ORDER

Adopted: September 29, 2021

Released: September 29, 2021

By the Chief, Enforcement Bureau:

1. The Enforcement Bureau (Bureau) of the Federal Communications Commission has entered into a Consent Decree with ViacomCBS Inc. (ViacomCBS) and its wholly owned subsidiary, Pluto Inc. (Pluto), to resolve its investigation into whether Pluto violated sections 79.4 and 79.103 of the Commission’s rules (Rules) pertaining to the closed captioning of video programming delivered through Pluto’s streaming service, Pluto TV. These rules require that all “nonexempt full-length video programming delivered using Internet Protocol must be provided with closed captions if the programming is published or exhibited on television in the United States with captions.”1 This enforcement action is brought under the internet closed captioning provisions of the Twenty-First Century Communications and Video Accessibility Act of 2010 (CVAA)2, and represents an important step toward meeting the CVAA’s goal of ensuring that “individuals with disabilities are able to fully utilize communications services and equipment and better access video programming.”3

2. To settle this matter, Pluto and ViacomCBS admit that their actions with respect to Pluto TV that were the subject of the Investigation violated the IP Closed Captioning Rules, will implement a compliance plan, and will pay a \$3,500,000 civil penalty.

3. After reviewing the terms of the Consent Decree and evaluating the facts before us, we find that the public interest would be served by adopting the Consent Decree and terminating the referenced investigation.

4. In the absence of material new evidence relating to this matter, we do not set for hearing the question of Pluto’s or ViacomCBS’ basic qualifications to hold or obtain any Commission license or authorization.4

5. Accordingly, **IT IS ORDERED** that, pursuant to section 4(i) of the Act<sup>5</sup> and the authority delegated by sections 0.111 and 0.311 of the Commission's rules,<sup>6</sup> the attached Consent Decree **IS ADOPTED** and its terms incorporated by reference.

6. **IT IS FURTHER ORDERED** that the above-captioned matter **IS TERMINATED** in accordance with the terms of the attached Consent Decree.

7. **IT IS FURTHER ORDERED** that any third-party complaints and allegations against Pluto related to the above-captioned investigation that are pending before the Bureau as of the date of this Consent Decree **ARE DISMISSED**.

8. **IT IS FURTHER ORDERED** that a copy of this Order and Consent Decree shall be sent by first class mail and certified mail, return receipt requested, to Darin Bassin, Executive Vice President & General Counsel, Pluto Inc., 700 N San Vicente Blvd, 9th floor, West Hollywood, CA 90069, and to Matthew DelNero, Counsel to Pluto Inc. and ViacomCBS Inc., Covington & Burling LLP, One CityCenter, 850 10th Street, NW, Washington, D.C. 20001.

## II. BACKGROUND

3. The CVAA “help[s] ensure that individuals with disabilities are able to fully utilize communications services and equipment and better access video programming.”<sup>10</sup> The CVAA applies broadly to the distributors, providers, and owners of IP-delivered Video Programming. Section 202(b) of

the CVAA, amending section 713 of the Act, directs the Commission to revise its regulations to require the closed captioning of IP-delivered Video Programming, and imposes requirements on certain Apparatus that receive or play back Video Programming (including certain recording devices).<sup>11</sup> Subject to a timeline set forth in the Rules, “[a]ll nonexempt full-length video programming delivered using Internet Protocol must be provided with closed captions if the programming is published or exhibited on television in the United States with captions.”<sup>12</sup> Most nonexempt full-length Video Programming delivered using Internet Protocol must be provided with closed captioning if the programming was published or exhibited with captions on television in the United States on or after September 30, 2013.<sup>13</sup> For uncaptioned programming that is in a Video Programming Distributor’s library, that is subsequently shown on television with captions, the Video Programming Distributor has 15 days to caption such programming.<sup>14</sup> The Rules provide a detailed timeline for captioning previously televised pre-recorded, live and near live, and full length programming and video clips.<sup>15</sup>

