WIRELESS TELECOMMUNICATIONS BUREAU SEEKS COMMENT ON THE NATIONAL FOOTBALL LEAGUE'S REQUEST FOR WAIVER OF SECTION 96.39(C)(2) OF THE COMMISSION'S RULES FOR THE CITIZENS BROADBAND RADIO SERVICE IN THE 3.5 GHZ BAND

WT Docket No. 21-111

Comments Due: April 8, 2021

Reply Comments Due: April 15, 2021

On February 1, 2021, the National Football League (NFL) filed a request for waiver of section 96.39(c)(2) of the Commission's rules¹ governing the Citizens Broadband Radio Service to allow the NFL to continue operating their coach-to-coach communications systems in the event of an Internet outage.² The NFL states that a waiver is necessary to account for circumstances in which Internet service is interrupted or becomes unavailable during or immediately prior to the commencement of a scheduled game in a stadium but after a Spectrum Access System (SAS) administrator grants authority to operate the NFL's Citizens Broadband Radio Service system for that game and within that particular stadium.³ Section 96.39(c)(2) requires Citizens Broadband Service Devices (CBSDs) to receive and comply with all incoming commands from its associated SAS about any changes to power limits and frequency assignments.⁴ CBSDs are required to cease transmission, move to another frequency range, or change power levels within 60 seconds as instructed by an SAS.⁵

The Wireless Telecommunications Bureau (Bureau) seeks comment on this request for waiver. To develop a complete record on the issues presented by this request, the proceeding will be treated, for *ex parte* purposes, as a "permit-but-disclose" proceeding in accordance with Section 1.1200(a) of the Commission's rules, subject to the requirements under Section 1.1206(b). The NFL filed its petition electronically as a non-docketed proceeding in the Commission's Electronic Comment Filing System.⁶ We have opened a new docket, **WT Docket 21-111**, to facilitate consideration of this request and have

¹ 47 CFR § 96.39(c)(2).
