## FCC ANNOUNCES WORKING GROUP MEMBERS OF THE COMMUNICATIONS EQUITY AND DIVERSITY COUNCIL

Consistent with the Federal Advisory Committee Act,<sup>1</sup> Federal Communications Commission (FCC or Commission) Chairwoman Jessica Rosenworcel has appointed the individuals listed in the Appendix to this Public Notice to serve as members of the three working groups of the Communications Equity and Diversity Council (CEDC or Council) that were previously announced by the Commission: Innovation and Access, Digital Empowerment and Inclusion, and Diversity and Equity. The working groups include members of the CEDC, additional working group members, and independent subject matter experts. The working groups will assist the CEDC in carrying out its mission.

The CEDC's mission is to focus on diversity and equity across the tech sector. The Council will provide the Commission with recommendations on advancing equity in the provision of and access to digital communication services and products for all people of the United States. The Innovation and Access Working Group will recommend solutions to reduce entry barriers and encourage ownership and management of media, digital, communications services and next-generation technology properties and start-ups to encourage viewpoint diversity by a broad range of voices. The Digital Empowerment and Inclusion Working Group will make recommendations for addressing digital redlining and other barriers that impact equitable access to emerging technology in under-served and under-connected communities. The Diversity and Equity Working Group will propose solutions and approaches on how the FCC can affirmatively advance equity, civil rights, racial justice, and equal opportunity in the telecommunications industry to address inequalities in workplace employment policies and programs.

Members of the public may submit written comments to the CEDC using the FCC's Electronic Comment Filing System, ECFS, at [www.fcc.gov/ecfs](http://www.fcc.gov/ecfs). Any comments should be filed in GN Docket No. 17-208.

More information about the CEDC is available at <https://www.fcc.gov/communications-equity-and-diversity-council>.
