By the Chief, Video Division, Media Bureau:

I. INTRODUCTION

1. The Video Division, Media Bureau has before it a petition for rulemaking filed March 31, 2022 by WVEC Television, LLC (Petitioner), the licensee of WVEC(TV) (WVEC or Station), channel 11, Hampton, Virginia.1 The Petitioner requests the substitution of channel 35 for channel 11 at Hampton, Virginia, in the Table of Allotments.2

II. BACKGROUND

2. In support of its channel substitution request, the Petitioner states that the Commission has recognized that VHF channels have certain characteristics that pose challenges for their use in providing digital television service, including propagation characteristics that allow undesired signals and noise to be receivable at relatively far distances.3 According to the Petitioner, it has received many complaints from viewers unable to receive a reliable signal on channel 11, despite being able to receive the NBC, CBS, and FOX network affiliates in the Norfolk, Virginia market, all of which operate on UHF channels.4 The proposed channel change would not cause any loss of service to viewers of WVEC's existing coverage area.5

III. DISCUSSION

3. We believe that the Petitioner's channel substitution proposal warrants consideration. Channel 35 can be substituted for channel 11 at Hampton, Virginia, as proposed, in compliance with the principal community coverage requirements of section 73.625(a) of the Commission's rules (rules),6 at coordinates 36° 49' 00.0" N and 76° 28' 05.0" W. The proposal will not result in any loss of service to

existing viewers. In addition, we find that this channel change meets the technical requirements set forth in sections 73.616 and 73.623 of the rules.⁷ Thus, we propose to substitute channel 35 for channel 11 for WVEC with the following specifications:

<u>City and State</u>	<u>Television Channel</u>	<u>Power (kW)</u>	<u>Antenna HAAT (m)</u>
Hampton, Virginia	35	1000	363.9

4. Accordingly, we seek comment on the proposed amendment of the Table of Allotments, section 73.622(j) of the rules,⁸ for the community listed below, to read as follows:

<u>City and State</u>	<u>Channel No.</u>	<u>Present</u>	<u>Proposed</u>
Hampton, Virginia	11		35

IV. PROCEDURAL MATTERS

5. *Showings Required.* Comments are invited on the proposal discussed in this Notice of Proposed Rulemaking (*NPRM*). The Petitioner or any proponent that expresses interest in the allotment will be expected to answer whatever questions are presented in initial comments. The petitioner of a proposed allotment is required to file comments even if it only resubmits or incorporates by reference its former pleadings. The petitioner must restate its present intention to apply for the channel if it is allotted and, if authorized, to build a station promptly.⁹ Failure to file may lead to denial of the request. Any requests by a proponent for withdrawal or dismissal of an allotment request must be filed with the Commission in accordance with section 1.420(j) of the rules.¹⁰

6. *Cut-off Protection.* The following procedures will govern the consideration of the filings in this proceeding:

- (a) Counterproposals advanced in this proceeding itself will be considered, if advanced in initial comments, so that parties may comment on them in reply comments. They will not be considered if advanced in reply comments.¹¹
- (b) The filing of a counterproposal may lead the Commission to allot a different channel than was requested in the Petition.¹²

⁷ 47 CFR §§ 73.616, 73.623. The proposed channel 35 facility causes 1.38% interference to WFMY-TV, Greensboro, North Carolina, in excess of the 0.5% interference allowed in the Commission's rules. See 47 CFR § 73.616(d) ("An application will not be accepted if it is predicted to cause interference to more than an additional 0.5 percent of the population served by another post-transition DTV station."). WFMY-TV and the Petitioner are commonly owned by TEGNA Inc. and the Petitioner provides an Interference Acceptance Consent letter from WFMY-TV, LLC agreeing to accept the interference from the proposed channel 35 facility. Petition, Exhibit C. In addition, the proposed facility is predicted to cause prohibited interference to WYSJ-CD, Yorktown, Virginia, which is licensed to Jacobs Broadcasting System, Inc. An application to assign the license to Petitioner is pending (LMS File No. 0000187977), along with a contingent minor modification application to co-locate WYSJ-CD with WVEC's proposed facility (LMS File No. 0000187977), thus eliminating the adjacent-channel interference.
