ORDER

Adopted: October 19, 2022

Released: October 19, 2022

By the Acting Chief, Enforcement Bureau:

1. The Enforcement Bureau of the Federal Communications Commission has entered into a Consent Decree to resolve its investigation into whether Cleveland-Cliffs Inc. (Cleveland-Cliffs) violated the Communications Act of 1934, as amended (Act), and the Commission’s rules. These violations pertain to unauthorized transfers of control and assignments of licenses in the wireless radio services in connection with Cleveland-Cliffs’ acquisitions of AK Steel Holding Corporation and ArcelorMittal USA LLC. To settle this matter, Cleveland-Cliffs agrees to implement a compliance plan and pay a \$50,000 civil penalty. This resolution reinforces the Commission’s commitment to ensuring that the transfer and assignment of wireless authorizations is limited to instances where the Commission has determined that the transfer or assignment is in the public interest, convenience, and necessity.

2. After reviewing the terms of the Consent Decree and evaluating the facts before us, we find that the public interest would be served by adopting the Consent Decree and terminating the referenced investigation regarding Cleveland-Cliffs’ compliance with section 310(d) of the Act¹ and section 1.948 of the Commission’s rules² pertaining to unauthorized transfers of control and assignments of licenses.

3. In the absence of material new evidence relating to this matter, we do not set for hearing the question of Cleveland-Cliffs’ basic qualifications to hold or obtain any Commission license or authorization.³

4. Accordingly, **IT IS ORDERED** that, pursuant to section 4(i) of the Act⁴ and the authority delegated by sections 0.111 and 0.311 of the Commission’s rules,⁵ the attached Consent Decree **IS ADOPTED** and its terms incorporated by reference.

5. **IT IS FURTHER ORDERED** that the above-captioned matter **IS TERMINATED**.

II. BACKGROUND

3. *Legal Framework.* The Commission’s consent is required prior to any transfer of control of a Commission permit or license. In this regard, section 310(d) of the Act provides that:

No construction permit or station license, or any rights thereunder, shall be transferred, assigned, or disposed of in any manner, voluntarily or involuntarily, directly or indirectly, or by transfer of control of any corporation holding such permit or license, to any person except upon application to the Commission and upon finding by the Commission that the public interest, convenience, and necessity will be served thereby.¹¹

4. Section 1.948 of the Rules similarly requires that applicants seek and receive Commission consent prior to the transfer of a licensee’s control or assignment of a Commission license.¹²

⁹ 47 U.S.C. § 310(d).

¹⁰ 47 CFR § 1.948.

¹¹ 47 U.S.C. § 310(d).

¹² 47 CFR § 1.948.

Section 1.948 of the Rules also provides that in the case of a transfer of control of a wireless license, the licensee must file an FCC Form 603 to seek prior approval of the transfer.¹³

5. *Factual Background.* Cleveland-Cliffs is a publicly traded Ohio corporation.¹⁴ Cleveland-Cliffs' core businesses include iron ore mining and steelmaking.¹⁵

6. In 2020, Cleveland-Cliffs acquired two steel companies in the United States,¹⁶ AK Steel and ArcelorMittal USA, both of which owned and controlled various FCC wireless licenses. On March 13, 2020, Cleveland-Cliffs completed the acquisition of AK Steel, including its subsidiaries.¹⁷ The transfer of control of AK Steel and its subsidiaries was consummated by the parties without first securing Commission approval,¹⁸ resulting in Cleveland-Cliffs' transfer of 57 wireless licenses without obtaining the required prior Commission approvals.¹⁹

7. On December 7, 2020 and April 27, 2022, Cleveland-Cliffs filed remedial applications with the Commission, seeking approval of the transfers associated with the AK Steel transaction.²⁰ Those applications also included requests for waivers of section 1.948 of the Rules seeking Commission approval of the transfer of control of the licenses.²¹

8. On December 9, 2020, Cleveland-Cliffs acquired substantially all of ArcelorMittal USA's operations.²² In connection with that acquisition, the parties previously sought, and the Commission approved, the transfer of control of certain licenses.²³ The parties, however, subsequently

¹⁸ See AK Steel Remedial Applications and Waiver Requests at Exh. 1, LOI Response at 5, Response to Question 7 (failure to obtain Commission consent prior to the transfer of control of AK Steel to Cleveland-Cliffs resulted from the fact that, during the due diligence process for the transaction, the seller did not disclose that it held radio licenses that required the FCC's prior approval to transfer).

¹⁹ See AK Steel Remedial Applications and Waiver Requests at Exh. 1, LOI Response at 5, Response to Question 7.

²⁰ See AK Steel Remedial Applications and Waiver Requests. On December 7, 2020, the parties submitted seven transfer of control applications along with requests for waiver of section 1.948 of the Rules. See AK Steel Remedial Applications and Waiver Requests, ULS File Nos. 0009320353, 0009320414, 0009320470, 0009320549, 0009320379, 0009320393, 0009320582. Since then, however, AK Steel officials identified an additional FCC call sign held by the company that was secured using a different federal registration number (FRN) and an incorrect variation of the company's business name. Thus, on April 27, 2022, the parties filed an application and waiver request to seek belated approval for the transfer of control of this additional call sign. See AK Steel Remedial Application and Waiver Request, ULS File No. 0010024403.

determined that two FCC wireless licenses (call signs WQHT671 and WPQJ408) had been overlooked.²⁴ Those two licenses were transferred without obtaining the required prior Commission approvals.²⁵

9. On May 26, 2021, Cleveland-Cliffs filed two remedial applications with the Commission, seeking approval of the transfers of the FCC licenses for call signs WQHT671 and WPQJ408 associated with the ArcelorMittal USA transaction.²⁶ Those applications also included requests for waivers of section 1.948 of the Rules seeking Commission approval of the transfer of control of the licenses.²⁷

10. The Bureau's Investigation revealed that, in all, Cleveland-Cliffs and its subsidiaries completed six substantial transfers of control affecting 59 licenses held directly or indirectly by AK Steel and ArcelorMittal USA under six licensee names²⁸ without first obtaining prior Commission consent.

11. To resolve the Bureau's Investigation, the Parties now enter into this Consent Decree pursuant to which Cleveland-Cliffs shall develop and implement a compliance plan to ensure its future compliance with the Unauthorized Transfer Laws and shall pay a civil monetary penalty.

III. TERMS OF AGREEMENT

In consideration for the termination of the Investigation, Cleveland-Cliffs agrees to the terms, conditions, and procedures contained herein. The Bureau further agrees that, in the absence of new material evidence, it will not use the facts developed in the Investigation through the Effective Date, or the existence of this Consent Decree, to institute any new proceeding on its own motion against Cleveland-Cliffs concerning the matters that were the subject of the Investigation, or to set for

²⁸ A substantial assignment or transfer of control is "(1) a transaction involving the assignment of an FCC license to an entity that is not controlled by the same parties as the assignor or a change in controlling ownership interest of the licensee-entity (known as 'de jure' assignment or transfer of control), or (2) a change in actual operating control of the licensee (known as a 'de facto' transfer of control)."
