**PUBLIC SAFETY AND HOMELAND SECURITY BUREAU ANNOUNCES  
REGION 42 (VIRGINIA) REGIONAL PLANNING COMMITTEES TO HOLD 700 MHZ AND  
800 MHZ PLANNING MEETINGS**

**PR Docket No. 91-300 and WT Docket 02-378**

The Region 42 (Virginia, except Northern Virginia) 700 MHz and 800 MHz Regional Planning Committees (RPCs) will hold two consecutive planning meetings on Wednesday, May 18, 2022.<sup>1</sup> The 700 MHz RPC planning meeting will begin at 1:00 p.m. at the Wyndham Virginia Beach Oceanfront, 5700 Atlantic Ave, Virginia Beach, Virginia 23451. Immediately following the 700 MHz RPC planning meeting, the 800 MHz RPC planning meeting will convene (same location).

The agenda for both the 700 MHz and 800 MHz meetings include:

- Call to order
- Introductions
- Approval of Minutes
- Approval of Agenda
- Old Business
- Chairman's remarks on issues of importance in Region 42
- New Business
- Other Business
- Adjourn

Both Region 42 RPC meetings are open to the public. All eligible public safety providers in Region 42 may utilize these frequencies. It is essential that eligible public safety agencies in all areas of government, including state, municipality, county, and Native American Tribal be represented in order to ensure that each agency's future spectrum needs are considered in the allocation process. Administrators who are not oriented in the communications field should delegate someone with this knowledge to attend, participate, and represent their agency's needs.

All interested parties wishing to participate in planning for the use of public safety spectrum in the 700 MHz and 800 MHz bands within Region 42 should plan to attend. For further information, please contact:

---

<sup>1</sup> The Region 42 planning area encompasses the Commonwealth of Virginia except the following Northern Virginia jurisdictions that fall within the Region 20 planning area: Arlington, Fairfax, Fauquier, Loudoun, Prince William and Stafford Counties; and Alexandria, Fairfax, Falls Church, Manassas and Manassas Park Cities.

C. J. Shaffer
