III. DISCUSSION

4. Based on our review of the record received in response to the *Ninth Dormant Proceedings Termination Public Notice*, we terminate the 2,048 proceedings listed in the attachment to this Order¹⁰ and leave open nine proceedings that had been listed in the Attachment to the *Ninth Dormant Proceedings Termination Public Notice*.¹¹ Listed below are the nine dockets that we find cause to keep open. Finally, we decline to terminate three additional dockets proposed for termination by commenters.

5. ***Dockets Listed in Ninth Dormant Proceedings Termination Public Notice that Will Not Be Terminated.*** After consultation with relevant bureaus, we find that the following nine proceedings are not good candidates for termination under delegated authority at this time:

- OET Seeks Comment on Geophysical Survey Systems, Inc. Request for Waiver of Certain Part 15 Ultra-Wideband (UWB) Rules (ET Docket No. 19-155)¹²
- Amendment of Parts 2, 15, 80, 90, 97, and 101 of the Commission's Rules Regarding Implementation of the Final Acts of the World Radiocommunication Conference (Geneva, 2012) (WRC-12), Other Allocation Issues, and Related Rule Updates (ET Docket No. 15-99)¹³
- In the Matter of Promoting Diversification of Ownership in the Broadcasting Services

⁹ Three commenters expressed general support for closing dockets. See generally Free State Foundation Comments, Andrew James Gonzalez Comments, and National Multifamily Housing Council et al. Comments.

¹⁰ Any party aggrieved by a termination under this delegation of authority may file a petition for reconsideration with CGB or an application for review with the full Commission. *Procedure Order*, 26 FCC Rcd at 1604, para. 24.

¹² See Geophysical Survey Systems, Inc. Comments at 2 (arguing that this proceeding should remain open and that the Commission should grant its waiver request therein); Letter from Lisa L. Dyer, Executive Director, GPS Innovation Alliance, to Marlene Dortch, Secretary, FCC, CG Docket No. 25-165 at 2 (filed Aug. 13, 2025) (arguing that the Commission should require GSSI to provide additional technical information into the proceeding record).

¹³ In the Attachment to the *Ninth Dormant Proceedings Termination Public Notice*, the description of this proceeding was listed as "Amendment of Pts. 1,2,15,25,27,74,78,80,87,90,97, and 101 of the Commission's rules regarding Final Acts of the WRC 07." In this Order, we have revised the title to reflect the docket caption used in several past Commission orders. See, e.g., *Amendment of Parts 2, 15, 80, 90, 97, and 101 of the Commission's Rules Regarding Implementation of the Final Acts of the World Radiocommunication Conference (Geneva, 2012) (WRC-12), Other Allocation Issues, and Related Rule Updates*, ET Docket No. 15-99, Report and Order. 32 FCC Rcd 2703 (2017). (MB Docket No. 07-294)¹⁴

- Revitalization of the AM Radio Service (MB Docket No. 13-249)¹⁵
- Post-Incentive Auction Transition (MB Docket No. 16-306)¹⁶
- MB Opens Docket for Electronic Delivery of Cable Communications (MB Docket No. 17-317)¹⁷
- Amendment of Section 74.1201 et seq. to Allow for FM Broadcast Booster Stations and FM Broadcast Translator Stations to Originate Programming (RM-11858)¹⁸
- Section 224 Pole Attachment Complaint: Restricted Proceedings (Fee Required) (INBOX-1.1408)¹⁹
- Amendment of the Commission's Rules Implementing the Privacy Act of 1974 (GN Docket No. 21-79)²⁰

6. ***Improving Competitive Broadband Access to Multiple Tenant Environments (GN Docket No. 17-142), Updating the Commission's Rule for Over-the-Air-Reception Devices (WT Docket No. 19-71), and Supporting Survivors of Domestic and Sexual Violence (WC Docket No. 22-238).*** We decline to terminate these dockets under delegated authority at this time. In the Ninth Dormant Proceedings Termination Public Notice, CGB sought comment on whether there are dockets not identified in the Attachment that should nonetheless be terminated.²¹ CGB sought “specific reasoning for terminating each docket, which would include dismissal as moot of any pending petition, motion, or other request for relief that is procedural in nature or otherwise does not address the merits of such proceeding.”²² One commenter sought to terminate GN Docket No. 17-142 and WT Docket No. 19-71.²³ Another sought termination of WC Docket No. 22-238.²⁴ Pursuant to consultation with the bureaus responsible for these dockets, we find that these proceedings are not good candidates for termination

¹⁴ See Bryan Broadcasting License Corporation et al. Comments at 5 (arguing that MB 07-294 and MB 13-249 should remain open). Bryan Broadcasting incorrectly identified MB Docket No. 13-349 as the AM Revitalization docket. The correct docket number as identified in the *Ninth Dormant Proceedings Termination Public Notice* is MB Docket No. 13-249. No commenter opposed retaining this docket.

¹⁶ See Walt Disney Company, Fox Corporation, and NBCUniversal Media Comments at 2 (arguing that “[b]ecause all repack-related reimbursement payments have not been made, any termination of MB Docket No. 16-306 would be premature and may risk future reimbursement requests”). No commenter opposed retaining this docket.

¹⁷ See NCTA Comments at 1 (arguing that CGB should not close this proceeding, but rather, the Commission should act on an issue presented therein). No commenter opposed retaining this docket.

¹⁸ See The Cromwell Group, Inc. Comments at 2 (arguing that the issues implicated in this rulemaking proceeding are still active and that this docket should remain open “to allow for further consideration and resolution of the pending Petition”). No commenter opposed retaining this docket. We have corrected two minor typographic errors in the docket title.

¹⁹ We retain this docket because it is used by Commission staff for administrative purposes.

²⁰ After consultation with the Office of General Counsel, we find that this docket is not a good candidate for termination under delegated authority.

under delegated authority and should remain open because they remain active and do not qualify as dormant.
