By the Chief, Video Division, Media Bureau:

1. The Video Division, Media Bureau (Bureau), has before it a Notice of Proposed Rulemaking issued in response to a Petition for Rulemaking filed on July 7, 2021 by KPTV Broadcasting Corporation (Petitioner), the licensee of KPTV, channel 12, Portland, Oregon. The Petitioner has requested the substitution of UHF channel 21 for VHF channel 12 in the Table of Allotments.

2. The Petitioner filed comments in support of the petition, as required by the Commission’s rules, reaffirming its commitment to apply for channel 21. Gray Television, Inc., which acquired the broadcast television portfolio of the Petitioner’s parent, Meredith Corporation, also filed comments in support of the petition and commits to apply for channel 21. No commenter opposed the petition.

3. We believe the public interest would be served by substituting channel 21 for channel 12 at Portland, Oregon. In support of its channel substitution request, the Petitioner states that the Commission has recognized that VHF channels have certain characteristics that pose challenges for their use in providing digital television service. In addition, the Petitioner has received numerous complaints of poor or no reception from viewers, and explains the importance of a strong over-the-air signal in the Portland area during emergencies. Finally, the Petitioner demonstrated that the channel 21 noise limited

1 Amendment of Section 73.622(i), Post-Transition Table of DTV Allotments, Television Stations (Portland, Oregon), MB Docket No. 21-130, Notice of Proposed Rulemaking, DA 21-843 (rel. July 16, 2021) (NPRM).

2 Gray Television Licensee, LLC acquired the license from the Petitioner on December 1, 2021. LMS File Nos. 0000176274 and 0000145491.

3 As noted in the NPRM at n.2, on April 13, 2017, the Commission completed the incentive auction and broadcast television spectrum repacking authorized by the Spectrum Act, and the post-incentive auction transition period ended on July 13, 2020. At the time the NPRM was issued, the Commission had not yet amended its rules to reflect all new full power channel assignments in a revised Table of Allotments. Accordingly, the NPRM referred to the Post-Transition Table of DTV Allotments, 47 CFR § 73.622(i) (2018). The Commission has now adopted the new Table of Allotments, 47 CFR § 73.622(j), and this Report and Order amends the new rule. See Expanding the Economic and Innovation Opportunities of Spectrum Through Incentive Auction, Gen. Docket No. 12-268, Order, FCC 21-111 (rel. Oct. 25, 2021).

contour would fully encompass the existing channel 12 contour, and an analysis using the Commission’s TVStudy software indicates that Petitioner’s proposal would result in an increase of 39,677 persons predicted to receive KPTV service and 499 persons that would gain a second over the air signal.\footnote{Id. at n.5.}

4. As proposed, channel 21 can be substituted for channel 12 at Portland, Oregon, in compliance with the principal community coverage requirements of section 73.625(a) of the Commission’s rules (rules),\footnote{47 CFR § 73.625(a).} at coordinates 45-31-18.0 N and 122-44-57.0 W. In addition, we find that this channel change meets the technical requirements set forth in sections 73.616 and 73.623 of the rules with the following specifications.\footnote{47 CFR §§ 73.616, 73.623.}

5. We also conclude that good cause exists to make this channel change effective immediately upon publication in the Federal Register, pursuant to section 553(d)(3) of the Administrative Procedure Act.\footnote{5 U.S.C. § 553(d)(3).} An expedited effective date is necessary in this case to ensure that KPTV can operate with improved service to its viewers as quickly as possible.
