IS FURTHER ORDERED** that a copy of this Order and Consent Decree shall be sent by first class mail and certified mail, return receipt requested, to Mr. E. Kelly Bond, President, Public Service Towers, Inc., 104 Winston Street Reynolds, GA 31076, and to Gregory W. **CONSENT DECREE**

1. The Federal Communications Commission (Commission) requires that licensees or applicants for a Commission authorization complete environmental and historic preservation reviews, prior to any construction of a proposed wireless facility, so that the Commission may ascertain whether the proposed facility might adversely affect the environment or an historic property. Failure to undertake such reviews may pose a risk of adverse effects on the environment or historic properties. In furtherance of these objectives, the Commission’s Enforcement Bureau and Public Service Towers, Inc. (PS Towers), by their authorized representatives, hereby enter into this Consent Decree for the purpose of terminating the Enforcement Bureau’s investigation into whether PS Towers violated sections 1.1307 and 1.1312 of the Commission’s rules in connection with its construction of a wireless telecommunications facility before completing the required environmental and historic preservation reviews. To settle this investigation, PS Towers admits that it violated the Commission’s rules, will implement a compliance plan, and will pay a \$16,000 civil penalty.

## II. BACKGROUND

3. Under the Commission’s Environmental Rules, applicants and licensees are required to assess whether proposed facilities may significantly affect the environment, as defined in section 1.1307 of the Rules.<sup>5</sup> Section 1.1307(a) addresses facilities that may significantly affect the environment, including those that: (a) affect threatened or endangered species or their critical habitats, or are likely to jeopardize proposed threatened or endangered species, or destroy or adversely modify proposed critical habitats; (b) may affect districts, sites, buildings, structures or objects that are listed, or eligible for listing, in the National Register; (c) may affect Native American religious sites; or (d) will involve significant change in surface features.<sup>6</sup> In considering potential effects on historic properties, section 1.1307(a)(4) requires applicants to follow the prescribed procedures set forth in the rules of the Advisory Council on Historic Preservation (Advisory Council),<sup>7</sup> as modified by the Nationwide Programmatic Agreement for the Collocation of Wireless Antennas (Collocation Agreement)<sup>8</sup> and the Nationwide Programmatic

<sup>5</sup> As part of the assessment, a licensee or applicant must consider several factors, including, but not limited to, whether the site of the proposed tower will be located in an officially designated wilderness area or wildlife preserve, or whether the proposed site may affect listed threatened or endangered species or designated critical habitats. *See* 47 CFR § 1.1307. Agreement Regarding the Section 106 National Historic Preservation Act Review Process (NHPA).<sup>9</sup> These agreements tailor and streamline the review and consultation procedures routinely required by the NHPA<sup>10</sup> and the implementing regulations issued by the Advisory Council.

4. PS Towers is an FCC licensee within the State of Georgia. In the spring of 2018, PS Towers engaged an independent contractor to plan and manage the construction of a proposed wireless facility in Georgia (Georgia Tower), including completion of the required environmental and historic preservation reviews. The contractor then hired an environmental consultant to ascertain whether the Georgia Tower would significantly affect the environment. In May 2019, the consultant notified the Commission's Wireless Telecommunications Bureau that PS Towers constructed the Georgia Tower prior to completing the environmental and historic preservation reviews. The Wireless Telecommunications Bureau referred the matter to the Bureau. The Bureau's Spectrum Enforcement Division opened the Investigation and issued a Letter of Inquiry to PS Towers, directing the Company to submit sworn written responses to a series of questions relating to PS Towers's compliance with the Commission's Environmental Rules.<sup>11</sup> PS Towers filed a response to the Letter of Inquiry on October 15, 2019 (PS Towers Response). In the PS Towers Response, the Company admits that it completed construction of the Georgia Tower by late April 2019, before completing the requisite environmental and historic preservation reviews.<sup>12</sup>

5. The evidence in the record shows that PS Towers violated the Environmental Rules. Specifically, PS Towers failed to comply with tribal notification procedures and failed to obtain a concurrence of no adverse effect from the State Historic Preservation Office prior to breaking ground on the wireless facility. PS Towers also failed to review the potential for adverse effects to jurisdictional

<sup>10</sup> 54 U.S.C. § 300101 *et seq.* The NHPA requires that a federal agency consider the effects of its federal undertakings, including actions that it authorizes or approves, on historic properties prior to issuing federal licenses, permits, or approvals. *See* 54 U.S.C. §§ 306108, 300320. This review is commonly referred to as "Section 106 Review" because the provision requiring the review was originally enacted as section 106 of the NHPA. In considering such effects, the NHPA further requires the federal agency to consider the views of expert agencies. Specifically, the NHPA requires the federal agency to consider the views of the Advisory Council on Historic Preservation (Advisory Council), which is the federal agency responsible for implementing the NHPA; the appropriate State Historic Preservation Officer; and, if historic properties of religious or cultural significance to federally recognized tribal nations or Native Hawaiian organizations may be affected, their representatives. *See* 54 U.S.C. §§ 302104, 302706, 306108, 304101. As authorized by the Advisory Council, the Commission's Environmental Rules delegate to its licensees, permittees, and applicants initial responsibility for identifying historic properties and evaluating the effects that their proposed facilities may have on such properties, but the Commission remains ultimately responsible for ensuring that the "Section 106 Review" occurs in accordance with applicable statutory and regulatory provisions, as well as for government-to-government consultation with federally recognized tribal nations. *See* 47 CFR § 1.1307(a)(4); *see also* 36 CFR § 800.2(a)(3); *NPA Report and Order*, 20 FCC Rcd at 1076-77, para. 5.

