1. On January 4, 2022, bidding in Auction 110—the auction of new flexible-use licenses in the 3.45–3.55 GHz band—concluded following the close of bidding in the assignment phase.<sup>1</sup> Auction 110 raised a total of \$22,418,284,236 in net bids and \$22,513,601,811 in gross bids, with 23 bidders winning a total of 4,041 licenses.<sup>2</sup>

2. By this Public Notice, the Office of Economics and Analytics (OEA) and the Wireless Telecommunications Bureau (WTB) announce the results of Auction 110. This Public Notice specifies deadlines for payments and the filing of long-form applications and gives details for other post-auction procedures.<sup>3</sup>

## II. AUCTION 110 RESULTS AND PAYMENTS

4. This Public Notice provides auction result summaries and related payment information in Attachments A and B. Attachment A summarizes auction results for each bidder. Attachment B lists, for each bidder, information about the bidder's upfront payment and post-auction payments or refund, as applicable.

### A. Summary of Auction Results by Bidder

5. The Bidder Summary attachment, Attachment A to this Public Notice, lists each qualified bidder and summarizes each bidder's auction results. For each bidder, Attachment A provides the following information:

- Bidder (the name of the applicant qualified to bid in Auction 110);
- FRN (bidder's FCC Registration Number);
- Bidding Credit Type (provided for any bidder that claimed a bidding credit on its FCC Form 175—i.e., small business or rural service provider—and the associated bidding credit percentage);
- Number of Licenses Won (total number of licenses won by the bidder);
- Number of PEAs (total number of Partial Economic Areas in which the bidder won licenses);
- Gross Payment (aggregate amount of all winning bids by the bidder, including any assignment round payments); and
- Net Payment (gross payment less applicable discounts for any bidding credit claimed, subject to applicable caps, if any).

### B. Bidder Payments and Refunds

6. The Bidder Payment/Refund attachment, Attachment B to this Public Notice, lists each qualified bidder and summarizes each bidder's upfront payment and post-auction payments or refund. Specifically, for each bidder, Attachment B provides the following information:

- Bidder (the name of the applicant qualified to bid in Auction 110);
- FRN (bidder's FCC Registration Number);
- Upfront Payment Amount;
- Net Payment (Total) (gross payment amount for all winning bids by the bidder less applicable discounts for any bidding credit claimed, subject to applicable caps, if any);
- Down Payment Amount (20% of Net Payment);
- Additional Amount Due for Down Payment After Upfront Payment Applied - Due by January 31, 2022 (down payment less upfront payment, with a minimum value of \$0);
- Final Payment Amount (80% of Net Payment); and

- Final Balance Due by February 14, 2022 or (Refund) (the Net Payment, minus the Upfront Payment Amount and any Additional Amount Due for Down Payment After Upfront Payment Applied).<sup>5</sup>

### C. Results by License

7. Concurrent with the release of this Public Notice, the Commission makes available in the [Public Reporting System](#) (PRS) results information for each license won in Auction 110. This information includes the price for the license as calculated by the auction system (gross and net), the PEA name and number, the frequency block of the license, the name of the winning bidder, and the type and amount of any bidding credit claimed by the bidder. This information may be viewed on screen or downloaded as a comma-separated values (CSV) file.<sup>6</sup>

8. To calculate the net price, the bidding system will first apportion any applicable bidding credit discounts to each assignment phase market in proportion to the gross payment for that market. Then, for each assignment phase market, the bidding system will apportion the assignment payment and the discount to licenses in proportion to the final clock phase prices of the licenses that the bidder is assigned for that market. Additional information about how per-license prices are calculated is provided in the *Auction 110 Assignment Phase Technical Guide*, available in the “Education” section of the Auction 110 website ([www.fcc.gov/auction/110](http://www.fcc.gov/auction/110)).

