MEMORANDUM OPINION AND ORDER
AND
NOTICE OF APPARENT LIABILITY FOR FORFEITURE

Adopted: June 10, 2022

Released: June 10, 2022

By the Chief, Video Division, Media Bureau:

I. INTRODUCTION

1. The Media Bureau (Bureau) has before it the above-captioned application (Application) of Methow Valley Communications District (Permittee), for a license to cover television translator (TV translator) station K44EN-D, Methow, Washington (K44EN-D or Station). In this Memorandum Opinion and Order and Notice of Apparent Liability for Forfeiture (NAL), we find that the Permittee apparently willfully violated section 74.788 of the Rules by failing to timely file a license to cover application, and willfully and repeatedly violated section 301 of the Act, by engaging in unauthorized operation of the Station after its construction permit had expired. Based upon our review of the facts and circumstances before us, we conclude that the Permittee is apparently liable for a monetary forfeiture in the amount of six thousand five hundred dollars (\$6,500).

II. BACKGROUND

2. As a result of the television incentive auction the Station was displaced off of channel 44, a portion of which was reallocated for wireless broadband services. On July 24, 2017, the Station received a letter from T-Mobile USA, Inc., informing it that it was prepared to commence wireless broadband operations in November 2017, and that the Station is likely to cause harmful interference to its operation in the 600 MHz band. Consistent with Bureau guidance, Permittee filed a request for legal

1 This NAL is issued pursuant to sections 309(k) and 503(b) of the Communications Act of 1934, as amended (Act), and section 1.80 of the Commission's rules (Rules). See 47 U.S.C. §§ 309(k), 503(b); 47 CFR § 1.80. The Bureau has delegated authority to issue the NAL under section 0.283 of the Rules. See 47 CFR § 0.283.

3 See 47 U.S.C. § 301.

LPTV stations on channels 38-51 that were displaced by the Incentive Auction and repacking process and had received notice from 600 MHz band wireless licensees that they had to terminate operations prior to being able to file a displacement application in the 2018 special displacement window were permitted to file a displacement application

special temporary authority (STA)⁶ and application for digital displacement 36⁷ on September 29, 2017. Permittee's STA was granted on October 12, 2017, allowing it to begin operating temporarily on its digital displacement channel 26 while its displacement application was pending.

3. The Bureau subsequently granted the channel 36 digital displacement application for on November 26, 2018, with an expiration date of November 26, 2021 (Displacement CP). However, Permittee did not file an application for license to cover by November 26, 2021, and the Displacement CP expired on its own terms that day pursuant to section 74.788(b) of the Rules.⁸ Permittee filed the Application on May 12, 2022, wherein the Permittee represents that construction of the facilities set forth in the Displacement CP (and previously authorized to operate in its STA) were completed in June 2018, but that the Permittee inadvertently failed to file a license to cover at that time. Permittee submits documentation to demonstrate that the Displacement CP facilities were constructed and that the Station is currently operating pursuant to those facilities. Accordingly, Permittee filed the Application over three years after completing construction and almost six months after the Permit expired. Permittee requests waiver of the rules, reinstatement of the Displacement CP, and grant of the Application.

III. DISCUSSION

4. *Proposed Forfeiture.* The Permittee failed to timely file a license to cover as required by section 74.788 of the Rules,⁹ and continued Station operations with the permitted facilities after the Permit expired on November 26, 2021, before filing the Application, and did not seek special temporary authority to operate with those facilities. In its Petition, Permittee stated that it completed construction of the Station in accordance with the construction permit granted by the Commission and previously commenced operation of those facilities pursuant to a valid STA in June 2018. Permittee states that it overlooked submitting the license to cover at that time. It is well settled that administrative oversight is not an excuse for failure to comply with the Commission's rules.¹⁰ Further, as a result of its late filing, Permittee also engaged in unauthorized operation in violation of section 301 of the Act.¹¹

5. This *NAL* is issued pursuant to section 503(b)(1)(B) of the Act.¹² Under that provision, a person who is found to have willfully or repeatedly failed to comply with any provision of the Act or any rule, regulation, or order issued by the Commission shall be liable to the United States for a forfeiture

and request for special temporary authority (STA) and, upon grant of the STA, begin operating temporarily on their displacement channel. *Id.*

⁸ 47 CFR § 74.788(b). We note that because the construction permit had not yet been canceled in LMS the Station was able to file a license to cover application against its expired construction permit. Cancellation of a station's construction permit and deletion of its call sign by Media Bureau (Bureau) staff in the Licensing and Management System (LMS) is an administrative function and does not constitute an official Commission action nor require any affirmative cancellation by the Commission. *See* 47 CFR §74.788(b); *Media Bureau Reminds Remaining Low Power Television and Television Translator Stations that the July 13, 2021 Digital Transition Date and Other Important Deadlines are One Week Away*, Public Notice, 36 FCC Rcd 10364 (MB 2021). As a result, failure by Bureau staff to cancel a construction permit in LMS does not result in an expired construction permit remaining valid.

penalty.¹³ Section 312(f)(1) of the Act defines willful as “the conscious and deliberate commission or omission of [any] act, irrespective of any intent to violate” the law.¹⁴ The legislative history to section 312(f)(1) of the Act clarifies that this definition of willful applies to both sections 312 and 503(b) of the Act,¹⁵ and the Commission has so interpreted the term in the section 503(b) context.¹⁶ Section 312(f)(2) of the Act provides that “[t]he term ‘repeated,’ when used with reference to the commission or omission of any act, means the commission or omission of such act more than once or, if such commission or omission is continuous, for more than one day.”¹⁷

