AUCTION OF CONSTRUCTION PERMITS FOR FULL POWER TELEVISION STATIONS SCHEDULED FOR JUNE 7, 2022

STATUS OF SHORT-FORM APPLICATIONS TO PARTICIPATE IN AUCTION 112

AU Docket No. 21-449

1. By this Public Notice, the Office of Economics and Analytics (OEA) and the Media Bureau (MB) announce the status of the 14 short-form applications received for Auction 112.¹ This auction will offer 27 construction permits for full power television (TV) stations, with bidding scheduled to begin on June 7, 2022.² This Public Notice also provides other important information regarding the modification and submission of short-form applications and reminds applicants of deadlines and certain procedures adopted for Auction 112.

I. SHORT-FORM APPLICATIONS AND UPFRONT PAYMENTS

A. Status of Short-Form Applications

2. The short-form applications to participate in Auction 112 (FCC Forms 175) have been reviewed for completeness and compliance with the Commission’s rules. The applications have been classified into the categories listed below:

Complete7 applications
Incomplete.....6 applications
Rejected1 application

3. **Complete Applications.** Attachment A to this Public Notice lists the short-form applications for Auction 112 that have been accepted for filing and designated as complete. Each of these applicants will become a qualified bidder upon receipt by the Commission of the required upfront payment by the May 6, 2022, deadline described below.³ Each applicant must maintain the accuracy of its short-form application as required by sections 1.65 and 1.2105(b) of the Commission’s rules.⁴

¹ A copy of this Public Notice will be sent by email and overnight delivery to the contact person listed on the FCC Form 175 for each Auction 112 applicant.

² See *Auction of Construction Permits for Full Power Television Stations; Notice and Filing Requirements, Minimum Opening Bids, Upfront Payments, and Other Procedures for Auction 112; Bidding Scheduled to Begin June 7, 2022*, AU Docket No. 21-449, Public Notice, DA 22-125 (OEA/MB 2022) (*Auction 112 Procedures Public Notice*).

³ See Section I.B, “Upfront Payment,” below; see also 47 CFR § 1.2106. If an applicant fails to submit a sufficient upfront payment to establish eligibility to bid on at least one of the construction permits selected on its FCC Form 175, the applicant will not be eligible to bid in the auction. See *Auction 112 Procedures Public Notice* at 33, para. 113.

4. Designation of an application as complete indicates the applicant has provided the certifications and basic information concerning its qualifications that are required by the Commission's competitive bidding rules for participation in the auction. Under the Commission's two-phased auction application process, a winning bidder must submit a long-form application after the close of bidding in the auction to demonstrate its qualifications to hold a Commission construction permit or license and, if a bidding credit is requested, its eligibility for the bidding credit.⁵ Thus, a determination that a short-form application is complete and complies with the Commission's competitive bidding rules and policies is not determinative of an applicant's qualifications to hold a construction permit or license or of entitlement to a bidding credit. In the event that an applicant is found unqualified to be a Commission permittee or licensee or is ineligible for a claimed new entrant bidding credit, it will be liable for any obligations incurred as a result of its participation in the auction.⁶

5. **Incomplete Applications.** Attachment B to this Public Notice lists the short-form applications for Auction 112 that have been accepted for filing but found to be incomplete or otherwise deficient. Each of these applicants will receive a letter identifying the deficiency(ies) in its application. This letter will be sent to the contact person and contact address listed on the incomplete application via overnight delivery.⁷ To become a qualified bidder for Auction 112, each applicant must make the required upfront payment and resubmit its application, having corrected any deficiencies, by the May 6, 2022, deadline.⁸ Each applicant must also maintain the accuracy of its short-form application as required by sections 1.65 and 1.2105(b) of the Commission's rules.⁹

6. **Rejected Application.** Attachment C to this Public Notice lists one short-form application for Auction 112 classified as rejected. An applicant whose application has been classified as rejected is disqualified from participation in Auction 112. The Commission concluded in the Second Report and Order in *Reexamination of the Comparative Standards for Noncommercial Educational Applicants* that any application for a noncommercial educational (NCE) station that is mutually exclusive with any application for a commercial broadcast station will be returned as unacceptable for filing.¹⁰ The applicant identified in Attachment C has checked "yes" to the Noncommercial Educational election question on its FCC Form 175 for the television broadcast stations selected on that application, is mutually exclusive with at least one application for a television commercial broadcast station in this auction,¹¹ and therefore is excluded from further Auction 112 participation.¹²

