COMMENTS INVITED ON SECTION 214 APPLICATION TO GRANDFATHER DOMESTIC LEGACY VOICE SERVICES

WC Docket No. 23-400

Comments Due: January 22, 2024

Unless otherwise specified, the following procedures and dates apply to the application(s) (the Section 214 Discontinuance Application(s)) listed in the Appendix.

The Wireline Competition Bureau (Bureau), upon initial review, has found the Section 214 Application(s) listed herein to be acceptable for filing and subject to the procedures set forth in Section 63.71 of the Commission's rules.¹ The application(s) request authority, under section 214 of the Communications Act of 1934, as amended,² and section 63.71 of the Commission's rules,³ to grandfather certain domestic telecommunications service(s) (Affected Service(s)) in specified geographic areas (Service Area(s)) as applicable and as fully described in each application.⁴

In accordance with section 63.71(k)(3) of the Commission's rules, the Section 214 Application(s) listed in the Appendix will be deemed granted automatically on **February 6, 2024**, the 25th day after the release date of this public notice, unless the Commission notifies any applicant(s) that their grant will not be automatically effective.⁵ We note that the date on which an application for Commission authorization is deemed granted may be different from the date on which applicants are authorized to grandfather service ("Authorized Date"). Any applicant whose application has been deemed granted may grandfather

¹ 47 CFR § 63.71. See Appendix for additional details regarding Section 63.71 Application of AT&T Services, Inc. on behalf of its affiliates (AT&T), WC Docket No. 23-400 (filed Nov. 16, 2023) (Application).

² 47 U.S.C. § 214.

³ 47 CFR § 63.71.

⁴ AT&T states that, "[p]ursuant to 47 C.F.R. § 63.71(g), AT&T has already discontinued all services provided over legacy facilities in broad identifiable areas within the footprint of many of these wire centers, because no customers were purchasing the services and AT&T had received no reasonable requests for the service for a 30-day period immediately preceding discontinuance." See Application at 10. The Bureau emphasizes that the release of this public notice and any subsequent automatic grant of this grandfathering application in no way addresses or signifies the Bureau's view or affirmation that AT&T's described prior or planned discontinuance of the Affected Services in wire centers where they have no customers is, or is not, consistent with section 63.71 of the Commission's rules.

⁵ See 47 CFR § 63.71(k)(3) (stating, in relevant part, that "[a]n application filed by any carrier seeking to grandfather any legacy voice service or to grandfather any data service operating at speeds lower than 1.544 Mbps for existing customers shall be automatically granted on the 25th day ... unless the Commission has notified the applicant that the grant will not be automatically effective.").

their Affected Service(s) in their Service Area(s) on or after the authorized date(s) specified in the Appendix, in accordance with their filed representations. Accordingly, pursuant to section 63.71(k)(3), and the terms outlined in each application, absent further Commission action, each applicant may grandfather the Affected Service(s) in the Service Area(s) described in their application on or after the authorized date(s) listed in the Appendix. For purposes of computation of time when filing a petition for reconsideration, application for review, or petition for judicial review of the Commission's decision(s), the date of "public notice" shall be the auto grant date stated above in this Public Notice, or the release date(s) of any further public notice(s) or order(s) announcing final Commission action, as applicable. Should no petitions for reconsideration, applications for review, or petitions for judicial review be timely filed, the proceeding(s) listed in this Public Notice shall be terminated, and the docket(s) will be closed.
