Comments Due: September 17, 2021

Reply Comments Due: October 4, 2021

The Wireline Competition Bureau (Bureau) seeks comment on a petition filed by the Maine Public Utilities Commission (MPUC) on July 15, 2021 asking the Commission to direct the North American Numbering Plan Administrator to report on the technical, operational, and cost requirements to implement individual telephone number pooling for the 207 area code on a trial basis.<sup>1</sup> The MPUC further asks the Commission to grant, if found practical by the Administrator, its petition filed June 26, 2019,<sup>2</sup> joining a request by the New Hampshire Public Utilities Commission,<sup>3</sup> to implement a trial for individual telephone number pooling.<sup>4</sup> The New Hampshire petition requests authority to implement number optimization measures in the 603 area code, while the Maine petition requests authority to implement such measures in the 207 area code.