4. Video Programming Distributors must “[e]nable the rendering or pass through of all required captions to the end user.”<sup>16</sup> The Video Programming Distributor must maintain the quality of the captions provided by the Video Programming Owner and transmit captions in a format reasonably designed to reach the end user in that quality.<sup>17</sup> A Video Programming Distributor that provides applications, plug-ins, or devices in order to deliver Video Programming must comply with the requirements of section 79.103(c) and (d), which govern the technical display capabilities for IP closed captioning and interconnection on covered Apparatus.<sup>18</sup>

5. Video Programming Distributors are also required to use an agreed upon mechanism, which may include the use of certifications, for determining whether Video Programming from a Video Programming Owner is subject to the IP Closed Captioning Rules.<sup>19</sup> Further, Video Programming Distributors must “[m]ake contact information available to end users for receipt and handling of written closed captioning complaints.”<sup>20</sup>

<sup>11</sup> 47 U.S.C. § 303(u)(1), (z)(1). Closed captioning is the visual display of the audio portion of video programming.

<sup>18</sup> 47 CFR § 79.4(c)(2)(i). See also 47 CFR § 79.103(c) and (d) (setting forth the closed caption decoder requirements for Apparatus as well as the requirement that captions be formatted in a fashion that allows viewers to control the caption display, such as changing the font, character size, and background color).

<sup>19</sup> 47 CFR § 79.4(c)(2)(ii). A Video Programming Distributor or Video Programming Provider may rely in good faith on a certification by a Video Programming Owner that the Video Programming need not be captioned if the certification includes a clear and concise explanation of why captioning is not required and the Video Programming Distributor or Video Programming Provider is able to produce the certification to the Commission in the event of a complaint. *Id.*

<sup>20</sup> 47 CFR § 79.4(c)(2)(iii) (setting forth the obligations of Video Programming Distributors and Video Programming Providers to make contact information available to end users for the receipt and handling of written closed captioning complaints alleging violations of the IP Closed Captioning Rules).

6. The Internet has become central to the distribution of video programming. Consumers rely on a multitude of devices, including tablets, wireless phones, and game consoles, to access IP-delivered Video Programming.<sup>21</sup> Video Programming Distributors often make their programming available through their own websites or the distribution mechanisms of other parties through negotiated agreements.<sup>22</sup>

7. Pluto began offering service in March 2014.<sup>23</sup> Pluto offers free Video Programming through Pluto TV, which streams over the Internet via the Pluto TV app, Pluto's website, or another Platform.<sup>24</sup> As a Video Programming Distributor, Pluto must enable the rendering or pass through of all required captions to the end user, maintaining the quality of the captions provided by the Video Programming Owner.<sup>25</sup> If the Video Programming Owner's captioning allows consumers to customize caption features, Pluto must make that capability available as well. When Pluto delivers programming through its website, the embedded video player on its website qualifies as Apparatus and subjects Pluto to section 79.103 of the Rules.<sup>26</sup>

8. In January 2018 and thereafter, the Commission received several consumer Complaints alleging that the consumer could not get the closed captioning feature to work on Pluto TV.<sup>27</sup> The Consumer and Governmental Affairs Bureau attempted to informally resolve the Complaints by requiring Pluto to submit monthly progress reports to the Commission. In the reports, Pluto described its efforts to comply with the IP Closed Captioning Rules on the various Platforms that streamed Pluto TV.

9. On May 15, 2019, Pluto filed a Petition for Waiver of section 79.4 with respect to Pluto TV on certain Platforms.<sup>28</sup> On June 27, 2019, the Media Bureau put the Petition for Waiver on public notice.<sup>29</sup> The Media Bureau granted two requests to extend the comment period, including one in part

intended to provide Pluto with the opportunity to work with interested stakeholders on solutions.<sup>30</sup> In Comments filed on February 21, 2020, Pluto purported to withdraw its Petition for Waiver with respect to certain Platforms, reiterated its request concerning other Platforms, and sought guidance from the Commission and stakeholders with respect to Platforms where Pluto claimed that “compliance may not be reasonably feasible.”<sup>31</sup> On June 8, 2020, Pluto filed a letter to update the record, stating that it had sunset its programming several weeks prior on three Platforms for which Pluto had sought a waiver and requesting that the Media Bureau suspend further action on the Petition for Waiver.<sup>32</sup> On September 21, 2021, Pluto filed a Request to Withdraw its Petition for Waiver with the Media Bureau, which the Media Bureau granted contemporaneously with the Order adopting this Consent Decree.<sup>33</sup>

