By this Public Notice, the Wireless Telecommunications Bureau (Bureau) seeks comment on Wistron NeWeb Corporation's (WNC's), request for waiver¹ of the Industrial Signal Booster labeling requirements found in Section 20.21 (f)(1)(iv)(B) of the Commission's rules.² On December 8, 2021, WNC filed seeking a waiver to allow for the replacement of the standard labeling language on its TR2 5G Extender. Our rules require all industrial signal boosters to display the following language on the device:

Unauthorized use may result in significant forfeiture penalties, including penalties in excess of \$100,000 for each continuing violation.³

WNC requests the removal of the sentence indicating licensees and qualified installers should perform the installation of the device⁴ and the following language to be displayed on the device:

This is not a CONSUMER device. *This device may not be sold at retail.* You MUST have an FCC LICENSE or express consent of an FCC Licensee (*or express consent of your service provider*) to operate this device. *Antennas must be installed at least 20 cm (8 inches) from any person.* Unauthorized use may result in significant forfeiture penalties, including penalties in excess of \$100,000 for each continuing violation.⁵

We seek comment on this request.
