FCC ANNOUNCES ANTICIPATED RENEWAL OF ITS WORLD RADIOCOMMUNICATION CONFERENCE ADVISORY COMMITTEE AND SOLICITS APPLICATIONS AND NOMINATIONS FOR MEMBERSHIP

OIA Docket No. 24-30

By this Public Notice, the Federal Communications Commission (Commission) announces its intent to renew the charter of the World Radiocommunication Conference Advisory Committee (hereinafter the Committee or WAC-27) and solicits applications and nominations for membership on the Committee. The Commission intends to renew the Committee for a period of two (2) years following consultation with the General Services Administration. It is anticipated that after this consultation, the renewed charter will become effective on or before January 31st 2026. Applications and nominations for membership are due by January 9th 2026.

PURPOSE AND FUNCTIONS

The Committee's mission is to provide the Commission with advice, technical support, and recommended proposals for the International Telecommunication Union World Radiocommunication Conferences (WRCs). In particular, the Committee will focus on the international frequency spectrum issues identified on the WRC-27 agenda with the goal of identifying private sector/public priorities and objectives. The Committee will be charged with gathering the data and information necessary to formulate meaningful recommendations for these objectives. Additional information on WRCs, specifically WRC-27, is available at <https://www.fcc.gov/wrc-27>

BACKGROUND

When the charter is renewed, the Committee will operate in accordance with the provisions of the Federal Advisory Committee Act, 5 U.S.C. Ch. 10. Each meeting of the Committee will be open to the public. A notice of each meeting will be published in the Federal Register at least fifteen (15) days in advance of the meeting. Records will be maintained of each WAC-27 meeting and made available for public inspection. .

WHO MAY APPLY FOR MEMBERSHIP AND OBLIGATIONS OF MEMBERS

The Commission seeks applications from interested organizations, institutions, or other entities from both the public and private sectors that wish to be considered for membership on the Committee. Selections will be based on factors such as expertise and diversity of viewpoints that are necessary to address effectively the questions before the Committee. Individuals who do not represent an organization, institution, or entity, but who possess expertise valuable to the Committee's work may also apply.

However, any applicants who want to serve in their individual capacities should be aware that government ethics rules may require detailed financial and other disclosures as part of the consideration of their application to serve as independent subject matter experts, and if appointed such individuals would be considered special government employees (SGEs).

Applicants should describe both their specific interests and their expertise or experience as it relates to the questions before the Committee, including such matters as wireless communications infrastructure and equipment, telecommunications, fixed, mobile, broadcasting, satellite, and other radiocommunication services, consumer advocacy, and underserved populations (*e.g.*, persons living in rural areas and Tribal communities).

All organizational or individual members appointed to the Committee or its working groups are subject to an ethics review by the Commission's Office of General Counsel. Some applicants possessing expertise or perspectives of interest to the Committee, and who have been appointed to serve on the Committee in an individual capacity (and not as the representative of a nonprofit organization, corporation, or other entity) are deemed to be Special Government Employees (SGEs). Such individuals are ineligible to serve if they are federally registered lobbyists. SGEs are subject to a variety of restrictions under the conflict of interest statutes, 18 U.S.C. § 203 *et seq.*, and the Standards of Ethical Conduct for Employees of the Executive Branch, 5 C.F.R. Part 2635. SGEs must file confidential employee financial disclosure reports prior to beginning their service and annually thereafter. SGEs will also be subject to ethics restrictions in section 4(b) of the Communications Act, 47 U.S.C. § 154(b), and in the Commission's rules, 47 CFR Part 19 and 5 CFR Parts 3901 and 3902.

All members will have an initial and continuing obligation to disclose any interests in, or connections to, persons or entities that are, or will be, regulated by or have interests before the Commission and shall promptly report to the Committee's Designated Federal Officer (DFO) any changes in representation during their tenure on the Committee. Committee members will not be compensated for their service.

In preparation for WRC-27, it is anticipated that the Committee will continue to meet two to three times per calendar year. In addition, working groups will be described on the Committee's website, and all members would be expected to participate in working groups for which they have interest and qualifications. All meetings will be fully accessible to individuals with disabilities.

