I. INTRODUCTION

1. The Video Division, Media Bureau (Bureau), has before it a petition for rulemaking filed December 6, 2021, by Gray Television Licensee, LLC (Petitioner or Gray), the permittee of a construction permit for new full power television station on channel 11 at Yuma, Arizona (Station).1 The Petitioner requests the substitution of channel 27 for channel 11 at Yuma in the Table of TV Allotments.2

II. BACKGROUND

2. In support, the Petitioner states that grant of the proposed channel substitution serves the public interest because it will provide a robust signal for over-the-air reception while avoiding the well-documented indoor reception issues with digital VHF stations.3 According to the Petitioner, the Commission has recognized the deleterious effects manmade noise has on the reception of digital VHF signals, and that the propagation characteristics of these channels allow undesired signals and noise to be receivable at relatively farther distances compared to UHF channels, and nearby electrical devices can cause interference.4 The Engineering Statement submitted with the Petition demonstrates that the proposal complies with all relevant technical requirements for amendment of the Table of TV Allotments, including the interference protection requirements of section 73.616 of the Commission’s rules (rules),5 and further demonstrates that the proposed channel 27 facility will provide full principal community coverage to Yuma, Arizona.6 Additionally, no change in transmitting location is proposed from that

specified in the current construction permit.⁷

III. DISCUSSION

3. We believe that the Petitioner's channel substitution proposal warrants consideration and that Channel 27 can be substituted for channel 11 at Yuma, Arizona, as proposed, in compliance with the principal community coverage requirements of section 73.625(a) of the Commission's rules,⁸ at coordinates 33° 03' 19.1" N and 114° 49' 46.9" W. In addition, we find that this channel change meets the technical requirements set forth in sections 73.616 and 73.623 of the rules.⁹

4. We propose to substitute channel 27 for channel 11 at Yuma, Arizona with the following specifications:

| <u>City and State</u> | <u>Channel</u> | <u>Power (kW)</u> | <u>Antenna HAAT (m)</u> |
|-----------------------|----------------|-------------------|-------------------------|
| Yuma, Arizona | 27 | 100 | 451.6 |

5. Accordingly, we seek comment on the proposed amendment of the Table of TV Allotments, section 73.622(j) of the rules,¹⁰ for the community listed below, to read as follows:

| <u>City and State</u> | <u>Channel No.</u> | |
|-----------------------|--------------------|-----------------|
| | <u>Present</u> | <u>Proposed</u> |
| Yuma, Arizona | 11, 13 | 13, 27 |

IV. PROCEDURAL MATTERS

6. *Showings Required.* Comments are invited on the proposal discussed in this Notice of Proposed Rulemaking (*NPRM*). The Petitioner or any proponent that expresses interest in the allotment will be expected to answer whatever questions are presented in initial comments. The petitioner of a proposed allotment is required to file comments even if it only resubmits or incorporates by reference its former pleadings. The petitioner must restate its present intention to apply for the channel if it is allotted and, if authorized, to build a station promptly.¹¹ Failure to file may lead to denial of the request. Any requests by a proponent for withdrawal or dismissal of an allotment request must be filed with the Commission in accordance with section 1.420(j) of the rules.¹²
