ORDER

Adopted: October 14, 2021

Released: October 14, 2021

By the Associate Chief, Enforcement Bureau:

1. The Enforcement Bureau of the Federal Communications Commission (Commission) has entered into a Consent Decree to resolve its investigation into whether Sweetser Telephone Company, Inc. (Sweetser Telephone) timely filed an annual reliability certification regarding its 911 circuit auditing, central office backup power, and diverse network monitoring. This certification is designed to ensure that covered 911 service providers have taken reasonable measures to provide reliable 911 service by either implementing industry-backed “best practices” or alternative measures that are reasonably sufficient to ensure reliable 911 service.¹ To settle this matter, Sweetser Telephone admits that it failed to timely file its 2019 and 2020 annual 911 reliability certifications, will implement a compliance plan, and will pay a \$6,000 civil penalty.

2. After reviewing the terms of the Consent Decree and evaluating the facts before us, we find that the public interest would be served by adopting the Consent Decree and terminating the referenced investigation regarding Sweetser Telephone’s compliance with section 9.19(c) of the Commission’s rules.²

3. In the absence of material new evidence relating to this matter, we do not set for hearing the question of Sweetser Telephone’s basic qualifications to hold or obtain any Commission license or authorization.³

4. Accordingly, **IT IS ORDERED** that, pursuant to section 4(i) of the Act⁴ and the authority delegated by sections 0.111 and 0.311 of the Commission’s rules,⁵ the attached Consent Decree **IS ADOPTED** and its terms incorporated by reference.

5. **IT IS FURTHER ORDERED** that the above-captioned matter **IS TERMINATED** in accordance with the terms of the attached Consent Decree.

CONSENT DECREE

1. The Enforcement Bureau of the Federal Communications Commission and Sweetser Telephone Company, Inc. (Sweetser Telephone or Company), by their authorized representatives, hereby enter into this Consent Decree for the purpose of terminating the Enforcement Bureau’s investigation into whether Sweetser Telephone violated section 9.19(c) of the Rules¹ by its failure to timely file an annual 911 reliability certification for 2019 and 2020, which were due by October 15, 2019, and October 15, 2020, respectively. The Commission requires that a covered 911 service provider file an annual reliability certification regarding its 911 circuit auditing, central office backup power, and diverse network monitoring, and attest to whether it has met its obligation to use reasonable measures to mitigate the risk of a 911 service failure.² These requirements are designed to improve the reliability and resiliency of 911 communications networks nationwide by requiring that 911 service providers take reasonable measures to provide reliable 911 service by either implementing certain industry-backed “best practices” or by implementing alternative measures that are reasonably sufficient to ensure reliable 911 service, as evidenced by the annual reliability certification.³ To resolve this matter, Sweetser Telephone admits that it violated the Commission’s rules, will implement a compliance plan, and will pay a \$6,000 civil penalty.

II. BACKGROUND

3. Under section 9.19(c) of the Rules, a covered 911 service provider must file an annual reliability certification regarding its 911 circuit auditing, central office backup power, and diverse network monitoring.⁶ Through this annual reliability certification the provider must attest to whether it has met its obligation to implement specified best practices or reasonable alternative measures to mitigate the risk of a 911 service failure, or explain why a requirement is not applicable.⁷

4. Although Sweetser Telephone filed its certification as a covered 911 service provider in 2018, the Company did not timely file its certification for 2019, which was due October 15, 2019, or for 2020, which was due by October 15, 2020.⁸ On November 11, 2020, the Commission’s Public Safety and

Homeland Security Bureau (PSHSB) contacted Sweetser Telephone about its failure to submit the 2020 annual reliability certification, and Sweetser Telephone made the required filing that same day.⁹ PSHSB then referred this matter to the Enforcement Bureau for appropriate action. On May 25, 2021, the Bureau's Spectrum Enforcement Division sent a Letter of Inquiry (LOI) to Sweetser Telephone.¹⁰

5. On June 17, 2021, Sweetser Telephone submitted responses to requested information along with an accompanying affidavit.¹¹ Sweetser Telephone acknowledged that it is a covered 911 service provider under the Rules and that it failed to submit the 2019 annual reliability certification and failed to submit the 2020 annual reliability certification until November 11, 2020 (27 days after it was due to be filed). Despite its failure to file the 2019 certification, the Company stated that it has a history of compliance with the Rules and explained that the 2019 and 2020 failures to file resulted from an administrative oversight. Sweetser further stated that steps have been taken to ensure that any future certifications are timely filed. To settle this matter, Sweetser Telephone and the Bureau enter into this Consent Decree and agree to the following terms and conditions.

In consideration for the termination of the Investigation, Sweetser Telephone agrees to the terms, conditions, and procedures contained herein. The Bureau further agrees that, in the absence of new material evidence, it will not use the facts developed in the Investigation through the Effective Date, or the existence of this Consent Decree, to institute any new proceeding on its own motion against Sweetser Telephone concerning the matters that were the subject of the Investigation, or to set for hearing the question of Sweetser Telephone's basic qualifications to be a Commission licensee or hold Commission licenses or authorizations based on the matters that were the subject of the Investigation.¹²

10. **Admission of Liability.** Sweetser Telephone admits for the purpose of this Consent Decree and for Commission civil enforcement purposes, and in express reliance on the provisions of paragraph 9 herein, that its actions, outlined in paragraphs 4-5 herein, violated the 911 Rules.
