By the Chief, Video Division, Media Bureau:

**I. INTRODUCTION**

1. The Video Division, Media Bureau (Bureau), has before it a petition for rulemaking filed by Maine Public Broadcasting Corporation (Petitioner), the licensee of WCBB, channel \*10, Augusta, Maine (Station or WCBB).<sup>1</sup> The Petitioner requests the substitution of channel \*20 for channel \*10 at Augusta in the Table of Allotments.<sup>2</sup>

**II. BACKGROUND**

2. In support, the Petitioner states that the proposed channel substitution would serve the public interest, since WCBB is one of only two full power stations in the market to broadcast on a VHF channel, and moving the Station to a UHF channel would improve the community's access to WCBB's PBS and other public television programming by improving indoor reception.<sup>3</sup> According to Petitioner, although the proposed channel \*20 facilities will result in a predicted loss of service to 3,785 persons, however much of the predicted loss area is located outside the state of Maine and the "vast majority" is served by Petitioner's owned and operated stations WMEB-TV, Orono, Maine, and WMEA-TV, Biddeford, Maine, or by other PBS member stations, WENH-TV, Durham, New Hampshire, WLED-TV, Littleton, New Hampshire, and WVTB, St. Johnsbury, Vermont.<sup>4</sup> Petitioner goes on to state that once these other sources of PBS programming and terrain-limitations are factored into the loss analysis, the new loss area that would be created by the proposed channel substitution would contain 144 persons, which it asserts is well below the level the Commission considers *de minimis* in the context of considering impermissible loss of service.<sup>5</sup>

<sup>1</sup> Petition of Maine Public Broadcasting Corporation for Rulemaking (filed Mar. 31, 2022, LMS File No. 0000188079) (Petition). The Petitioner amended on April 6, 2022 to provide additional analysis regarding predicted loss of PBS programming (Amended Petition).

### III. DISCUSSION

3. We believe that the Petitioner's channel substitution proposal warrants consideration. Channel \*20 can be substituted for channel \*10 at Augusta, Maine, as proposed, in compliance with the principal community coverage requirements of section 73.625(a) of the Commission's rules,<sup>6</sup> at coordinates 44° 09' 15.0" N and 70° 00' 35" W.<sup>7</sup> Although the Petitioner's proposal would result in a loss of PBS service for a limited number of viewers, we find that the overall benefits of the proposed channel change outweighs any possible harm to the public interest, given the fact that the loss of service is ultimately *de minimis* when taking into account the ability of viewers to access PBS and other major network and educational programming from other stations. In total, 144 persons would lose PBS service, which in the past we have found this number to be *de minimis*.<sup>8</sup> In addition, we find that this channel change meets the technical requirements set forth in sections 73.616 and 73.623 of the rules.<sup>9</sup> Thus, we propose to substitute channel \*20 for channel \*10 for WCBB with the following specifications:

<u>City and State</u>	<u>Channel</u>	<u>Power (kW)</u>	<u>Antenna HAAT (m)</u>
Augusta, Maine	*20	1000	304

4. Accordingly, we seek comment on the proposed amendment of the Table of Allotments, section 73.622(j) of the rules,<sup>10</sup> for the community listed below, to read as follows:

<u>City and State</u>	<u>Channel No.</u>	<u>Present</u>	<u>Proposed</u>
Augusta, Maine	*10		*20

### IV. PROCEDURAL MATTERS

5. *Showings Required.* Comments are invited on the proposal discussed in this Notice of Proposed Rulemaking (*NPRM*). The Petitioner or any proponent that expresses interest in the allotment will be expected to answer whatever questions are presented in initial comments. The petitioner of a proposed allotment is required to file comments even if it only resubmits or incorporates by reference its former pleadings. The petitioner must restate its present intention to apply for the channel if it is allotted and, if authorized, to build a station promptly.<sup>11</sup> Failure to file may lead to denial of the request. Any requests by a proponent for withdrawal or dismissal of an allotment request must be filed with the Commission in accordance with section 1.420(j) of the rules.<sup>12</sup>

6. *Cut-off Protection.* The following procedures will govern the consideration of the filings in this proceeding:
