Robocall Mitigation Database Filers

EB-TCD-25-00038590<sup>1</sup>

ORDER

Adopted: August 25, 2025

Released: August 25, 2025

By the Acting Chief, Enforcement Bureau:

I. INTRODUCTION

1. By this Order, the Enforcement Bureau (Bureau) of the Federal Communications Commission (Commission or FCC) removes the Robocall Mitigation Database (RMD) certifications of the companies (each, a Company; collectively, the Companies) identified in Appendix A. Each Company's RMD certification is deficient because: (a) a robocall mitigation plan was not provided or the plan lacks information required to be submitted by February 26, 2024; and (b) the certification lacks information required by that same date. On December 10, 2024, the Bureau issued an Order affording the Companies a final opportunity to cure the deficiencies in their RMD certifications and notify the Bureau that the deficiencies have been cured; or to file a response with sufficient explanation for why the Bureau should not remove the Company's certification from the RMD.<sup>2</sup> The Companies failed to do either. **Removal of a Company's certification from the RMD requires all intermediate providers and voice service providers to cease accepting all calls directly from the Company.**<sup>3</sup> The Companies identified in Appendix A shall not re-file an RMD certification without the prior approval of the FCC's Wireline Competition Bureau (WCB) and the Bureau.

II. BACKGROUND

2. The FCC established the RMD in 2020 to promote transparency and effective robocall mitigation.<sup>4</sup> On March 16, 2023, the Commission adopted amendments to section 64.6305 of its rules in the *Sixth Caller ID Authentication Order* that enhanced the information requirements for RMD certifications and expanded the obligation to submit a robocall mitigation plan for new and existing filers.<sup>5</sup> On May 18, 2023, the Commission adopted additional amendments to section 64.6305 in the *Seventh Call Blocking Order* that required all providers to include a commitment to respond fully to

<sup>1</sup> The investigation began under EB-TCD-24-00036891 and was subsequently assigned File No. EB-TCD-25-00038590. Any future correspondence with the Commission concerning this matter should reflect the new case number.

<sup>2</sup> See *2,411 Robocall Mitigation Database Filers*, 39 FCC Rcd 13318, 13318, para. 1 (EB 2024) (*Show Cause Order*).

<sup>3</sup> See 47 CFR § 64.6305(g).

<sup>4</sup> *Call Authentication Trust Anchor*, WC Docket No. 17-97, Second Report and Order, 36 FCC Rcd 1859, 1902, para. 82 (2020) (*Second Caller ID Authentication Order*).

<sup>5</sup> See *Call Authentication Trust Anchor*, WC Docket No. 17-97, Sixth Report and Order and Further Notice of Proposed Rulemaking, 38 FCC Rcd 2573, 2592-2601, paras. 36-52 (2023) (*Sixth Caller ID Authentication Order*).

traceback requests within 24 hours in their RMD certifications.<sup>6</sup> Both of these rule amendments took effect on February 26, 2024, and required all existing filers to update their RMD certifications to provide the newly-required information and updated robocall mitigation plans by that same date.<sup>7</sup>

3. Under the amended rule, voice service providers, gateway providers, and non-gateway intermediate providers<sup>8</sup> must submit several pieces of information in their RMD certifications. *First*, a provider must certify that all calls that it originates on its network are subject to a robocall mitigation program, that any prior certification has not been removed by Commission action and it has not been prohibited from filing in the RMD, and whether it has fully, partially, or not implemented STIR/SHAKEN on the Internet Protocol portions of its network.<sup>9</sup> *Second*, the provider must upload a robocall mitigation plan that describes the specific reasonable steps the provider has taken to avoid originating, carrying, or processing illegal robocall traffic as part of its robocall mitigation program based on the role(s) it serves in the call chain,<sup>10</sup> including: (a) a description of the affirmative, effective measures it is taking to prevent new and renewing customers from originating illegal robocalls (if it is a voice service provider); (b) a description of any call analytic system(s) that it utilizes, including those operated by a third-party vendor; and (c) a description of the procedures it is using to know its upstream providers.<sup>11</sup> *Third*, the provider must provide its business name, address, and other identifying information, including contact information for a person responsible for addressing robocall mitigation-related issues, and its principals, affiliates, subsidiaries, and parent companies.<sup>12</sup> *Fourth*, the provider must include certain other information, including: (a) the role it is playing in the call chain; (b) detailed information supporting any claimed STIR/SHAKEN implementation extension or exemption; (c) a statement whether it or any affiliated entity has been subject to a Commission or other law enforcement agency action or investigation in the prior two years due to suspected involvement with illegal robocalling or spoofing, or due to a deficiency in its RMD certification; and (d) the provider's commitment to respond fully to traceback requests within 24 hours.<sup>13</sup>