## III. POST-AUCTION DEADLINES AND PROCEDURES

### A. Down Payments—Due Before 6:00 p.m. ET on January 31, 2022

9. The Commission’s rules require that, unless otherwise specified by public notice, within ten business days after being notified that it is a high bidder on a particular license(s), each winning bidder in Auction 110 must have on deposit with the Commission enough funds to cover the down payment on its winning bid(s).<sup>7</sup> In this case, down payments must be submitted by **6:00 p.m. Eastern Time (ET) on January 31, 2022**.<sup>8</sup> Specifically, each winning bidder’s total amount on deposit must be 20% of the aggregate net amount of its winning bid(s). Any winning bidder whose upfront payment is not sufficient to meet this requirement must deposit additional funds to meet its required down payment.<sup>9</sup>

10. **All down payments must be made by wire transfer as instructed in this Public Notice and must be received in the Commission’s account at the U.S. Treasury before 6:00 p.m. ET on January 31, 2022.** The down payment amount due from a particular winning bidder, if any, is set out in the “Additional Amount Due for Down Payment After Upfront Payment Applied—Due by January 31, 2022” column of Attachment B. Note that an additional payment toward the down payment due is

---

<sup>5</sup> For a non-winning bidder, this amount, equal to its Upfront Payment Amount, will be shown in parentheses and available for refund. For a winning bidder, this amount may equal the Final Payment Amount. However, if the Upfront Payment Amount exceeds the Down Payment Amount, that excess will reduce the Final Balance Due to an amount less than the Final Payment Amount.

<sup>6</sup> The PRS can be accessed directly at [auctiondata.fcc.gov](http://auctiondata.fcc.gov) or from a link in the “Results” section of the Auction 110 website ([www.fcc.gov/auction/110](http://www.fcc.gov/auction/110)). The CSV file is accessible via the “Results by License” link of the “Assignment Phase” section of the PRS navigation bar for Auction 110.

<sup>7</sup> 47 CFR § 1.2107(b). In the *Auction 110 Procedures Public Notice* we specified that the down payment deadline for Auction 110 to be the later of January 7, 2022, or ten business days after release of the auction closing public notice. *Auction of Flexible-Use Service Licenses in the 3.45–3.55 GHz Band for Next-Generation Wireless Services; Notice and Filing Requirements, Minimum Opening Bids, Upfront Payments, and Other Procedures for Auction 110; Bidding in Auction 110 Scheduled to Begin October 5, 2021*, AU Docket No. 21-62, Public Notice, DA 21-655, at 70, para. 253 (OEA/WTB 2021) (*Auction 110 Procedures Public Notice*).

<sup>9</sup> 47 CFR § 1.2107(b).

necessary only if a winning bidder's upfront payment does not cover the required total down payment (as reflected in Attachment B).

11. A winning bidder that fails to complete this down payment process consistent with the payment method described in this Public Notice by 6:00 p.m. ET on January 31, 2022, will be in default.<sup>10</sup>

**B. Final Payments—Due Before 6:00 p.m. ET on February 14, 2022**

12. Each winning bidder in Auction 110 must submit a payment of the balance of the net payment amount for its winning bid(s), as set out in the "Final Balance Due by February 14, 2022 or (Refund)" column of Attachment B.<sup>11</sup> **This payment must be made by wire transfer as instructed in this Public Notice and must be received in the Commission's account at the U.S. Treasury before 6:00 p.m. ET on February 14, 2022, to avoid a late fee or default. A late payment after this deadline must be made by wire transfer as instructed in this Public Notice and must be received in the Commission's account at the U.S. Treasury before 6:00 p.m. ET on March 1, 2022, along with the 5% late fee required by section 1.2109(a) of the Commission's rules to avoid default.**<sup>12</sup> Note that an additional payment toward the final payment due is necessary only if a winning bidder's upfront payment does not cover the required total down payment and final payment (as reflected in Attachment B).

13. A winning bidder that fails to complete the final payment process consistent with the payment method described in this Public Notice by 6:00 p.m. ET on February 14, 2022 (or by 6:00 p.m. ET on March 1, 2022, along with the 5% late fee) will be in default.<sup>13</sup>

14. A winning bidder's request for a tribal lands bidding credit has no effect on the bidder's obligations to make any auction payments, including down payments and final payments, that are due before the award of the credit. Thus, a winning bidder's final payment and any applicable late fees must be paid in full by the due date even if the winning bidder has applied for a tribal lands bidding credit. If a request for a tribal lands bidding credit is approved, then the amount of the credit will be calculated prior to license grant and, following license grant, the calculated credit will be issued.