APPLICATION PROCEDURE, DEADLINE AND MEMBER APPOINTMENTS

Each organization, institution or entity (organizational applicant) may propose for nomination one primary representative. Organizational applicants also are encouraged to propose one alternate representative. Organizations proposing more than one alternative should provide justification. The application requirements for both organizational and individual applicants are set forth below.

Organizational Applicants: Applications from organizational applicants proposing a nominee should include the following:

- Name, title, and organization of the nominee and a description of the organization, sector or other interest the nominee will represent;
- Nominee's mailing address, e-mail address, and telephone number(s);
- A statement summarizing the nominee's qualifications and reasons why the nominee should be appointed to the Committee;
- A current resume of the nominee; and
- A statement describing the organization the nominee would represent, with an explanation of the benefit of having the organization represented on the Committee.

The application from organizational applicants must be accompanied by confirmation on the following two (2) issues:

- The nomination must be confirmed by a written statement of an authorized person (*e.g.*, organization or company official) that such organization or company supports the application of the nominee to represent it on the Committee. The nominating official must possess the executive authority, or hold a sufficiently high-level position within the organization or company, to select a representative whose actions as a committee member will be legally binding on the organization or company. For example, this confirmation may be in the following format:

“I am [insert official's name], the [insert official's title] at the [insert name of organization - *e.g.*, company, government entity, trade association, *etc.*], with responsibilities for [concise description of position]. My organization supports [insert proposed member's name], who is currently [an employee of/consultant/attorney to the company], to serve as our representative on the World Radiocommunication Conference Advisory Committee of the FCC.”

- For applicants seeking to represent an entity that is, or who are themselves, a party to an FCC contract or subcontract or providing services for the benefit of the FCC under contract or subcontract, the applicant must include the following:
 - (1) a general description of the contract/agreement;
 - (2) a description of the product/services that the applicant provides

pursuant to the contract/agreement;
(3) a list of all parties to the contract/agreement;
(4) the name of the Commission contracting officer (if known); and
(5) a certification of the applicant that the applicant has provided written notice to the contracting officer and the FCC Manager, Contracts and Purchasing Center, that the applicant or representative nominee, as applicable, has applied for membership on the Commission's World Radiocommunication Conference Advisory Committee.

In addition, organizational nominees are required to disclose whether they represent clients before the Commission or represent clients in matters that may come before the Committee, other than representing the organizational applicant that has nominated them for service on the Committee. Each nominee shall provide with the application all details of any such representation.

Individual Applicants: Applications from individual applicants who would serve as SGEs, as defined above, should include the following:

- Name and title of the applicant; current mailing address, email address, and telephone number;
- A statement summarizing the applicant's qualifications and reasons why the applicant should be appointed to the Committee. The statement shall include the individual's specific knowledge or expertise that is relevant to the work of the Committee;
- A current resume of the applicant;
- A statement that the individual applicant is not a registered federal lobbyist (as noted above, financial and other additional disclosures may also apply to individual applicants);
- An acknowledgement that the individual will not be entitled to receive reimbursement of travel expenses or payment of honoraria or other compensation from the Commission;
- A statement that the applicant does not have a contractual or other financial agreement (including as a subcontractor) with the Commission; and
- A statement that the applicant does not have clients with matters before the Commission or matters that may come before the Committee.

In addition to the application information required above, all members will have an initial and continuing obligation to disclose any interests in, or connections to, persons or entities that are, or will be, regulated by or have interests before the Commission. Members of the Committee who fail to disclose any such interests (whether in their initial applications or after appointment to the Committee) will be subject to removal from the Committee.

Members who are appointed will serve at the discretion of the Chairman of the Federal Communications Commission. Committee members will not be compensated for their service. Applicants must be willing to commit to serve through the completion of the

Committee's work in preparation for WRC-27. Members should be willing and able to attend the meetings of the Committee and are also expected to participate in deliberations of at least one working group. The time commitment to each working group may be substantial. Working group deliberations may be conducted through virtual meetings, e-mail and teleconferences.

Nominations and all applications, including contact information and the statement of qualifications, should be submitted by e-mail to WAC-27applications@fcc.gov by **January 9th 2026**. Because the Commission recognizes that technologies and spectrum priorities may evolve over the course of the multi-year WRC-27 preparatory cycle and that the expertise or experience relevant to the mission of this Committee may change over time, the Commission will continue to accept applications for Committee Membership on a rolling basis after the initial January 9th 2026 deadline.