B. Upfront Payments

7. Upfront payments for Auction 112 are due in the proper account at the U.S. Treasury **by 6:00 p.m. Eastern Time (ET) on May 6, 2022**. In order to meet the Commission's upfront payment deadline, an applicant's payment must be credited to the Commission's account by the deadline. **Payments must be made only by wire transfer and only in accordance with the instructions provided in the *Auction 112 Procedures Public Notice*, including its Attachment B.**¹³ No other payment method is acceptable for this auction.¹⁴ Each applicant must also complete and transmit an FCC Remittance Advice Form (FCC Form 159, February 2003 edition) to the Commission following the instructions provided in Attachment B to the *Auction 112 Procedures Public Notice*. Each applicant is reminded to provide its FCC registration number (FRN) on the FCC Form 159 and to submit the same FRN with all future payments for Auction 112. At least one hour before placing the order for the wire transfer (but on the same business day), each applicant must submit a completed FCC Form 159 to the Commission by fax at (202) 418-2843, or by email to RROGWireFaxes@fcc.gov.

8. Each applicant is responsible for timely submitting its upfront payment and filing an accurate and complete FCC Form 159.¹⁵ An applicant should discuss arrangements and deadlines with its financial institution well ahead of the due date regarding its wire transfer (including that financial institution's specific wire transfer requirements) and allow sufficient time for the wire transfer to be initiated and completed prior to the deadline. The Commission has repeatedly cautioned auction participants about the importance of planning ahead to prepare for unforeseen last-minute difficulties in making payments by wire transfer.¹⁶ **Each applicant should obtain confirmation from its financial institution that its wire transfer to the U.S. Treasury was successful and from Commission staff that its upfront payment was timely received and that it was deposited into the proper account.** As a regulatory requirement, the U.S. Treasury screens all payments from all financial institutions before deposits are made available to specified accounts. If wires are suspended, the U.S. Treasury may direct questions regarding any transfer to the financial institution initiating the wire. Each applicant must take care to assure that any questions directed to its financial institution(s) are addressed promptly. For confirmation from the Commission, an applicant may contact staff of the Office of Managing Director's Revenue & Receivables Operations Group/Auctions listed at the end of this Public Notice. information regarding upfront payments can be found in the *Auction 112 Procedures Public Notice* under section III.E.¹⁷

C. Short-Form Application Changes and Resubmission

9. Each applicant whose application for Auction 112 has been identified as incomplete must address each defect in its application during the resubmission window, which is now open.¹⁸ Corrected applications must be submitted **prior to 6:00 p.m. ET on Friday, May 6, 2022**. This will be the only opportunity to cure application defects. Late resubmissions will not be accepted. An applicant that filed an application deemed to be incomplete or otherwise deficient, as identified in Attachment B to this Public Notice, must submit a timely and sufficient upfront payment before the Commission will review its resubmitted application. If an application is incomplete or otherwise deficient after the resubmission deadline has passed, or if the required upfront payment is not made by the specified deadline, the applicant will not be permitted to bid in Auction 112.

10. During this resubmission window, all applicants may make minor changes as described below in more detail. To the extent that changes may be made directly in the electronic FCC Form 175 at the time of the amendment, an applicant must modify its short-form application electronically.¹⁹ An applicant seeking to report changes outside of the resubmission window must submit a letter briefly summarizing the changes by email to the following address: auction112@fcc.gov. Questions about reporting application changes should be directed to the Auctions Division at (202) 418-0660.

11. As described in the Commission's rules, an applicant may make only minor corrections to its short-form application (*e.g.*, changing certain contact information or authorized bidder information).²⁰ The electronic FCC Form 175 will not permit an applicant to make changes to specific data fields in its application after the short-form application filing deadline, including changes to the following data fields: applicant name, legal classification, certifier, bidding credit, and permit selection. Administrative and minor changes can be made in other specific data fields, including, for example, deletion and addition of authorized bidders (to a maximum of three), revision of addresses and telephone numbers of the applicant and its contact person, and changes to its responsible party. While changes can be made to ownership and agreement information,²¹ we remind each applicant that any application changes must comply with the Commission's rules, which prohibit, among other things, changes in ownership that would constitute an assignment or transfer of control, as well as changes in ownership or

¹⁷ See *Auction 112 Procedures Public Notice* at 32-33, paras. 107-113, Attachment B.

¹⁸ 47 CFR § 1.2105(b)(2).