**C. Payment Instructions for Down Payments and Final Payments**

15. All down payments and final payments must be made by wire transfer to the Commission's account at the U.S. Treasury in accordance with the instructions in this Public Notice by the applicable deadline. **We urge winning bidders to pay close attention to the payment instructions we announce here because they differ from instructions provided in past auctions and from upfront payment procedures for this auction.** If a winning bidder has any questions about making a down payment or final payment, the winning bidder should contact Scott Radcliffe of the Office of the Managing Director's Revenue & Receivables Operations Group/Auctions at (202) 418-7518, [Scott.Radcliffe@fcc.gov](mailto:Scott.Radcliffe@fcc.gov), or Theresa Meeks at (202) 418-2945, [Theresa.Meeks@fcc.gov](mailto:Theresa.Meeks@fcc.gov), well in advance of the applicable deadlines.

16. All payments must be in U.S. dollars and made in the form of a wire transfer.<sup>14</sup> No checks, credit card payments, automated clearing house (ACH), or other forms of payment will be accepted. Each winning bidder is responsible for ensuring timely submission of its down payment and its final payment, if required. To avoid untimely payments, each winning bidder should discuss arrangements with its financial institution (including the institution's closing schedule) several days

before it plans to make the wire transfer and allow sufficient time for the transfer to be initiated and completed prior to the deadline. The Commission repeatedly has cautioned auction participants about the importance of planning ahead to prepare for unforeseen last-minute difficulties in making payments by wire transfer.<sup>15</sup>

17. Each winning bidder is responsible for obtaining confirmation from its financial institution that its wire transfer to the U.S. Treasury was successful and from Commission staff that each payment was timely received and deposited into the proper account. Each winning bidder should direct its financial institution(s) to monitor its wire transfer(s) to assure timely deposit in the correct account. As a regulatory requirement, the U.S. Treasury screens all payments from all financial institutions before deposits are made available to specified accounts. If wires are suspended, the U.S. Treasury may direct questions regarding any transfer to the financial institution initiating the wire. Each winning bidder must take care to assure that any questions directed to its financial institution(s) are addressed promptly. To receive confirmation from Commission staff regarding receipt and deposit of wire transfers, a winning bidder may contact Scott Radcliffe at (202) 418-7518, [Scott.Radcliffe@fcc.gov](mailto:Scott.Radcliffe@fcc.gov), or Theresa Meeks at (202) 418-2945, [Theresa.Meeks@fcc.gov](mailto:Theresa.Meeks@fcc.gov).

18. Each payer must include specified information in the wire transfer instructions it provides to its bank, as described below. **The Commission no longer requires the submission of a completed FCC Remittance Advice Form (FCC Form 159) with down payments or final payments.**<sup>16</sup> The Commission will credit any such payment based on the information accompanying the wire transfer. To submit funds by wire transfer, the winning bidder must include the following information in its wire transfer instructions:

<sup>16</sup> FCC Form 159 now is used in Commission auctions for upfront payments only.

**D. Default and Disqualification Payments**

20. The Commission imposes payment obligations on bidders that default on payments due after an auction closes and on bidders that are disqualified.<sup>17</sup>

21. If a winning bidder defaults or is disqualified after the close of the auction (i.e., fails to remit the required down payment by the specified deadline, fails to submit a timely long-form application, fails to make full payment of the balance of its winning bid(s) by the specified deadline, or is otherwise disqualified for any reason), the bidder is subject to the payment obligations described in section 1.2104(g)(2) of the Commission's rules.<sup>18</sup> In Auction 110, the "defaulted bid" or "applicable bid" for purposes of this rule is the per-license price.<sup>19</sup> These payment obligations include a deficiency payment and an additional payment amount. The deficiency payment component applies only in the event that the subsequent winning bid the next time a license covering the same spectrum is won in an auction is less than the defaulted bid. The deficiency payment amount is equal to the difference between the amount of the defaulter's bid and the amount of the subsequent winning bid. The additional payment amount is owed by each defaulting bidder and is equal to a percentage of the defaulter's bid or the subsequent winning bid, whichever is less.<sup>20</sup> The additional default payment for Auction 110 licenses was set at 15% of the applicable bid.<sup>21</sup>