10. The Enforcement Bureau issued a Letter of Inquiry to Pluto on February 7, 2020.<sup>34</sup> Pluto responded on March 11, 2020.<sup>35</sup> The Investigation confirmed that Pluto had failed to comply with the IP Closed Captioning Rules when disseminating Video Programming on some Platforms.<sup>36</sup> Even after being reminded of its closed captioning obligations, after filing the Petition for Waiver, after receiving the LOI and throughout the Investigation, Pluto continued to offer Pluto TV on existing Platforms and initiated Pluto TV on several new Platforms without being in compliance with the IP Closed Captioning Rules. As a result of Pluto’s actions, individuals with hearing disabilities were unable to access closed captioning when viewing Pluto TV over some Platforms. The Bureau found that Pluto failed to: (a) enable the rendering or pass through of required captions provided by the Video Programming Owners on numerous Platforms used to disseminate Pluto TV, pursuant to section 79.4, (b) implement the closed captioning functionality requirements contained in section 79.103, and (c) make contact information available to end

11. During the waiver process and Investigation, Pluto failed to provide timely and accurate information to Commission staff. While Pluto appears to have had no intent to deceive or mislead the Commission, Pluto's failure to give timely and accurate information hindered the Media Bureau's ability to act on the Petition for Waiver and the Enforcement Bureau's ability to execute an efficient investigation. Pluto's conduct during the pendency of these proceedings wasted valuable Commission resources and delayed the resolution of the accessibility issues on Pluto's service, to the detriment of consumers with hearing disabilities.

12. Pluto, ViacomCBS, and the Bureau engaged in settlement negotiations. To settle this matter, Pluto, ViacomCBS, and the Bureau enter into this Consent Decree and agree to the following terms and conditions.

### III. TERMS OF AGREEMENT

13. **Adopting Order.** The provisions of this Consent Decree shall be incorporated by the Bureau in an Adopting Order.

14. **Jurisdiction.** Pluto and ViacomCBS agree that the Bureau has jurisdiction over them and the matters contained in this Consent Decree and has the authority to enter into and adopt this Consent Decree.

15. **Effective Date; Violations.** The Parties agree that this Consent Decree shall become effective on the Effective Date as defined herein. As of the Effective Date, the Parties agree that this Consent Decree shall have the same force and effect as any other order of the Commission.

16. **Termination of Investigation.** In express reliance on the covenants and representations in this Consent Decree and to avoid further expenditure of public resources, the Bureau agrees to terminate the Investigation. In consideration for the termination of the Investigation, Pluto and ViacomCBS agree to the terms, conditions, and procedures contained herein. The Bureau further agrees that, in the absence of new material evidence, it will not use the facts developed in the Investigation through the Effective Date, or the existence of this Consent Decree, to institute any new proceeding on its own motion against Pluto, ViacomCBS, concerning the matters that were the subject of the Investigation, or to set for hearing the question of the basic qualifications of Pluto, ViacomCBS, or any of their affiliates to be a Commission licensee or hold Commission licenses or authorizations based on the matters that were the subject of the Investigation.<sup>38</sup>

17. **Representations; Warranties.** Pluto and ViacomCBS represent that they have provided the Commission with a complete list of Pluto's Platforms as of September 27, 2021, attached hereto as Attachment A.<sup>39</sup> Pluto and ViacomCBS also represent that the list identifies whether Pluto TV is fully compliant with the IP Closed Captioning Rules on the Platforms.<sup>40</sup> With respect to any Platform(s) for

---

<sup>37</sup> 47 CFR § 79.4(c)(2)(iii). There were other instances of non-compliance that fell outside of the relevant statute of limitations. For example, Pluto failed to use an agreed upon mechanism to determine whether the programming it acquired from Video Programming Owners contained closed captioning or was exempt from the IP Closed Captioning Rules prior to distributing it to viewers as required in 47 CFR § 79.4(c)(2)(ii).