¹⁹ During the resubmission phase, applicants will have electronic access to update the following application fields: jurisdiction of formation/country of citizenship, applicant address, responsible party information, responsible party address, contact information, contact address, authorized bidder information, bidding preference (telephonic or electronic), agreement information, and ownership information. During the resubmission period, some required updates in an Auction 112 FCC Form 175 may need to be submitted by uploading an attachment. During all phases of the application process, applicants have electronic access to make certain administrative changes including updates to: applicant address, responsible party address, contact information, contact address, and bidding preference (telephonic or electronic).

²⁰ See 47 CFR § 1.2105(b). A major modification includes a change of construction permit selection, change in required certifications, change in control of the applicant such as any change in ownership or control that would constitute an assignment or transfer of control of the applicant, claim of eligibility for a higher percentage of bidding credit, or change of the identification of the application's proposed facilities as noncommercial educational. *Id.*; see also, *e.g.*, *Koch Broadcasting Corp.*, 21 FCC Red at 147 (dismissing short-form application due to major amendment reporting change of control of applicant).

²¹ For more information on making administrative changes to an existing application, see "Modifying an FCC Form 175" in the *Auction 112 Procedures Public Notice* at 27-28, paras. 86-92. See also *Short-Form Application (FCC Form 175) Filing Instructions for Auction 112*, which is available under the Education section of the Auction 112 website at www.fcc.gov/auction/112.

agreements that would constitute violations of section 1.2105.²² If any application is changed to effect a major amendment, the applicant will be ineligible to bid in Auction 112.²³

II. OTHER IMPORTANT AUCTION 112 INFORMATION

A. Announcement of Qualified Bidders

12. Following Commission review of resubmitted short-form applications and the correlation of payments and applications, a public notice listing all applicants qualified to bid in Auction 112 will be released. The same public notice will also include bidding schedules for both the mock auction and the first day of bidding in the auction.

13. When two or more short-form applications are submitted specifying the same construction permit in Auction 112, mutual exclusivity exists for auction purposes and that construction permit must be awarded by competitive bidding procedures.²⁴ Consistent with Commission policy in previous broadcast auctions, once mutual exclusivity exists for auction purposes, even if only one applicant is qualified to bid or in fact places a bid for a particular construction permit, that applicant is required to submit a bid in order to obtain the construction permit.²⁵

B. Delivery of Registration Materials to Qualified Bidders

14. All qualified bidders are automatically registered for the auction.²⁶ For security purposes, registration materials will be sent by overnight delivery only to the contact person at the contact address listed on each qualified bidder's FCC Form 175. All applicants should make sure that the contact address provided in their short-form application is accurate and is a location capable of accepting packages that will require a signature. The package will include an RSA SecurID® token (SecurID token) issued by the Commission and specifically assigned to each of the authorized bidders identified on the qualified bidder's FCC Form 175. The SecurID token will allow each authorized bidder to log in and access the FCC auction bidding system in order to participate in the mock auction and place bids in Auction 112. The package will also contain the web address and instructions for accessing and logging in to the auction bidding system, the FCC assigned username (User ID) for each of the authorized bidders identified on the qualified bidder's FCC Form 175, and the Auction Bidder Line phone number.

III. APPLICANTS' CONTINUING OBLIGATIONS

A. Duty to Maintain Accurate Information in Short-Form Applications

15. We remind applicants that sections 1.65 and 1.2105(b) of the Commission's rules require an applicant to maintain the accuracy and completeness of information furnished in its pending short-form application to participate in Auction 112.²⁷ Each applicant must amend its short-form application to furnish additional or corrected information within five days of a significant occurrence, or no more than five days after the applicant becomes aware of the need for amendment.²⁸ An applicant's obligation to

make such a modification or amendment to its pending application continues until it is made.²⁹ All changes are subject to review by Commission staff.

16. An applicant that needs to make permissible minor changes to its FCC Form 175, or that must make changes in order to maintain the accuracy and completeness of its short-form application during a time when the FCC Auction Application System is available to the applicant for purposes of making the type of change(s) required, must make such changes electronically to its FCC Form 175 using the FCC Auction Application System. Between the closing of the resubmission filing window and the release of the public notice announcing qualified bidders for Auction 112, the only changes an applicant can make using the FCC Auction Application System are minor changes, specifically the revision of addresses and telephone numbers of the applicant, its responsible party, and its contact person, or change in the applicant's selected bidding preference (telephonic or electronic).³⁰ For all other application changes between the closing of the resubmission filing window and prior to the release of the public notice announcing the close of bidding for Auction 112, an applicant must submit a letter briefly summarizing the changes to its FCC Form 175 by email to auction112@fcc.gov.³¹ An applicant must not submit application-specific material through the Commission's Electronic Comment Filing System (ECFS).