6. The Commission's *Forfeiture Policy Statement* and section 1.80(b)(10) of the Rules establish a base forfeiture amount of \$3,000 for the failure to file a required form.¹⁸ The guidelines also specify a base forfeiture amount of \$10,000 for construction and operation without an instrument of authorization for the service.¹⁹ In determining the appropriate forfeiture amount, we may adjust the base amount upward or downward by considering the factors enumerated in section 503(b)(2)(E) of the Act, including “the nature, circumstances, extent and gravity of the violation, and, with respect to the violator, the degree of culpability, any history of prior offenses, ability to pay, and such other matters as justice may require.”²⁰

7. In this case the Licensee failed to file a timely license to cover for the Station when it completed construction of its Displacement CP facilities in the Fall of 2018,²¹ and not only filed its Application nearly six months after its construction permit expired, but engaged in unauthorized operation of the Station for over three years. Taking into consideration all of the factors required by section 503(b)(2)(E) of the Act and the *Forfeiture Policy Statement*, we will reduce the forfeiture from the base amount to \$6,500 because, as a TV translator station, the Station is providing a secondary service.²² While in other cases we have only fined other LPTV and TV translator licensees \$3,500 for similar violations, we believe an increased amount is warranted here given the lengthy period of time (over three

years) the station engaged in unauthorized operation compared to those other cases.²³ Stations are only permitted to commence operation pursuant to a valid instrument of authorization and we find the Licensee's failure represents extreme disregard, or at best ignorance, of Commission's licensing processes and the Act itself. We will also grant the Permittee's waiver request and waive section 74.788 of the Rules,²⁴ reinstate the construction permit, and grant the Application by separate action upon the conclusion of this forfeiture proceeding if there are no issues other than the apparent violation that would preclude grant of the Application.

IV. ORDERING CLAUSES

8. Accordingly, **IT IS ORDERED**, pursuant to section 503(b) of the Communications Act of 1934, as amended, and section 1.80 of the Commission's rules,²⁵ Methow Valley Communications District is hereby **NOTIFIED** of its **APPARENT LIABILITY FOR FORFEITURE** in the amount of six thousand five hundred dollars (\$6,500) for its apparent willful violation of section 74.788 of the Commission's rules and section 301 of the Communications Act of 1934, as amended.²⁶

9. **IT IS FURTHER ORDERED**, pursuant to section 1.80 of the Commission's rules,²⁷ that, within thirty (30) days of the release date of this *NAL*, Methow Valley Communications District **SHALL PAY** the full amount of the proposed forfeiture or **SHALL FILE** a written statement seeking reduction or cancellation of the proposed forfeiture.

10. Payment of the forfeiture must be made by credit card, ACH (Automated Clearing House) debit from a bank account using CORES (the Commission's online payment system),²⁸ or by wire transfer. Payments by check or money order to pay a forfeiture are no longer accepted. Notification that payment has been made must be sent on the day of payment to Shaun.Maher@fcc.gov. Below are instructions that payors should follow based on the form of payment selected:²⁹

- Payment by wire transfer must be made to ABA Number 021030004, receiving bank TREAS/NYC, and Account Number 27000001. A completed Form 159 must be faxed to the Federal Communications Commission at 202-418-2843 or e-mailed to RROGWireFaxes@fcc.gov on the same business day the wire transfer is initiated. Failure to provide all required information in Form 159 may result in payment not being recognized as

²³ See *supra* note 22.

²⁴ A waiver is appropriate where the particular facts would make strict compliance inconsistent with the public interest and deviation from the general rule would relieve hardship, promote equity, or produce a more effective implementation of overall policy on an individual basis. *Northeast Cellular Telephone Co. v. FCC*, 897 F.2d 1164, 1166 (D.C. Cir. 1990) and *WAIT Radio v. FCC*, 418 F.2d 1153, 1159 (D.C. Cir. 1969), *cert. denied*, 409 U.S. 1072 (1972); 47 CFR § 1.3 (waiver for good cause shown). Providing relief in instances where a licensee has failed to file an application for license to cover, but clearly completed construction prior to its authorized facility prior to the construction expiration date is consistent with Commission precedent. See e.g., *Clear Channel Broadcasting Licenses, Inc.*, Memorandum Opinion and Order, 26 FCC Rcd 7153, 7157, para 11 (2011) (upholding as proper the Bureau's practice of processing a late-filed covering license application for facilities fully completed by the construction deadline through the waiver process); *Cranesville Block Company, Inc.*, Letter Order, 27 FCC Rcd 2018, 2019-20 (MB 2012) (dismissing a petition for reconsideration of an expired construction permit as procedurally improper and treating it instead as a request for waiver). We find that based on the specific facts and circumstances presented here waiver is warranted. We note that the Permittee requests waiver of 47 CFR § 73.3598, which also is applicable to digital LPTV stations and is waived as necessary.

13. The Commission will not consider reducing or canceling a forfeiture in response to a claim of inability to pay unless the respondent submits: (1) federal tax returns for the most recent three-year period; (2) financial statements prepared according to generally accepted accounting practices (GAAP); or (3) some other reliable and objective documentation that accurately reflects the respondent's current financial status. Any claim of inability to pay must specifically identify the basis for the claim by reference to the financial documentation submitted. Inability to pay, however, is only one of several factors that the Commission will consider in determining the appropriate forfeiture, and we have discretion to not reduce or cancel the forfeiture if other prongs of section § 503(b)(2)(E) of the Communications Act of 1934, as amended, support that result.³⁴
