**Re: Final Default Payment Amount for Auction 62 Construction Permit FM241-A
(Narrowsburg, NY)**

DO NOT DISCARD THIS IMPORTANT NOTICE
OF A DEMAND FOR PAYMENT
OF A DEBT OWED THE UNITED STATES AND ORDER OF PAYMENT

Dear Mr. Brenner:

This Order provides notice and demands payment of a debt owed to the United States based on the default of Talkline Communications, Inc. (Talkline) on its final payment for a construction permit it won in Auction 62. Talkline was the winning bidder for FM broadcast construction permit FM241-A (Narrowsburg, NY) (the Permit) with a net winning bid of \$252,850.00. After the close of Auction 62, Talkline defaulted on its final payment obligation for the Permit. Thus, under the Commission's rules, Talkline owes a default payment, which is a debt owed to the United States.¹

In 2012, the Commission assessed an interim default payment of \$7,585.50 from the monies Talkline had on deposit, explaining that it could not determine the full amount of Talkline's default payment until a new construction permit for the relevant allotment is won in a subsequent auction.² A construction permit for the underlying allotment was won in Auction 109 with a net winning bid of \$56,000.00,³ and the Commission accordingly is now able to calculate the amount of the final default payment obligation that Talkline owes.⁴

In 2018, the functions of the Auctions and Spectrum Access Division were shifted from the Wireless Telecommunications Bureau to the Auctions Division of the Commission's Office of Economics and Analytics. *See Establishment of the Office of Economics and Analytics*, Order, 33 FCC Rcd 1539 (2018); *see also* 83 Fed. Reg. 63073 (Dec. 7, 2018).

⁴ *See* 47 CFR § 1.2104(g)(2).

Under the Commission's rules, at the close of the auction, a winning bidder assumes a binding obligation to pay the full amount of its accepted winning bid.⁵ A bidder who defaults on that obligation or is disqualified is considered to be a defaulting bidder under the Commission's rules and is subject to a default payment.⁶ The default payment has two components: a deficiency payment and an additional payment amount.⁷ The deficiency payment component applies only if the subsequent winning bid the next time a construction permit for the allotment is won is less than the defaulted bid. The deficiency payment amount is the difference between the bidder's net defaulted bid and the subsequent net winning bid, or the difference between the bidder's gross defaulted bid and the subsequent gross winning bid, whichever is less.⁸ The additional payment amount is owed by each defaulting bidder.⁹ Under the Commission's rules that were in effect for Auction 62, the additional payment amount is equal to three percent (3%) of the defaulter's bid or the subsequent winning bid, whichever is less.¹⁰

As shown in Attachment A, and in accordance with section 1.2104(g)(2) of the Commission's rules, we have completed the final default payment calculation and, after applying against Talkline's debt the monies it has on deposit,¹¹ have determined that Talkline owes an outstanding balance of \$147,960.00. This debt to the United States is payable in full and without further demand within 30 days of the date of this Order in accordance with the Important Notice Information provided below and the Payment Instructions in Attachment B.

Important Notice Information

The following provides notification of procedures and information required by the Debt Collection Improvement Act of 1996 ("DCIA").¹² The outstanding balance shown in Attachment A is a debt Talkline owes to the United States. administrative charges (incurred for processing and handling delinquent debts),¹⁴ interest,¹⁵ and penalties¹⁶ will accrue beginning from that date. Interest accrues at a minimum annual rate established annually by the United States Treasury in accordance with 31 U.S.C. § 3717.¹⁷ However, the Commission will waive payment of the accrued interest, if the full amount of the debt is paid within 30 days of the Due Date.¹⁸ A penalty of six percent (6%) accrues on any portion of the debt that remains unpaid for more than 90 days from the Due Date.¹⁹ In addition to these charges, the Commission may initiate administrative offset,²⁰ and it may refer the delinquent debt to the United States Treasury or the Department of Justice (“DOJ”) for further collection action.²¹ The United States Treasury will impose an additional administrative collection charge,²² and it may also commence administrative offset.²³ An additional surcharge may be imposed if the DOJ initiates judicial action to recover judgment.²⁴ Furthermore, any portion of the debt that is unpaid after the Due Date specified in this Order is a delinquent debt, which will trigger application of the Commission’s red light procedures at section 1.1910 of the Commission’s rules.²⁵
