MEDIA BUREAU SEEKS COMMENT ON THE APTS AND PBS PETITION FOR WAIVER OF NCE TRANSLATOR BASELINE CARRIAGE NOTICE REQUIREMENTS

MB Docket Nos. 17-105, 17-317

America's Public Television Stations (APTS) and the Public Broadcasting Service (PBS) (collectively, Petitioners) have filed a petition¹ requesting that the Media Bureau waive the Commission's requirement that qualified noncommercial educational (NCE) television translators email a "baseline" carriage notice, no later than October 1, 2020, to multichannel video programming distributors (MVPDs) on which they will be seeking or expecting carriage in the 2021-2023 carriage cycle.² Petitioners request relief from this one-time obligation, given the unique characteristics of NCE translators.

In 2019, the Commission adopted rules modernizing the carriage election notice rules for full power broadcast stations and sought comment on adopting similar rules for qualified low power television (LPTV) stations and NCE translators.³ Among other steps, these modernized rules require covered stations to send carriage notices to MVPDs via email and to place carriage election statements into their online public files.⁴ In the *2020 Report and Order*, the Commission noted that qualified LPTV and NCE translator stations do not currently maintain online public files and found that it would be unduly burdensome to require them to do so.⁵ In the alternative, in order to provide "baseline" information to MVPDs, the Commission directed both of these groups of stations to email one-time notifications, no later than October 1, 2020, to all MVPDs on which they expect to be carried in the 2021-2023 cycle.

Petitioners note that, unlike qualified commercial LPTV stations, qualified NCE translators may only elect must carry under the Communications Act of 1934, as amended.⁶ Accordingly, under the

status quo they are carried by MVPDs serving millions of Americans without the need to contact or provide information to those MVPDs.⁷ Petitioners assert that NCE translators do not even know, in many cases, which MVPDs are carrying them, and that no resource exists to easily determine this information.⁸ As a result, Petitioners contend, even emailing a one-time notice would impose a substantial burden, while providing no benefit to the public, to MVPDs, or to the translators themselves, and could potentially result in a loss of service.⁹ Therefore, Petitioners request that the Media Bureau waive the requirement that qualified NCE translator stations provide e-mail notice to all MVPDs that are or will be carrying the translator no later than October 1, 2020.¹⁰ We seek comment on Petitioners' request.