22. If a winning bidder fails to remit the required down payment by the January 31, 2022 deadline specified in this Public Notice, the bidder will be deemed to have defaulted, its long-form application will be dismissed, and it will be liable for a default payment as described above.<sup>22</sup>

23. If a winning bidder fails to pay the balance of its winning bid(s) in a lump sum by the deadline specified in this Public Notice, it will be allowed to make a late payment within 10 business days after the payment deadline, provided that it also pays a late fee equal to 5% of the amount due.<sup>23</sup> A winning bidder that fails to pay (a) the balance due for its winning bid(s) by the payment deadline on February 14, 2022, and (b) the balance of its winning bid(s) plus the late fee by the late payment deadline on March 1, 2022, will be deemed to have defaulted, and will be subject to applicable default payments.<sup>24</sup>

24. The Commission will review an applicant's long-form application (FCC Form 601) only after receipt of full and timely payment for its winning bid(s) and any applicable late fees. The relevant license will be granted only after full and timely payment of any winning bids (and any applicable late fees) and a determination that the long-form application meets Commission requirements for grant.<sup>25</sup>

25. A bidder that is found to have violated antitrust laws or the Commission's rules in connection with its participation in the competitive bidding process, in addition to any other applicable sanctions, may be subject to forfeiture of its upfront payment, down payment, or full bid amount, and may be prohibited from participating in future auctions.<sup>26</sup>

**E. Refund of Excess Payments**

26. Upfront payment monies on deposit with the Commission that are in excess of an applicant's Auction 110 obligations will be refunded to the payer of record, as identified on the FCC Form 159 submitted with the applicant's upfront payment, unless that payer submits written authorization providing alternative payee instructions. To receive a refund, an applicant must submit a written refund request with the information indicated in paragraph 27. Each applicant can provide this information by using the FCC auction application system to file its refund information electronically using the **Refund Form** icon found on the *Auction Application Manager* page. After the required information is completed on the blank form, the form should be printed, signed, and submitted to the Commission by fax or email as instructed below.

27. If an applicant elects not to access the Refund Form through the *Auction Application Manager* page, the Commission requests that all information listed below be supplied in writing.

Name, address, contact, and phone number of Bank  
ABA Number (capable to accept ACH payments)  
Account Number to Credit  
Name of Account Holder  
FCC Registration Number (FRN)

The refund request must be submitted by fax to the Revenue & Receivables Operations Group/Auctions at (202) 418-2843 or by email to [RROGWireFaxes@fcc.gov](mailto:RROGWireFaxes@fcc.gov).

28. An applicant seeking a refund should verify that the Tax Identification Number (TIN) associated with its FRN is correct by visiting the FCC Registration Number website at [www.fcc.gov/cores](http://www.fcc.gov/cores) to update its records before submitting a refund request. A refund request related to an FRN with no TIN on file cannot be processed until a TIN is provided.

29. Refund processing generally takes up to two weeks to complete. Any questions concerning refunds should be directed to Scott Radcliffe at (202) 418-7518, [Scott.Radcliffe@fcc.gov](mailto:Scott.Radcliffe@fcc.gov), or Theresa Meeks at (202) 418-2945, [Theresa.Meeks@fcc.gov](mailto:Theresa.Meeks@fcc.gov). Auctions Accounting Branch staff may also be reached through the FCC Auctions Hotline at (717) 338-2868.

**F. Post-Auction (Long-Form) License Application (FCC Form 601)—Due Before 6:00 p.m. ET on January 31, 2022**

30. Each winning bidder must submit electronically a properly completed long-form application (FCC Form 601) for all licenses for which it was the winning bidder in Auction 110 before **6:00 p.m. ET on January 31, 2022**.

