<sup>3</sup> For a non-winning bidder, this Final Balance Due amount, which is equal to its Upfront Payment Amount, is shown in parentheses and is available for refund. For a winning bidder, this amount may equal the Final Payment Amount. However, if the Upfront Payment Amount exceeds the Down Payment Amount, any excess will reduce the Final Balance Due.

<sup>5</sup> 47 CFR § 1.2107(b); see *Auction of Construction Permits for Full Power Television Stations Scheduled for June 7, 2022; Notice and Filing Requirements, Minimum Opening Bids, Upfront Payments, and Other Procedures for Auction 112*, AU Docket No. 21-449, Public Notice, DA 22-125, at 45, para. 171 (OEA/MB 2022) (*Auction 112 Procedures Public Notice*).

aggregate net amount of its winning bid(s). Each winning bidder whose upfront payment is not sufficient to meet this requirement must deposit additional funds to meet its required down payment.<sup>6</sup>

8. All down payments must be made by wire transfer as instructed in this Public Notice.<sup>7</sup> Wire transfers for down payments must be received in the Commission's account at the U.S. Treasury by **6:00 p.m. ET on July 8, 2022**. The down payment amount due from each winning bidder, if any, is set out in the "Additional Amount Due by July 8, 2022" column of Attachment B. Note that an additional payment toward the down payment due is necessary only if a winning bidder's upfront payment does not cover the required total down payment (as reflected in Attachment B).

9. A winning bidder that fails to complete this down payment process consistent with the payment method described in this Public Notice by 6:00 p.m. ET on July 8, 2022, will be in default.<sup>8</sup>

#### **B. Final Payments – Due By 6:00 p.m. Eastern Time on July 22, 2022**

10. Each winning bidder in Auction 112 must submit the balance of the net amount of its winning bid(s), as set out in the "Final Balance Due By July 22, 2022 or (Refund)" column of Attachment B.<sup>9</sup> **To avoid a late fee or default, this payment must be made by wire transfer as instructed in this Public Notice and must be received in the Commission's account at the U.S. Treasury before 6:00 p.m. ET on July 22, 2022. To avoid default, a late payment after this deadline must be made by wire transfer as instructed in this Public Notice and must be received in the Commission's account at the U.S. Treasury before 6:00 p.m. ET on August 5, 2022, along with the 5% late fee required by section 1.2109(a) of the Commission's rules.**<sup>10</sup> Note that an additional payment toward the final balance due is necessary only if a winning bidder's upfront payment does not cover the required total down and final payment (as reflected in Attachment B).

11. A winning bidder that fails to complete this down payment process consistent with the payment method described in this Public Notice by 6:00 p.m. ET on July 22, 2022 (or by 6:00 p.m. ET on August 5, 2022, along with the 5% late fee) will be in default.<sup>11</sup>

#### **C. Payment Instructions for Down Payments and Final Payments**

12. All down payments and final payments must be made by wire transfer to the Commission's account at the U.S. Treasury, in accordance with the instructions in this Public Notice, by the applicable deadline.<sup>12</sup> **Winning bidders should pay close attention to the payment instructions set forth in this Public Notice, as they differ from the payment instructions provided in past auctions and from upfront payment procedures in this auction.** If a winning bidder has any questions about making a down payment or final payment, the winning bidder should contact Scott Radcliffe of the Office of the Managing Director's Revenue & Receivables Operations Group/Auctions at (202) 418-7518, [Scott.Radcliffe@fcc.gov](mailto:Scott.Radcliffe@fcc.gov), or Theresa Meeks at (202) 418-2945, [Theresa.Meeks@fcc.gov](mailto:Theresa.Meeks@fcc.gov), well in advance of the applicable deadlines.

13. All payments must be in U.S. dollars and made in the form of a wire transfer. No checks, credit card payments, automated clearing house (ACH), or other forms of payment will be accepted.

<sup>9</sup> 47 CFR § 1.2109(a).

<sup>10</sup> *Id.*

<sup>11</sup> See Section III.D, "Default and Disqualification Payments," below.