<sup>7</sup> *See Wireline Competition Bureau Announces Robocall Mitigation Database Filing Deadlines and Instructions and Additional Compliance Dates*, WC Docket No. 17-97, Public Notice, 39 FCC Rcd 383, 383-87 (WCB 2024) (*RMD Public Notice*); *Advanced Methods to Target and Eliminate Unlawful Robocalls, Call Authentication Trust Anchor*, 89 Fed. Reg. 4833, 4833 (Jan. 25, 2024) (establishing February 26, 2024 as the effective date for the amendments to section 64.6305) (*Seventh Report and Order Effective Date*).

<sup>8</sup> The *Sixth Caller ID Authentication Order* amended section 64.6305 to require non-gateway intermediate providers to file certifications in the RMD for the first time. *See* 47 CFR § 64.6305(f); *Sixth Caller ID Authentication Order*, 38 FCC Rcd at 2593, para. 38; *RMD Public Notice*, 39 FCC Rcd at 384.

<sup>9</sup> 47 CFR §§ 64.6305(d)(1), (e)(1), (f)(1); *Sixth Caller ID Authentication Order*, 38 FCC Rcd at 2595, 2597, paras. 42, 46; *RMD Public Notice*, 39 FCC Rcd at 385.

<sup>10</sup> *See Sixth Caller ID Authentication Order*, 38 FCC Rcd at 2593, para. 39; *RMD Public Notice*, 39 FCC Rcd at 385, 388.

<sup>11</sup> 47 CFR §§ 64.6305(d)(2)(ii), (e)(2)(ii), (f)(2)(ii); *Sixth Caller ID Authentication Order*, *supra* note 5, at 2593-95, paras. 40-41; *RMD Public Notice*, 39 FCC Rcd at 386-87.

<sup>12</sup> 47 CFR §§ 64.6305(d)(4), (e)(4), (f)(4); *Sixth Caller ID Authentication Order*, *supra* note 5, at 2595-96, 2597, 2599, paras. 42-43, 46, 48; *RMD Public Notice*, 39 FCC Rcd at 385-86.

<sup>13</sup> 47 CFR §§ 64.6305(d)(2)(i), (iii), (iv), 64.6305(e)(2)(i), (iii), (iv), 64.6305(f)(2)(i), (iii), (iv); *Sixth Caller ID Authentication Order*, *supra* note 5, at 2596-99, paras. 43-47; *RMD Public Notice*, *supra* note 7, at 385-86.

4. The Bureau may remove a certification from the RMD that is deficient.<sup>14</sup> To do so, the Commission first contacts the provider, notifying it that its certification is deficient, explaining the nature of the deficiency, and giving the provider an opportunity to cure the deficiency.<sup>15</sup> If the provider fails to cure the deficiency, the Bureau will release an order finding that a provider's certification is deficient based on the available evidence and direct the provider to cure the deficiency in its certification within 14 days, and notify the Bureau that the deficiency has been cured, or explain why the Bureau should not remove the Company's certification from the RMD.<sup>16</sup> If the provider fails to cure the deficiency or provide a sufficient explanation why its certification is not deficient within that 14-day period, the Bureau will release an order removing the provider's certification from the RMD.<sup>17</sup>