17. For more information on an applicant's continuing obligation to maintain the accuracy and completeness of information furnished in its application to participate in Auction 112, applicants should refer to previous Auction 112 public notices, including the *Auction 112 Procedures Public Notice*.³²

B. Due Diligence

18. We remind each potential bidder that it is solely responsible for investigating and evaluating all technical and marketplace factors that may have a bearing on the value of the construction permits for broadcast facilities being offered in Auction 112. The Commission makes no representations or warranties about the use of these construction permits for particular services. Applicants should be aware that an FCC auction represents an opportunity to become an FCC permittee in a broadcast service, subject to certain conditions and regulations. This includes the established authority of the Commission to alter the terms of existing construction permits by rulemaking, which is equally applicable to those awarded by auction.³³ MB and OEA strongly encourage potential bidders to continue to conduct their own research in order to determine the existence of pending or future administrative or judicial proceedings, pleadings, applications, or authorizations that might affect their decisions regarding continued participation in the auction. Additionally, a potential bidder should perform technical analyses

²⁹ See *Procedural Amendments to Commission Part 1 Competitive Bidding Rules*, WT Docket No. 10-18, Order, 25 FCC Rcd 521, 521-23, paras. 6-8 (2010) (*Part 1 Procedural Amendments Order*).

³⁰ An applicant should not use the FCC Auction Application System outside of the initial and resubmission filing windows to make changes to its short-form application for other than administrative changes. Auction applicants are not permitted to make a change to the following data fields after the short-form application filing deadline: applicant name, legal classification, certifier, bidding credit, and construction permit selection.

³¹ The letter summarizing the changes must include a subject or caption referring to Auction 112 and the name of the applicant, for example, "Re: Changes to Auction 112 Application of XYZ Corp." Any attachments to the email must be formatted as Adobe® Acrobat® (PDF) or Microsoft® Word documents. An applicant that submits its changes in this manner must subsequently update its FCC Form 175 application in the FCC Auction Application System once it is open and available to applicants again.

³² See *Auction 112 Procedures Public Notice* at 27-28, paras. 86-92; see also 47 CFR §§ 1.65, 1.2105(b). Questions about FCC Form 175 amendments should be directed to the Auctions Division at (202) 418-0660 or by email to auction112@fcc.gov.

³³ See, e.g., *Cellco P'ship v. FCC*, 700 F.3d 534, 542 (D.C. Cir. 2012); *Celtronix Telemetry, Inc. v. FCC*, 272 F.3d 585, 589 (D.C. Cir. 2001) (citing 47 U.S.C. § 309(j)(6)(D)).

or refresh their previous analyses to assure itself that, should it become a winning bidder for any Auction 112 construction permit, it will be able to build and operate facilities that will fully comply with all applicable technical and legal requirements.³⁴ Each applicant should inspect any prospective transmitter sites located in or near any service area for which it plans to bid, to confirm the availability of such sites, and to familiarize itself with the Commission's rules regarding any applicable federal, state, and local requirements.³⁵ Participants in this auction should continue such research throughout the auction. For further details regarding due diligence, please refer to the *Auction 112 Procedures Public Notice*, section III.A.³⁶

C. New Entrant Bidding Credit Eligibility

19. An applicant seeking a new entrant bidding credit must have indicated on its short-form application that it is claiming eligibility for a credit, along with the percentage of the bidding credit it is claiming.³⁷ The bidding credit percentage indicated on the short-form application as of the March 30, 2022, filing deadline is the maximum level of bidding credit that an applicant can claim for this auction.³⁸ Circumstances may arise after the short-form application deadline under which an applicant may no longer be eligible to claim a bidding credit or may only be eligible for a bidding credit at a lower percentage. This might be the case, for example, where the applicant or one of its attributable interest holders acquires an interest in another television station after the March 30, 2022, deadline.³⁹ Any change affecting eligibility for the new entrant bidding credit, including a change that could result in the reduction or loss of the credit originally claimed on the short-form application,⁴⁰ must be reported immediately, and no later than five business days after the change occurs.⁴¹ To report any change regarding its new entrant bidding credit eligibility claim, an applicant must submit a letter briefly summarizing the change by email to the following address: auction112@fcc.gov.