<sup>12</sup> A winning bidder must initiate the wire transfer through its bank, authorizing the bank to wire funds from the winning bidder's account to the Commission's account at the U.S. Treasury.

14. Each winning bidder is responsible for ensuring timely submission of all required payments. To avoid untimely payments, each winning bidder should discuss arrangements (including bank closing schedules, bank wire transfer schedules, and other bank wire transfer requirements, such as an in-person written request before a specified time of day) with its financial institution several days before it plans to make the wire transfer and should allow sufficient time for each wire transfer to be initiated and completed prior to the deadline. The Commission repeatedly has cautioned auction participants about the importance of planning ahead to prepare for unforeseen last-minute difficulties in making payments by wire transfer.<sup>13</sup>

15. Each winning bidder should direct its financial institution(s) to monitor carefully its wire transfer(s) to assure timely deposit in the correct account. As a regulatory requirement, the U.S. Treasury screens all payment from all financial institutions before deposits are made available to specified accounts. If wire transfers are suspended, the U.S. Treasury may direct questions regarding any transfer to the financial institution initiating the wire. Each winning bidder must make arrangements in advance to assure that any questions to its financial institution(s) are addressed promptly.

16. Each winning bidder is responsible for obtaining confirmation from its financial institution that its wire transfer to the U.S. Treasury was successful and from Commission staff that each payment was timely received and deposited into the proper account. To receive confirmation from Commission staff regarding receipt and deposit of wire transfers, a winning bidder may contact Scott Radcliffe at (202) 418-7518, [Scott.Radcliffe@fcc.gov](mailto:Scott.Radcliffe@fcc.gov), or Theresa Meeks at (202) 418-2945, [Theresa.Meeks@fcc.gov](mailto:Theresa.Meeks@fcc.gov).

17. Each payer must include specified information in its wire transfer instructions provided to its bank, as described below. **The Commission no longer requires payers to submit a completed FCC Remittance Advice Form (Form 159) with down payments or final payments.**<sup>14</sup> The Commission will credit any such payments based on the information accompanying the wire transfer. To submit funds by wire transfer, the winning bidder must include the following information in its wire transfer instructions:

<sup>14</sup> FCC Form 159 now is used in Commission auctions for upfront payments only.

**D. Default and Disqualification Payments for Auction 112**

19. If a winning bidder defaults or is disqualified after the close of the auction (i.e., fails to remit the required down payment by the specified deadline, fails to submit a timely long-form application, fails to make full payment of the balance of its winning bid(s) by the specified deadline, or is otherwise disqualified for any reason), the defaulting bidder will be subject to the payment obligations described in section 1.2104(g)(2) of the Commission's rules.<sup>15</sup> These payment obligations include both a deficiency payment and an additional payment amount. The deficiency payment component applies only in the event that the subsequent winning bid the next time the permit is won in an auction is less than the defaulted bid. The deficiency payment is equal to the difference between the amount of the defaulter's bid and the amount of the subsequent winning bid.<sup>16</sup> The additional payment is owed by each defaulting bidder and is equal to a percentage of the defaulter's bid or the subsequent winning bid, whichever is less.<sup>17</sup> The additional default payment for Auction 112 permits was set at 20% of the applicable bid.<sup>18</sup>

20. If a winning bidder fails to remit the required down payment by the July 8, 2022, deadline specified in this Public Notice, the bidder will be deemed to have defaulted, its long-form application will be dismissed, and it will be liable for a default payment as described above.<sup>19</sup>

21. If a winning bidder fails to pay the balance of its winning bid in a lump sum by the July 22, 2022, deadline specified in this Public Notice, then it will be allowed to make a late payment within 10 business days after the payment deadline, provided that it also pays a late fee equal to 5% of the amount due.<sup>20</sup> If a winning bidder fails to pay (a) the balance of its winning bid by the payment deadline on July 22, 2022, or (b) the balance of its winning bid plus the late fee by the late payment deadline on August 5, 2022, then it will be in default, and it will be subject to applicable default payments.<sup>21</sup>