31. Instructions for completing the long-form application (FCC Form 601) are available on the Auction 110 website ([www.fcc.gov/auction/110](http://www.fcc.gov/auction/110)) in the "Education" section (*Instructions for Completing FCC Form 601 and FCC Form 602*). These instructions also describe which information will be transferred automatically from a winning bidder's short-form application (FCC Form 175) to its long-form application (FCC Form 601). A winning bidder claiming eligibility for a small business bidding credit or a rural service provider bidding credit must demonstrate its eligibility in its long-form application for the bidding credit claimed.<sup>27</sup> Winning bidders organized as bidding consortia must comply with the FCC Form 601 post-auction application procedures set forth in section 1.2107(g) of the Commission's rules.<sup>28</sup> For further information regarding long-form application filing requirements,

32. A winning bidder that fails to submit the required long-form application before the deadline specified in this Public Notice and that fails to establish good cause for any late-filed submission shall be deemed to have defaulted and shall be subject to the payments set forth in section 1.2104(g) of the Commission's rules.<sup>29</sup>

#### **G. Tribal Lands Bidding Credit**

33. The Commission has implemented a tribal lands bidding credit to encourage the growth of wireless services on the lands of federally recognized tribes. A winning bidder that intends to use its license(s) to deploy facilities and to provide services to federally recognized tribal lands that are unserved by any telecommunications carrier or that have a wireline penetration rate equal to or less than 85% is eligible to receive a tribal lands bidding credit as set forth in sections 1.2107 and 1.2110(f) of the Commission's rules.<sup>30</sup> A tribal lands bidding credit is in addition to, and separate from, any other bidding credit for which a winning bidder may qualify.

34. Unlike other bidding credits that are requested prior to the auction, a winning bidder applies for the tribal lands bidding credit after the auction when it files its FCC Form 601 post-auction application. The winning bidder should file a single separate application for all of the licenses won in the auction for which the winning bidder intends to seek a tribal lands bidding credit. When initially filing this tribal lands bidding credit specific application, the winning bidder will be required to advise the Commission that it intends to seek a tribal lands bidding credit for each license listed on the application by checking the designated box(es). After stating its intent to seek a tribal lands bidding credit, the winning bidder will have 180 days from the close of the post-auction application filing window to amend its application to select the specific tribal lands to be served and to provide the required tribal government certifications. Licensees receiving a tribal lands bidding credit are subject to performance criteria as set forth in section 1.2110(f)(3)(vii) of the Commission's rules.<sup>31</sup>

35. For additional information on the tribal lands bidding credit, including how the amount of the credit is calculated, applicants should review the Commission's rulemaking proceeding regarding tribal lands bidding credits and related public notices.<sup>32</sup> For additional information about what a winning bidder must provide in its long-form application if it wishes to claim the tribal lands bidding credit, please see the *Instructions for Completing FCC Form 601 and FCC Form 602*.

**H. Ownership Disclosure Information Report (FCC Form 602)**

36. Pursuant to sections 1.913, 1.919, and 1.2107(f) of the Commission's rules, an applicant for a license offered at auction must, at the time of submitting its FCC Form 601, have on file with the Commission a current ownership disclosure information report (FCC Form 602) that provides the applicant's complete and accurate ownership information.<sup>33</sup> As explained in the *Instructions for Completing FCC Form 601 and FCC Form 602*, filing an ownership disclosure information report (FCC Form 602) is a separate requirement from, and in addition to, the ownership reporting requirements associated with filing an FCC Form 601, Exhibit A.<sup>34</sup> A winning bidder should carefully follow the instructions set forth in the *Instructions for Completing FCC Form 601 and FCC Form 602* when filing its ownership disclosure report.

**I. Maintaining Accuracy of Information**

37. Now that Auction 110 has closed, all required changes to an Auction 110 applicant's information must be made by filing or amending the applicant's long-form application (FCC Form 601) in the Commission's Universal Licensing System (ULS).<sup>35</sup> With the release of this Public Notice, an Auction 110 applicant is no longer required to maintain the accuracy and completeness of information furnished in its Auction 110 short-form application (FCC Form 175) and attachments.