D. Prohibition of Certain Communications

20. We remind applicants that the Commission's rules prohibiting certain communications apply to each applicant that filed a short-form application in Auction 112.⁴² Section 1.2105(c)(1) of the

³⁴ See, e.g., 47 CFR §§ 73.601 – 73.699.

³⁸ 47 CFR § 73.5007(a).

³⁹ Additional information on the new entrant bidding credit may be found in the *Auction 112 Procedures Public Notice* at 20-22, paras. 66-74.

⁴⁰ The Commission has recognized that changes occurring subsequent to the short form application filing deadline, which could serve as the basis for reducing or eliminating an applicant's previously claimed bidding credit eligibility, may arise in a wide range of circumstances. See *Policies to Promote Rural Radio Service and to Streamline Allotment and Assignment Procedures*, MB Docket No. 09-52, First Report and Order and Further Notice of Proposed Rule Making, 25 FCC Rcd 1583, 1611-14, paras. 57-63 (2010). See also 47 CFR § 73.5007(a).

⁴¹ An applicant's obligation to make such amendment or modification to its pending application continues until it is made. See 47 CFR §§ 1.65, 1.2105(b)(4); see also *Part 1 Procedural Amendments Order*, 25 FCC Rcd at 522-23, paras. 6-8. See, e.g., *Vermont Tel. Co.*, Notice of Apparent Liability for Forfeiture, 26 FCC Rcd 14130 (EB 2011) (finding auction applicant apparently liable for forfeiture in the amount of \$34,000 for failing to submit accurate bidding credit information and failing to maintain the continuing accuracy of bidding credit information in its application).

⁴² 47 CFR §§ 1.2105(c)(1), 73.5002(d).

Commission's rules provides that, subject to specified exceptions, after the deadline for filing a short-form application, all applicants in this auction are prohibited from cooperating or collaborating with respect to, communicating with or disclosing, to each other in any manner the substance of their own, or each other's, or any other applicant's bids or bidding strategies (including post-auction market structure), or discussing or negotiating settlement agreements, until after the down payment deadline.⁴³

21. This prohibition took effect as of the short-form application filing deadline, which for Auction 112 was March 30, 2022, at 6:00 p.m. ET, and ends at the post-auction down payment deadline for Auction 112, which will be announced in a future public notice.⁴⁴ **This prohibition applies to all applicants regardless of whether such applicants become qualified bidders or actually bid in Auction 112.**⁴⁵

22. We also emphasize that, for purposes of this prohibition, an "applicant" includes all controlling interests of the entity submitting a short-form application to participate in the auction, all officers and directors of that entity, and all holders of interests amounting to 10% or more of that entity.⁴⁶ Thus, for example, a violation of section 1.2105(c) of the Commission's rules could occur when an individual serves as an officer and/or director for two or more Auction 112 applicants.⁴⁷ Therefore, applicants should continue to take precautionary steps to prevent prohibited communications between any of the entities or persons described as covered by the prohibition.⁴⁸

23. The Commission's rules prohibit joint bidding arrangements, including any arrangement with any other applicant relating to the permits or licenses being auctioned that addresses or communicates, directly or indirectly, bidding at the auction, bidding strategies, or the post-auction market structure, including any such arrangement regarding price or the specific permits or licenses on which to bid.⁴⁹ This rule provides limited exceptions for a communication within the scope of any arrangement consistent with the exclusion from the Commission's rule prohibiting joint bidding, provided such arrangement is disclosed on the applicant's auction application.⁵⁰ An applicant may continue to communicate pursuant to any pre-existing agreement, arrangement, or understanding that is solely

⁴³ *Id.*, § 1.2105(c).

⁴⁴ *Id.*, § 1.2105(c)(1).

⁴⁵ A party that submits an application becomes an "applicant" under the rule at the application filing deadline and that status does not change based on subsequent developments. *See, e.g., Star Wireless*, 522 F.3d at 469 (section 1.2105(c) applies to applicants regardless of whether they are qualified to bid). Thus, an auction applicant that does not correct deficiencies in its application, fails to submit a timely and sufficient upfront payment, or does not otherwise become qualified, remains an "applicant" for purposes of the rule and remains subject to the prohibition on certain communications until the applicable down payment deadline.

⁴⁶ 47 CFR § 1.2105(c)(5)(i).

⁴⁷ *See, e.g., Lotus Communications Corp.*, Order, 23 FCC Rcd 9107 (WTB 2008) (affirming finding of apparent violation of communication prohibitions of section 1.2105(c) when one individual served as officer for two auction applicants); *TCCSA, Inc.*, Letter Order, 20 FCC Rcd 14648 (MB/WTB 2005) (finding apparent violation of communication prohibitions of section 1.2105(c) where applicants shared same individual as an officer and director).

