## **ENFORCEMENT BUREAU REQUESTS INFORMATION ON THE STATUS OF PRIVATE-LED TRACEBACK EFFORTS OF SUSPECTED UNLAWFUL ROBOCALLS**

**EB Docket No. 20-195**

**Deadline to Submit Information: November 28, 2022**

The Pallone-Thune Telephone Robocall Abuse Criminal Enforcement and Deterrence Act (TRACED Act) was signed into law on December 30, 2019.<sup>1</sup> Congress required the Federal Communications Commission to issue a notice annually to seek comment on private-led efforts to trace back the source of suspected unlawful robocalls, and issue an annual report on the status of such private-led efforts.<sup>2</sup>

The Enforcement Bureau requests voice service providers and the registered consortium, USTelecom's Industry Traceback Group (Traceback Group), to submit any information necessary for the Commission's annual report on the state of private led efforts to trace back the origin of suspected unlawful robocalls.

The reporting period for this request is from November 1, 2021 to October 31, 2022. Submissions are due by November 28, 2022.

**Background.** Unlawful prerecorded or artificial voice message calls—robocalls—plague the American public. In many instances, unlawful robocalls include inaccurate or misleading caller identification information, known as spoofed caller ID. The spoofed caller ID makes it more difficult to identify the source of the call. In order to enforce the laws prohibiting illegal robocalls, government and industry work together to trace suspected unlawful spoofed robocalls to their origination—a process known as “traceback.” Congress acknowledged the beneficial collaboration between the Commission and the private sector on traceback issues and, in section 13(d) of the TRACED Act, required the Commission to register a single consortium to conduct private-led traceback efforts. The Commission selected the Traceback Group as the registered consortium on August 25, 2021 and again on August 22, 2022.<sup>3</sup>

Section 13(c) of the TRACED Act requires the Commission, within 210 days of enactment of the TRACED Act, and annually thereafter, to seek additional information from voice service providers and

the registered consortium about private-led traceback efforts. Section 13(a) of the TRACED Act requires the Commission to publish an annual report on the status of private-led traceback efforts by the registered consortium and participation of voice service providers. Congress mandated that the registered consortium selected to conduct private-led tracebacks and any voice-service provider be given an opportunity to provide information to the Commission to be used in the annual report.<sup>4</sup> At a minimum, the report must include the following information:<sup>5</sup>

1. A description of private-led efforts to trace back the origin of suspected unlawful robocalls by the registered consortium and the actions taken by the registered consortium to coordinate with the Commission.
2. A list of voice service providers identified by the registered consortium that participated in private-led efforts to trace back the origin of suspected unlawful robocalls through the registered consortium.
3. A list of each voice service provider that received a request from the registered consortium to participate in private led efforts to trace back the origin of suspected unlawful robocalls and refused to participate, as identified by the registered consortium.
4. The reason, if any, each voice service provider identified by the registered consortium provided for not participating in private-led efforts to trace back the origin of suspected unlawful robocalls.
5. A description of how the Commission may use the information provided to the Commission by voice service providers or the registered consortium that have participated in private-led efforts to trace back the origin of suspected unlawful robocalls in the enforcement efforts by the Commission.

**Submission Process:** Additional information may be filed via ECFS ([www.fcc.gov/ecfs](http://www.fcc.gov/ecfs)) in EB Docket No. 20-195. If filers wish to include confidential information as part of their submitted information, they must submit (1) a redacted, public version via ECFS; and (2) a non-redacted, confidential version electronically to the Enforcement Bureau. Filers should contact Kristi Thompson by phone (at 202-418-1318) or e-mail ([kristi.thompson@fcc.gov](mailto:kristi.thompson@fcc.gov)) to arrange electronic submission of the non-redacted version. Confidential material must be marked as such and requests for confidential treatment must conform to the requirements of section 0.459 of the Commission's rules.<sup>6</sup>

**Deadline to Submit Information:** November 28, 2022.