<sup>38</sup> See 47 CFR § 1.93(b).

<sup>39</sup> Pluto's representation concerning full compliance on the "Android Mobile" Platform is based on its testing of those unique models of devices listed on Attachment A.

<sup>40</sup> 47 CFR §§ 79.4, 79.103. In order to be "fully compliant," the closed captioning must comply with applicable provisions of section 79.103, as well as section 79.4 of the Rules.

which Pluto TV is identified as not fully compliant, Pluto and ViacomCBS warrant that they will bring Pluto TV fully into compliance on such Platform(s) or cease to provide service on such Platform(s) within sixty (60) calendar days after the Effective Date. Pluto and ViacomCBS warrant that they will consult with disability consumer advocacy groups and members of the disability community to maintain and improve the accessibility and usability of Pluto TV for viewers with hearing disabilities.

18. **Admission of Liability.** Pluto and ViacomCBS admit for the purpose of this Consent Decree and for Commission civil enforcement purposes, and in express reliance on the provisions of paragraph 16 herein, that their actions with respect to Pluto TV that were the subject of the Investigation violated the IP Closed Captioning Rules, as described herein.

19. **Compliance Officer.** Within thirty (30) calendar days after the Effective Date, ViacomCBS and Pluto shall designate a senior corporate manager or officer with the requisite corporate and organizational authority to serve as the Pluto Compliance Officer and to discharge the duties set forth below. The person designated as the Compliance Officer shall be responsible for developing, implementing, and administering the Compliance Plan and ensuring that Pluto complies with the terms and conditions of this Consent Decree. The Compliance Officer shall provide a quarterly report to the executive with principal responsibility for Pluto describing Pluto's compliance efforts. The Compliance Officer may supplement his or her general knowledge of the Communications Laws and specific knowledge of the IP Closed Captioning Rules as necessary to discharge his or her duties under this Consent Decree.

20. **Compliance Plan.** For purposes of settling the matters set forth herein, Pluto and ViacomCBS agree that within sixty (60) calendar days after the Effective Date, Pluto shall develop and implement a Compliance Plan for Pluto TV that is designed to ensure Pluto's compliance with the Communications Laws applicable to Video Programming Distributors and the terms and conditions of this Consent Decree. At a minimum, Pluto will implement the following procedures within the applicable timeframes provided below:

- (a) **Operating Procedures.** Within sixty (60) calendar days after the Effective Date, Pluto shall establish Operating Procedures that all Covered Employees must follow to help ensure Pluto's compliance with the IP Closed Captioning Rules. Pluto's Operating Procedures shall include internal procedures and policies specifically designed to ensure that Pluto routinely:
  - i. Coordinates with Platform owners to obtain all technical requirements to ensure compliance with the IP Closed Captioning Rules when distributing Pluto TV on the Platform;
  - ii. Tests closed captioning functionality, and maintains records documenting such testing;
  - iii. Coordinates and collaborates with members of the disability community to assess and advise Pluto on the accessibility of Pluto TV;
  - iv. Addresses indicators of closed captioning problems associated with Pluto TV;
  - v. Maintains a system that allows Pluto to be responsive to consumers and resolve accessibility issues; and
  - vi. Updates its website to conspicuously reflect Video Programming offerings and other relevant information to assist viewers with disabilities.

- (b) **Platform Testing.** Within fifteen (15) calendar days after the Effective Date, Pluto shall establish testing procedures specifically designed to ensure that, on an ongoing basis, Pluto:
- i. Works with Platform owners to meet the technical requirements necessary to ensure Pluto TV's Closed Captioning features are accessible, usable, and comply with the IP Closed Captioning Rules and shall document such efforts;
  - ii. Conducts Closed Captioning functionality testing and documents such testing:
    1. prior to and immediately after launching Pluto TV on a new Platform;
    2. prior to and immediately after deploying any Pluto TV software update, if such software update could reasonably be expected to affect video playback or Closed Captioning; and
