By the Chief, Video Division, Media Bureau:

I. INTRODUCTION

1. The Video Division, Media Bureau (Bureau), has before it a petition for rulemaking filed by The University of Nebraska (Petitioner), the licensee of KUON-TV, channel \*12, Lincoln, Nebraska (Station or KUON-TV).1 The Petitioner requests the substitution of channel \*27 for channel \*12 at Lincoln in the Table of Allotments.2

II. BACKGROUND

2. In support, the Petitioner states that the proposed channel substitution would serve the public interest, since moving the Station to a UHF channel would improve indoor reception and thus improve the community's access to KUON-TV's PBS and other public television programming produced by the Station to meet the specific needs and interests of Nebraska viewers.3 In support of its assertion that viewers in Lincoln have experienced difficulty receiving a signal on channel \*12, the Petitioner submits a log of approximately 80 viewer complaints and requests for help receiving the signal.4 According to the Petitioner, although the proposed channel \*27 facilities will result in a reduction in the Station's predicted population served within its noise limited service contour (NLSC), almost all of the predicted loss area is served by other PBS stations licensed to communities in Nebraska and Iowa, which largely air the same programming as KUON-TV.5 The Petitioner further states that once terrain-

3 Petition at 2-3. The Petition states that KUON-TV currently broadcasts several important, locally produced programs focused on state and local issues in addition to PBS programs and children's programming, including Speaking of Nebraska, which provides in-depth coverage of issues facing Nebraskans, and Backyard Farmer, the longest-running locally produced television series in the nation. These stations are KXNE-TV, Norfolk and KHNE-TV, Hastings, Nebraska, licensed to the Nebraska Educational Telecommunications Commission, and KHIN-TV, Red Oak, KBIN-TV, Council Bluffs, and KSIN-TV, Sioux City, Iowa, licensed to the Iowa Public Broadcasting Board.

limitations are also factored into the analysis, the new loss area that would be created by the proposed channel substitution would contain only 342 persons, which it asserts is below the level the Commission considers *de minimis* in the context of determining whether there would be an impermissible loss of service.<sup>6</sup>

### III. DISCUSSION

3. We believe that the Petitioner's channel substitution proposal warrants consideration. Channel \*27 can be substituted for channel \*12 at Lincoln, Nebraska, as proposed, in compliance with the principal community coverage requirements of section 73.625(a) of the Commission's rules,<sup>7</sup> at coordinates 41° 08' 18.0" N and 096° 27' 21.0" W. A Staff analysis using TVStudy confirms that when taking into account the ability of viewers to obtain PBS programming from other nearby stations and when taking terrain limitations into account the Petitioner's proposal would still result in a loss of NCE service to a *de minimis* number of persons.<sup>8</sup> We believe any possible harm to the public resulting from the loss of service to a limited number of viewers is outweighed by the overall benefit of improving reception to the Station's viewers, including those in Lincoln, the Station's community of license. In addition, we find that this channel change meets the technical requirements set forth in sections 73.616 and 73.623 of the rules.<sup>9</sup>

4. We propose to substitute channel \*27 for channel \*12 for KUON-TV with the following specifications:

<u>City and State</u>	<u>Channel</u>	<u>Power (kW)</u>	<u>Antenna HAAT (m)</u>
Lincoln, Nebraska	*27	650	253

5. Accordingly, we seek comment on the proposed amendment of the Table of Allotments, section 73.622(j) of the rules,<sup>10</sup> for the community listed below, to read as follows:

<u>City and State</u>	<u>Channel No.</u>	
	<u>Present</u>	<u>Proposed</u>
Lincoln, Nebraska	8, 10, *12, 15	8, 10, 15, *27

### IV. PROCEDURAL MATTERS

6. *Showings Required.* Comments are invited on the proposal discussed in this Notice of Proposed Rulemaking (*NPRM*). The Petitioner or any proponent that expresses interest in the allotment will be expected to answer whatever questions are presented in initial comments. The petitioner of a proposed allotment is required to file comments even if it only resubmits or incorporates by reference its former pleadings. The petitioner must restate its present intention to apply for the channel if it is allotted

We note that the Petitioner used V-Soft Probe software to prepare its application, rather than the Commission's TVStudy software. While TVStudy is not required by Commission rules for determining viewer loss in this context, it is the Video Division's preferred software as it is used by staff to verify the information that is submitted.