⁴⁸ *See Application of Nevada Wireless*, Memorandum Opinion and Order, 13 FCC Rcd 11973, 11977-78, paras. 11-13 (WTB 1998). OEA and MB caution, however, that the mere existence of precautionary measures will not outweigh specific evidence of a prohibited communication, nor will it preclude the initiation of an investigation when warranted. *Id.* at 11978, para. 13.

operational or that provides for transfer or assignment of a permit or license, provided that such agreement, arrangement, or understanding does not involve the communication or coordination of bids (including amounts), bidding strategies, or the particular permits or licenses on which to bid and provided that such agreement, arrangement, or understanding is disclosed on its application.⁵¹

24. *Disclosure Obligations.* Section 1.2105(c)(4) requires each auction applicant that makes or receives a communication that appears to violate section 1.2105(c) to report the communication in writing to the Commission immediately, but in no case later than five business days after the communication occurs.⁵² Each applicant's obligation to report any such communication continues beyond the five-day period after the communication is made, even if the report is not made within the five-day period.⁵³

25. *Reporting Prohibited Communications.* Any party reporting any communication pursuant to sections 1.65, 1.2105(a)(2), or 1.2105(c)(4) must take care to ensure that the report does not itself give rise to a violation of section 1.2105(c). To minimize the risk of inadvertent dissemination of a report of a potential prohibited communication, section 1.2105(c)(6) requires a party to file only a single report with the Auctions Division Chief.⁵⁴ For Auction 112, any such report must be filed according to the instructions set forth in the *Auction 112 Procedures Public Notice*.⁵⁵

26. *Possible Sanctions.* Any applicant found to have violated section 1.2105(c) of the Commission's rules may be subject to sanctions.⁵⁶ In addition, we remind each applicant that it is subject to the antitrust laws, which are designed to prevent anti-competitive behavior in the marketplace. If an applicant is found to have violated the antitrust laws or the Commission's rules in connection with its participation in the competitive bidding process, it may be subject to forfeiture of its upfront payment, down payment, or full bid amount, and it may be prohibited from participating in future auctions, among other sanctions.⁵⁷

E. Limited Information Procedures

27. We remind applicants that, under the limited information procedures in effect for Auction 112 (sometimes also referred to as anonymous bidding), the Commission is withholding from public release, until after the close of bidding in Auction 112, any information that may indicate specific applicants' interests in the auction—including, among other things, construction permit selections, upfront payments and bidding eligibility information, and the identities of bidders placing bids or taking other bidding-related actions.⁵⁸ Accordingly, communication with other applicants or public disclosure of such non-public information may violate the Commission's limited information procedures and the rule prohibiting certain communications, section 1.2105(c) of the Commission's rules.

28. Therefore, applicants must take care not to communicate non-public information to the public, financial analysts, or the press.⁵⁹ Examples of communications raising concern, given the limited

information procedures in effect for Auction 112, would include an applicant's statement to the press or other public statement (for example, a statement on social media) about its upfront payment or bidding eligibility, an applicant's statement to the press or other public statement that it is or is not interested in bidding in the auction, or an applicant's statement to the press or other public statement prior to the down payment deadline that it is the winning bidder in any particular geographic areas.

F. Submission of Auction-Related Filings

29. A party wishing to submit a request, a complaint, or other information concerning Auction 112 should, in addition to following other procedures prescribed by the Commission's rules, send to the attention of the Auctions Division Chief a copy by email to auCTION112@fcc.gov. We occasionally receive complaints regarding specific bidders and requests to suspend bidding during an auction. While we reserve the right to take appropriate action during an auction to preserve the integrity of the auction process, it is generally our practice to address any such allegations only after a winning bidder has submitted its long-form application, when there is greater opportunity for investigation of such allegations, if warranted. The Commission will not investigate any complaints or allegations that are not accompanied by full contact information, including name, address, and telephone number, for the complaining party or parties.

G. Ex Parte Rule

30. Applicants should also be aware that the Commission has generally treated mutually exclusive short-form applications to participate in the auctions process as exempt proceedings and, therefore, not subject to the *ex parte* prohibitions that pertain to restricted proceedings.⁶⁰

IV. CONTACT INFORMATION

31. For specific questions about an applicant's incomplete status or its application deficiencies, the applicant should contact the staff reviewer identified in the correspondence sent to the applicant by overnight mail.