22. The Commission will review an applicant's long-form application only after receipt of full and timely payment for the winning bid amount and any applicable late fees. The relevant construction permit will be granted only after full and timely payment of the winning bid amount (and any applicable late fees) and a determination that the long-form application meets the Commission's requirements for grant.<sup>22</sup>

23. A bidder that is found to have violated the antitrust laws or the Commission's rules in connection with its participation in the competitive bidding process may be subject, in addition to any other applicable sanctions, to forfeiture of its upfront payment, down payment, or full bid amount, and may be prohibited from participating in future auctions.<sup>23</sup>

**E. Refund of Excess Payments**

24. Upfront payment monies on deposit that are in excess of an applicant's Auction 112 obligations may be refunded to the payer of record as identified on the FCC Form 159 submitted with the applicant's upfront payment, unless that payer submits written authorization providing alternative payee instructions.

25. To receive a refund, the payer of record, as identified on the FCC Form 159 submitted for a particular applicant's upfront payment in Auction 112, an applicant must submit a written refund request with the information indicated in the next paragraph. Each applicant can provide this information by using the FCC auction application system to file its refund information electronically, using the **Refund Form** link found on the *My Auctions* page. After the required information is completed on the blank form, the form should be printed, signed, and submitted to the Commission by fax or email as instructed below.

26. If you have elected not to access the Refund Form through the My Auctions page, the Commission requests that all information listed below be supplied in writing:

Name of Account Holder  
FCC Registration Number (FRN)

28. An applicant seeking a refund should verify that the taxpayer identification number (TIN) associated with its FCC Registration Number (FRN) is correct by visiting the FRN website at <https://apps.fcc.gov/cores> to update its records before submitting a refund request. A refund request related to an FRN with no TIN on file cannot be processed until a TIN is provided in CORES.

**F. Long-Form Application – Due By 11:59 p.m. ET on July 25, 2022**

30. Each winning bidder must submit electronically a separate, properly completed long-form application, including each required exhibit, for each permit for which it was the winning bidder in Auction 112, along with the applicable application filing fee, **no later than 11:59 p.m. ET on July 25, 2022**.<sup>24</sup>

31. Each winning bidder must electronically file FCC Form 2100, Schedule A in the Media Bureau's Licensing and Management System (LMS). In accordance with the Commission's rules, electronic filing of FCC Form 2100, Schedule A must be accompanied by the appropriate application filing fee.<sup>25</sup> The winning bidder's long-form application may only propose technical facilities that are either identical to or are considered minor changes with respect to each permit for which it was the winning bidder.<sup>26</sup> If information submitted on the FCC Form 2100, Schedule A application by the

33. Commission staff will return applications not submitted in accordance with the procedures described in this Public Notice. In order to avoid processing delays, applicants are encouraged to pay the long-form application filing fee electronically using the relevant filing system.

34. A winning bidder that fails to submit the required long-form application, along with the applicable application filing fee, before the specified deadline, and fails to establish good cause for any late-filed submission, shall be deemed to have defaulted and shall be subject to the payments set forth in section 1.2104(g) of the Commission's rules.<sup>29</sup>

### **G. Additional Post-Auction Filing Requirements**

35. To file a complete long-form application, each Auction 112 winning bidder must submit the post-auction exhibits required by section 73.5005(a) of the Commission's rules.<sup>30</sup> Section 73.5005(a) requires that post-auction long-form applications include the exhibits mandated by section 1.2107(d) (providing a detailed explanation of the terms, conditions, and parties involved in any bidding consortium, joint venture, partnership, or other agreement or arrangement the applicant had entered into relating to the competitive bidding process),<sup>31</sup> and section 1.2112(a) (requiring that each long-form application fully disclose ownership information and the real party or parties in interest in the applicant or application).<sup>32</sup>

---

<sup>27</sup> See 47 CFR §§ 1.2109(c), 73.3522(a)(3), 73.3573(f)(5)(iii).

<sup>28</sup> The "NEW DTV Construction Permit Application" will only be available to a winning bidder logging in to LMS using the FRN associated with it in Auction 112.

<sup>32</sup> *Id.* § 1.2112(a).

