By the Chief, Video Division, Media Bureau:

I. INTRODUCTION

1. The Video Division, Media Bureau (Bureau), has before it a petition for rulemaking filed on June 15, 2023, by NPG of Idaho, Inc. (Petitioner), the licensee of KIFI-TV, channel 8, Idaho Falls, Idaho (KIFI-TV or Station).1 The Petitioner requests the substitution of channel 18 for channel 8 at Idaho Falls, Idaho, in the Table of TV Allotments.

II. BACKGROUND

2. In support of its channel substitution request, the Petitioner states that its proposed channel substitution will serve the public interest by resolving reception issues currently experienced by a meaningful cross-section of viewers in KIFI-TV’s service area, thereby expanding the availability of reliable, free over-the-air network television service within the market.2 According to the Petitioner, KIFI-TV has received “numerous complaints” about reception of its channel 8 facility since the end of the DTV transition in 2009, a common difficulty shared by other stations with VHF channel assignments in the Idaho Falls market.3 The Petitioner further states that the Commission has recognized that VHF channels pose challenges for their use in providing digital television service, including “propagation characteristics of these channels [that] allow undesired signals and noise to be receivable at relatively farther distances” and that nearby electrical devices tend to emit noise that can cause interference in this band and reception of VHF signal require physically larger antennas relative to UHF channel antennas..4 Moreover, when compared to the Station’s current channel 8 facility, the proposed channel 18 facility will create a predicted service loss of only 327 persons using the Commission’s TVStudy software tool, a

2 Petition at 1. The Petitioner states that KIFI-TV is the primary ABC and CBS network affiliate and the only station on a VHF channel in the Idaho Falls market. Id. at 3.

3 Id. at 2. The Petitioner cites to other recent proceedings where the Bureau has substituted a UHF channel for a VHF channel based on similar reception complaints. Id. at n.5.

number which the Petitioner asserts is *de minimis*.<sup>5</sup> The Petitioner also points out that this loss prediction fails to account for the longtime and ongoing service challenges many KIFI-TV viewers experience due to channel 8's inferior propagation characteristics, which it expects will be remedied by switching to a UHF channel.<sup>6</sup>

### III. DISCUSSION

3. We believe that the Petitioner's channel substitution proposal warrants consideration. Channel 18 can be substituted for channel 8 at Idaho Falls, Idaho, as proposed, in compliance with the principal community coverage requirements of section 73.625(a) of the Commission's Rules (rules),<sup>7</sup> at coordinates 43° 30' 04.0" N and 112° 39' 46.0" W. In addition, we find that this channel change meets the technical requirements set forth in sections 73.616 and 73.623 of the rules.<sup>8</sup> Although the proposal would result in a loss of service to a limited number of viewers, that loss of service is considered *de minimis* by the Commission.<sup>9</sup>

4. We propose to substitute channel 18 for channel 8 for KIFI-TV with the following specifications:

<u>City and State</u>	<u>Channel</u>	<u>Power (kW)</u>	<u>Antenna HAAT (m)</u>
Idaho Falls, Idaho	18	500	444

5. Accordingly, we seek comment on the proposed amendment of the Table of TV Allotments, section 73.622(j) of the rules,<sup>10</sup> for the community listed below, to read as follows:

<u>City and State</u>	<u>Channel No.</u>	
	<u>Present</u>	<u>Proposed</u>
Idaho Falls, Idaho	8, 20, 36	18, 20, 36

### IV. PROCEDURAL MATTERS

6. *Showings Required.* Comments are invited on the proposal discussed in this Notice of Proposed Rulemaking (NPRM). The Petitioner or any proponent that expresses interest in the allotment will be expected to answer whatever questions are presented in initial comments. The petitioner of a proposed allotment is required to file comments even if it only resubmits or incorporates by reference its former pleadings. The Petitioner must restate its present intention to apply for the channel if it is allotted and, if authorized, to build a station promptly.<sup>11</sup> Failure to file may lead to denial of the request. Any requests by a proponent for withdrawal or dismissal of an allotment request must be filed with the Commission in accordance with section 1.420(j) of the rules.<sup>12</sup>