10. **Scope of Termination.** PS Towers and the Bureau agree and acknowledge that this Consent Decree is limited to resolving current violations of the Environmental Rules with respect to the Georgia Tower. The Parties agree that the execution of this Consent Decree does not represent completion of the required environmental review process for the facility and does not alter the licensing or authorization status of the facility. The Parties further agree that this Consent Decree does not excuse PS Towers from taking further action identified by the Wireless Telecommunications Bureau, if needed, in connection with the Environmental Rules.

PS Towers shall also develop a Compliance Checklist that describes the steps that a Covered Employee must follow to ensure compliance with the Environmental Rules.
- (b) **Compliance Manual.** Within sixty (60) calendar days after the Effective Date, the Compliance Officer shall develop and distribute a Compliance Manual to all Covered Employees. The Compliance Manual shall explain the Environmental Rules and set forth the Operating Procedures that Covered Employees shall follow to help ensure PS Towers's compliance with the Environmental Rules. PS Towers shall periodically review and revise the Compliance Manual as necessary to ensure that the information set forth therein remains current and accurate. PS Towers shall distribute any revisions to the Compliance Manual promptly to all Covered Employees.

All Covered Employees shall be trained pursuant to the Compliance Training Program within sixty (60) calendar days after the Effective Date, except that any person who becomes a Covered Employee at any time after the initial Compliance Training Program shall be trained within thirty (30) calendar days after the date such person becomes a Covered Employee. PS Towers shall repeat compliance training on an annual basis and shall periodically review and revise the Compliance Training Program as necessary to ensure that it remains current and complete and to enhance its effectiveness.

14. **Reporting Noncompliance.** PS Towers shall report any noncompliance with the Environmental Rules and with the terms and conditions of this Consent Decree within fifteen (15) calendar days after discovery of such noncompliance. Such reports shall include a detailed explanation of: (i) each instance of noncompliance; (ii) the steps that PS Towers has taken or will take to remedy such noncompliance; (iii) the schedule on which such remedial actions will be taken; and (iv) the steps that PS Towers has taken or will take to prevent the recurrence of any such noncompliance. Upon an Event of Default, the then unpaid amount of the Civil Penalty, together with interest, any penalties permitted and/or required by the law, including but not limited to 31 U.S.C. § 3717 and administrative charges, plus the costs of collection, litigation, and attorneys' fees, shall become immediately due and payable, without notice, presentment, demand, protest, or notice of protest of any kind, all of which are waived by PS Towers.

20. **Waivers.** As of the Effective Date, PS Towers waives any and all rights it may have to seek administrative or judicial reconsideration, review, appeal or stay, or to otherwise challenge or contest the validity of this Consent Decree and the Adopting Order. PS Towers shall retain the right to challenge Commission interpretation of the Consent Decree or any terms contained herein. If either Party (or the United States on behalf of the Commission) brings a judicial action to enforce the terms of the Consent Decree or the Adopting Order, neither PS Towers nor the Commission shall contest the validity of the Consent Decree or the Adopting Order, and PS Towers shall waive any statutory right to a trial *de novo*. PS Towers hereby agrees to waive any claims it may otherwise have under the Equal Access to Justice Act<sup>19</sup> relating to the matters addressed in this Consent Decree.

21. **Severability.** The Parties agree that if any of the provisions of the Consent Decree shall be held unenforceable by any court of competent jurisdiction, such unenforceability shall not render unenforceable the entire Consent Decree, but rather the entire Consent Decree shall be construed as if not containing the particular unenforceable provision or provisions, and the rights and obligations of the Parties shall be construed and enforced accordingly.

22. **Invalidity.** In the event that this Consent Decree in its entirety is rendered invalid by any court of competent jurisdiction, it shall become null and void and may not be used in any manner in any legal proceeding.

<sup>19</sup> See 5 U.S.C. § 504; 47 CFR §§ 1.1501–1.1530.

23. **Subsequent Rule or Order.** The Parties agree that if any provision of the Consent Decree conflicts with any subsequent Rule or order adopted by the Commission (except an order specifically intended to revise the terms of this Consent Decree to which PS Towers does not expressly consent) that provision will be superseded by such Rule or order.

24. **Successors and Assigns.** PS Towers agrees that the provisions of this Consent Decree shall be binding on its successors, assigns, and transferees.

25. **Final Settlement.** The Parties agree and acknowledge that this Consent Decree shall constitute a final settlement between the Parties with respect to the Investigation.

26. **Modifications.** This Consent Decree cannot be modified without the advance written consent of both Parties.

27. **Paragraph Headings.** The headings of the paragraphs in this Consent Decree are inserted for convenience only and are not intended to affect the meaning or interpretation of this Consent Decree.

28. **Authorized Representative.** Each Party represents and warrants to the other that it has full power and authority to enter into this Consent Decree. Each person signing this Consent Decree on behalf of a Party hereby represents that he or she is fully authorized by the Party to execute this Consent Decree and to bind the Party to its terms and conditions.

29. **Counterparts.** This Consent Decree may be signed in counterpart (including electronically or by facsimile). Each counterpart, when executed and delivered, shall be an original, and all of the counterparts together shall constitute one and the same fully executed instrument.