36. A winning bidder claiming new entrant bidding credit eligibility also must provide in its long-form application the information establishing its eligibility,<sup>33</sup> including, where relevant, the submission of a response to the multiple ownership question on its long-form application.<sup>34</sup> Generally, media interests will be attributable for purposes of the new entrant bidding credit to the same extent that such other media interests are considered attributable for purposes of the broadcast multiple ownership rules. The Commission also attributes the media interests held by substantial investors in, or creditors of, an applicant claiming new entrant status.<sup>35</sup> Specifically, the attributable mass media interests held by an individual or entity with an equity and/or debt interest in an applicant are attributed to that bidder for purposes of determining its eligibility for the new entrant bidding credit, if the equity and debt interests, in the aggregate, exceed 33% of the total asset value of the applicant, even if such an interest is non-voting.<sup>36</sup> We also remind winning bidders that each Auction 112 applicant that requested a new entrant bidding credit was required to specify in its FCC Form 175 whether the applicant is using the relaxed equity/debt plus attribution standard for “eligible entities”<sup>37</sup> to qualify for the new entrant bidding credit in Auction 112.

37. The Commission’s “red light rule” that implements the Debt Collection Improvement Act will be enforced.<sup>38</sup> Under the red light rule, the Media Bureau will not process applications or other requests for benefits filed by parties that have outstanding debts owed to the Commission.<sup>39</sup>

#### **H. Maintaining Accuracy of Information**

38. Now that Auction 112 has closed, all required changes to an applicant’s information must be made by filing or amending the applicant’s long-form application(s) (FCC Form 2100, Schedule A). With the release of this Public Notice, an Auction 112 applicant is no longer required to maintain the accuracy and completeness of information furnished on its Auction 112 short-form application (FCC Form 175) and exhibits.<sup>40</sup>

#### **I. Application Processing, Petitions to Deny, and Construction Permit Grant**

39. After its initial review of the long-form applications, the Media Bureau will issue public notices listing the applications as they are accepted for filing. Pursuant to section 73.5006 of the Commission’s rules,<sup>41</sup> interested parties will have 10 days from release of that public notice to file any petitions to deny the applications.<sup>42</sup> The Media Bureau will use public notices generated by LMS to start the 10-day period for filing petitions to deny. A public notice entitled “Applications” in LMS will list such applications as “Accepted for Filing.” An applicant may file an opposition to any petition to deny within five days after the filing deadline for petitions to deny its long-form application.<sup>43</sup> Replies must be

40. After the long-form application review process, if the Commission determines that additional payment from an applicant is due, the Media Bureau will provide further instructions in a future public notice or by demand letter.<sup>46</sup> If the Commission determines that an applicant is otherwise qualified, that there are no substantial and material issues of fact regarding the applicant's qualifications to be a Commission licensee, and that no additional payments are due, the Commission will grant the construction permit.<sup>47</sup>

#### IV. OTHER IMPORTANT INFORMATION

##### A. Continuing Prohibition on Certain Communications

41. We remind applicants that the rules prohibiting certain communications set forth in section 1.2105(c)(1) of the Commission's rules apply to each applicant that filed a short-form application (FCC Form 175) in Auction 112.<sup>48</sup> Section 1.2105(c)(1) provides that, subject to specified exceptions, after the deadline for filing a short-form application, "all applicants are prohibited from cooperating or collaborating with respect to, communicating with or disclosing to each other in any manner the substance of their own, or each other's, or any other applicant's bids or bidding strategies (including post-auction market structure), or discussing or negotiating settlement agreements, until after the down payment deadline[.]"<sup>49</sup> An "applicant" for purposes of this rule includes all "controlling interest" in the entity submitting the FCC Form 175 auction application, as well as all holders of interest amounting to 10% or more of the entity, and all officers and directors of that entity.

42. <sup>46</sup> For example, in an auction where a winning bidder has claimed eligibility for the new entrant bidding credit, Commission staff may determine that a winning bidder is not entitled to the level of bidding credit that it has claimed and may require an additional payment to cover the amount of any percentage discount for which it was not eligible (a payment as necessary to account for the difference between claimed and actual bidding credit eligibility).
