## **FCC ANNOUNCES THE MEMBERSHIP AND FIRST MEETING OF THE TECHNOLOGICAL ADVISORY COUNCIL**

This Public Notice serves as notice that, consistent with the Federal Advisory Committee Act,<sup>1</sup> Federal Communications Commission (FCC or Commission) Chairwoman Jessica Rosenworcel has appointed members to serve on the Technological Advisory Council (TAC). A full list of the current TAC membership is attached to this Public Notice. The TAC is comprised of a diverse group of leading technology experts. It provides technical expertise to the Commission to identify important areas of innovation and develop informed technology policies supporting the United States' competitiveness in the global economy. The TAC will consider and advise the Commission on topics such as continued efforts at looking beyond 5G advanced as 6G begins to develop so as to facilitate U.S. leadership; studying advanced spectrum sharing techniques, including the implementation of artificial intelligence and machine learning to improve the utilization and administration of spectrum; and other emerging technologies.

The next meeting of the TAC will be held on Tuesday, March 19, 2024 beginning at 10:00 am ET in the Commission Meeting Room of the Federal Communications Commission, 45 L Street, N.E., Washington, D.C. The public may attend the meeting in person at FCC headquarters at 45 L Street, NE, Washington, DC. Additionally, the meeting will be available to the public for viewing via the Internet at <http://www.fcc.gov/live>. While the TAC meeting is open to the public, the FCC headquarters building is not open access, and all guests must check in with and be screened by FCC security at the main entrance. Attendees are not required to have an appointment, but must otherwise comply with protocols outlined at: <https://www.fcc.gov/visit>.

Dean Brenner, a former executive at Qualcomm, serves as Chairman of the Council. Martin Doczkat, Chief of the Electromagnetic Compatibility Division in the Office of Engineering and Technology, serves as the Designated Federal Officer. Sean Yun, Deputy Chief of the Electromagnetic Compatibility Division in the Office of Engineering and Technology, is the Alternate Designated Federal Officer.

More information about the TAC can be found at <https://www.fcc.gov/general/technological-advisory-council>. You may also contact Martin Doczkat, Designated Federal Official (DFO) for the TAC, at [Martin.Doczkat@fcc.gov](mailto:Martin.Doczkat@fcc.gov) or (202) 418-2435.
