FCC ANNOUNCES INTENT TO RE-ESTABLISH THE COMMUNICATIONS SECURITY, RELIABILITY, AND INTEROPERABILITY COUNCIL AND SOLICITS NOMINATIONS FOR MEMBERSHIP

By this Public Notice, the Federal Communications Commission (FCC or Commission), consistent with the Federal Advisory Committee Act (FACA),¹ announces its intent to re-establish the Communications Security, Reliability, and Interoperability Council (CSRIC or Council) on or before March 30, 2024, following consultation with the General Services Administration. This will be the FCC's ninth charter of CSRIC. The Commission intends to re-establish CSRIC IX for a period of two (2) years, with an expected first meeting in June 2024. By this Public Notice, we also seek nominations for membership and a chairperson(s) for the Council.

CSRIC IX will provide advice and recommendations to the Commission to improve the security, reliability, and interoperability of the nation's communications systems. Among other issues, Chairwoman Jessica Rosenworcel will ask CSRIC IX to consider how artificial intelligence and machine learning (AI/ML) policies or programs can be developed or leveraged to enhance the confidentiality, integrity, and availability of communications networks in a nondiscriminatory, transparent, and socially responsible way. The Chairwoman will also ask CSRIC IX to provide recommendations to ensure reliability across all networks supporting NG911 transport and to develop a plan to address security and reliability risks unique to emerging 6G networks and services.

In seeking nominations for CSRIC IX, Chairwoman Rosenworcel will again look to include in the Council's membership to a broad variety of stakeholders, including representation from the FCC's federal government partners with similar interests.

All organizational or individual members appointed to the Council, or its working groups are subject to an ethics review by the Commission's Office of General Counsel. Some applicants possessing expertise or perspectives of interest to the Council, and who have been appointed to serve on the Council in an individual capacity (and not as the representative of a nonprofit organization, corporation, or other entity) are deemed to be Special Government Employees (SGEs). Such individuals are ineligible to serve if they are federally registered lobbyists. SGEs are subject to a variety of restrictions under the conflict of interest statutes, 18 U.S.C. § 203 et seq., and the Standards of Ethical Conduct for Employees of the Executive Branch, 5 C.F.R. Part 2635. SGEs must file confidential employee financial disclosure reports prior to beginning their service and annually thereafter. SGEs will also be subject to ethics restrictions in section 4(b) of the Communications Act, 47 U.S.C. § 154(b), and in the Commission's rules, 47 CFR Part 19 and 5 CFR Parts 3901 and 3902.

¹ 5 U.S.C. § 10

All members will have an initial and continuing obligation to disclose any interests in, or connections to, persons or entities that are, or will be, regulated by or have interests before the Commission and shall promptly report to the Council's Designated Federal Officer (DFO) any changes in representation during their tenure on the Council. Council members will not be compensated for their service.

Nominations for membership to CSRIC IX should be submitted to the FCC no later than Saturday, February 3, 2024. Procedures for submitting nominations are set forth below, and applications should be sent by email to CSRIC@fcc.gov.

MISSION

The purpose of the Council is to provide recommendations to the FCC regarding ways the FCC can strive for security, reliability, and interoperability of the nation's communications systems. CSRIC IX's recommendations will focus on a range of public safety- and homeland security-related communications matters, including: (1) the security and reliability of communications systems and infrastructure; (2) 911, E911, and NG911; (3) emergency alerting; (4) Artificial Intelligence/Machine Learning; and (5) national security/emergency preparedness communications, including law enforcement access to communications. CSRIC IX will be organized under, and will operate in accordance with, the provisions of FACA. As authorized by FACA, the Council is authorized to facilitate its work through informal subcommittees, or other subgroups of the Council, which shall report their activities and recommendations to the Council as a whole.

WHO MAY APPLY FOR MEMBERSHIP

The Commission seeks applications from representatives of various sectors of the communications industry, representatives of state and local government agencies and organizations, and representatives of consumers and community organizations that wish to be considered for membership on the CSRIC. The Commission is particularly interested in receiving nominations and expressions of interest from individuals and organizations in the following categories:

- Federal government agencies with expertise in communications, public safety, emergency management and/or homeland security matters;
- Communications service providers and/or industry organizations representing communications service providers (to include representation by different types of communications provider interests, e.g., wireless, satellite, broadcast radio, and television, and by including representation by smaller and rural providers);
- Developers of software applications and operating systems for mobile and desktop computing devices;
- Developers of mobile devices;
- Developers of new technologies, including artificial intelligence and machine learning;
- Organizations and other entities representing users of communications systems, such as organizations representing the business, finance, energy, education, health care, and similar sectors;

OBLIGATIONS OF MEMBERS AND COUNCIL MEETINGS

Members will serve at the discretion of Chairwoman Rosenworcel of the FCC. Members should be willing to commit to a two-year term of service from the date of the re-charter of the Committee. Members will be encouraged to participate in deliberations of at least one (1) informal subcommittee or subgroup, if any are established. The time commitment for participation in any informal subcommittee or other subgroup may be substantial. However, subcommittee or other subgroup meetings may be conducted informally, using suitable technology to facilitate the meetings, subject to oversight by the Designated Federal Officer of CSRIC IX.

Meetings of the full Council shall be open to the public and timely notice of each meeting shall be published in the Federal Register and shall be further publicized through other appropriate vehicles. All such meetings will be fully accessible to individuals with disabilities.
