## DEADLINES ESTABLISHED FOR FORM 477 FILINGS OF DATA AS OF JUNE 30, 2021

### WC Docket No. 11-10

On August 30, 2021, the Office of Economics and Analytics (Office) released a Public Notice extending the Form 477 filing deadline for data as of June 30, 2021 beyond the original September 1, 2021 date.<sup>1</sup> The Office provided this extension to allow filers time to focus on recovering from the effects of Hurricane Ida. With this Public Notice, the Office establishes the Form 477 filing deadlines.

On Sunday, August 29, 2021, Hurricane Ida struck the Gulf Coast of the United States as a Category 4 hurricane and has caused significant damage, including disruption to electricity and communications services. President Biden issued a major disaster declaration for Louisiana on August 29, 2021 and an emergency declaration for Mississippi on August 28, 2021.<sup>2</sup>

Consequently, we hereby extend the deadline to **October 1, 2021** for the submission of Form 477 data as of June 30, 2021 for *affected* filers in Louisiana and Mississippi. In this context, “affected” filers are those entities required to file Form 477 that operate facilities, or, in a significant manner essential to the business operation, rely on personnel, records, or financial institutions located in the parishes of Louisiana or the counties of Mississippi that the Federal Emergency Management Agency (FEMA) has designated as eligible for Individual or Public Assistance for the purposes of federal disaster relief as of the date of release of this Public Notice, which includes all parishes and counties in those states, to provide services or to conduct substantial business activities with the Commission.

For all other filers, we establish the deadline of **September 15, 2021** for their submission.

Information on how to file Form 477 is available on the FCC’s Form 477 Resources for Filers webpage at [www.fcc.gov/form477](http://www.fcc.gov/form477).
