WIRELINE COMPETITION BUREAU ANNOUNCES UPDATED LIFELINE MINIMUM SERVICE STANDARDS AND INDEXED BUDGET AMOUNT

WC Docket No. 11-42

By this Public Notice, the Wireline Competition Bureau (Bureau) announces updated minimum service standards for Lifeline-supported service as required by the *2016 Lifeline Order*.¹ The *2016 Lifeline Order* established minimum service standards for certain Lifeline-supported services and established annual increases in those standards either in the Commission's rules or pursuant to calculations set out in the Order and the Commission's rules.² Accordingly, we announce the newly calculated minimum service standard for fixed broadband data usage allowance. This new standard will take effect on December 1, 2022. Additionally, we announce that the budget for federal universal service support for the Lifeline program for calendar year 2023 will be \$2,572,862,300.³

Mobile broadband minimum service standard. On July 1, 2022, the Bureau acted to pause any increase in the Lifeline minimum service standard for mobile broadband data capacity.⁴ As such, the standard will continue to be 4.5 GB per month until at least December 1, 2023.

Fixed broadband minimum service standard for data usage allowance. Pursuant to the *2016 Lifeline Order*, beginning December 1, 2022, the Lifeline minimum service standard for fixed broadband data usage will be 1280 GB per month, as calculated from the 2022 Urban Rate Survey data.⁵

Mobile voice telephony minimum service standard. The *2016 Lifeline Order* established an automatic update to the Lifeline minimum service standard for mobile voice service through November 30, 2018.⁶ Accordingly, pursuant to the *2016 Lifeline Order*, on December 1, 2022, the Lifeline minimum service standard for mobile voice service will remain unchanged, at 1000 minutes per month.⁷

Annual budget. The *2016 Lifeline Order* adopted an initial budget of \$2.25 billion for the calendar year beginning January 1, 2017.⁸ The *2016 Order* also stated that the budget amount will be indexed to inflation in accordance with the Consumer Price Index for all items from the Department of Labor, Bureau of Labor Statistics.⁹ To perform this calculation, the Bureau used the annual percent change factor for the preceding year (here, 2021) to the year in which the calculation is being performed.¹⁰ Based on this calculation, the indexed budget for federal universal service support for the Lifeline program for the calendar year beginning January 1, 2022 was \$2,457,366,093,¹¹ and the indexed budget for the calendar year beginning January 1, 2023 will be \$2,572,862,300.