**J. Application Processing, Petitions to Deny, and License Grant**

38. After its initial review of the long-form applications, WTB will release a public notice listing the applications that are acceptable for filing. Pursuant to section 1.2108(b) of the Commission's rules, interested parties will have 10 days from the release of that public notice within which to file petitions to deny any of these applications.<sup>36</sup> An applicant may file an opposition to any petition to deny within five business days after the time for filing petitions to deny has expired.<sup>37</sup> Replies must be filed within five business days after the time for filing oppositions to a petition to deny has expired.<sup>38</sup> The Commission reminds all parties and their counsel that the Commission intends to use its authority fully to deter the filing of frivolous pleadings.<sup>39</sup>

39. After the long-form application review process is completed, if Commission staff determines that additional payment from an applicant is due, WTB will provide further instructions in a

<sup>33</sup> *Id.* §§ 1.913, 1.919, 1.2107(f). By current Form 602 filing, we mean an FCC Form 602 filed after the FCC Form 175 deadline. If the most recent Form 602 filing predates the FCC Form 175 deadline, an applicant is responsible for filing an FCC Form 602 by the long-form application deadline regardless if the applicant's ownership information is the same or if the applicant needs to file new or updated ownership information. Further, we remind applicants that a spectrum aggregation limit allows any entity to hold a maximum of 40 megahertz in the 3.45 GHz band (i.e., four blocks out of ten) in any PEA at any point in time for four years post-auction. See *Facilitating Shared Use in the 3100-3550 MHz Band*, WT Docket No. 19-348, Second Report and Order, Order on Reconsideration, and Order of Proposed Modification, FCC 21-32, at 36-39, paras. 101-06 (Mar. 18, 2021). Applicants should therefore continue to conduct the necessary due diligence to determine whether any of its attributable interest holders have attributable interests in other potential license applicants, which may limit each applicant's ability to hold up to four licenses in a single PEA. See *Auction 110 Procedures Public Notice*, at 43-44, paras. 128-30.

<sup>34</sup> The FCC Form 601 ownership reporting requirement can be fulfilled by referencing the file number, date, and name of filer of the appropriate FCC Form 602. See *Instructions for Completing FCC Form 601 and FCC Form 602*.

#### IV. OTHER IMPORTANT INFORMATION

##### A. Continuing Prohibition on Certain Communications

40. We remind applicants that the rules prohibiting certain communications set forth in section 1.2105(c) of the Commission's rules apply to each applicant that filed a short-form application (FCC Form 175) in Auction 110.<sup>42</sup> Section 1.2105(c)(1) provides that, subject to specified exceptions, after the deadline for filing a short-form application, "all applicants are prohibited from cooperating or collaborating with respect to, communicating with or disclosing, to each other or any nationwide provider [of communications services] that is not an applicant, or, if the applicant is a nationwide provider, any non-nationwide provider that is not an applicant, in any manner the substance of their own, or each other's, or any other applicants' bids or bidding strategies (including post-auction market structure), or discussing or negotiating settlement agreements, until after the down payment deadline[.]"<sup>43</sup> An "applicant" for purposes of this rule includes all "controlling interests" in the entity submitting the FCC Form 175 auction application, as well as all holders of interests amounting to 10% or more of the entity, and all officers and directors of that entity.<sup>44</sup>

41. This prohibition took effect as of the short-form application filing deadline, which for Auction 110 was Wednesday, July 21, 2021, at 6:00 p.m. ET, and ends at the post-auction down payment deadline for Auction 110, which is Monday, January 31, 2022, at 6:00 p.m. ET.<sup>45</sup> **This prohibition applies to all applicants regardless of whether such applicants became qualified bidders, or actually bid, in Auction 110.**<sup>46</sup> For further information on the prohibition, applicants should refer to the *Auction 110 Procedures Public Notice* and the *Auction 110 Qualified Bidders Public Notice*.<sup>47</sup>