5. Following the February 26, 2024 effective date of the amended RMD requirements,<sup>18</sup> WCB conducted a review of certifications in the RMD and identified providers that failed to update their RMD certifications (including their robocall mitigation plans) with the required information by the deadline.<sup>19</sup> WCB notified each Company on March 29, 2024, that its certification was noncompliant with section 64.6305 because the Company had failed to submit an updated RMD certification and updated robocall mitigation plan by the February 26, 2024 deadline.<sup>20</sup> WCB's notification informed each Company that it "must submit an updated certification and updated robocall mitigation plan in the Robocall Mitigation Database by Monday, April 29, 2024."<sup>21</sup> After this second deadline, the Companies still had not updated their RMD certifications and robocall mitigation plans with the required information; as a result, WCB referred each Company to the Bureau to initiate removal proceedings.

6. On December 10, 2024, the Bureau released the *Show Cause Order*, which required the 2,411 providers listed in Appendix A to that *Order* (including all of the Companies) to cure their deficiencies and notify the Bureau of the same, or inform the Bureau why they should not be removed from the RMD within 14 days of publication of a summary of the *Show Cause Order* in the Federal Register.<sup>22</sup> On December 17, 2024, the summary of the *Show Cause Order* was published in the Federal Register.<sup>23</sup> Accordingly, the deadline to comply with the *Show Cause Order* was December 31, 2024.<sup>24</sup> The Bureau and WCB received responses from some of the companies listed in the *Show Cause Order*. On August 6, the Bureau released an Order removing 185 providers listed in the *Show Cause Order* from

<sup>24</sup> See *id.*

the RMD based on their deficient certifications.<sup>25</sup> As of August 22, 2025, the providers listed in Appendix A to this Order are still missing the required information in their certifications.

### III. DISCUSSION

7. The Bureau finds that the Companies listed in Appendix A have deficient RMD certifications because they failed to update their certifications with the required information. Despite receiving an email notification from WCB informing the Company that its RMD certification was noncompliant, and an order from the Bureau to cure the deficiency or explain why the Company should not be removed,<sup>26</sup> each Company listed in Appendix A failed to take remedial measures. Therefore, the Companies' RMD filings are deficient and warrant removal.

8. We remove the certifications of the Companies identified in Appendix A from the RMD as of the release date of this Order. **All intermediate providers and voice service providers must cease accepting traffic directly from the Companies within two business days of the release date of this Order.**<sup>27</sup> The Companies shall not refile in the RMD unless and until both WCB and the Bureau consent.

### IV. ORDERING CLAUSES

9. Accordingly, **IT IS ORDERED** that, pursuant to sections 4(i), 4(j), 227(e), 227b, 251(e), and 403 of the Communications Act of 1934, as amended, 47 U.S.C. §§ 154(i), 154(j), 227(e), 227b, 251(e), and 403, and sections 0.111, 0.311, 1.1, and 64.6305 of the Commission's rules, 47 CFR §§ 0.111, 0.311, 1.1, and 64.6305, this Order is **ADOPTED**.

10. **IT IS FURTHER ORDERED** that the Companies listed in Appendix A are **IMMEDIATELY REMOVED** from the Robocall Mitigation Database as of the release date of this Order.

11. **IT IS FURTHER ORDERED** that within **two business days** of the release of this order all intermediate providers and voice service providers **MUST CEASE ACCEPTING TRAFFIC DIRECTLY FROM THE COMPANIES LISTED IN APPENDIX A**.

12. **IT IS FURTHER ORDERED** that pursuant to section 1.102(b) of the Commission's rules, 47 CFR § 1.102(b), this Order **SHALL BE EFFECTIVE** upon release.

13. **IT IS FURTHER ORDERED** that each Company listed in Appendix A shall not refile in the Robocall Mitigation Database unless and until both the Wireline Competition Bureau and the Enforcement Bureau consent.

14. **IT IS FURTHER ORDERED** that copies of this Order shall be sent by email to the robocall mitigation contact (as certified in the RMD) for each Company listed in Appendix A.

---

<sup>25</sup> See *Robocall Mitigation Database Filers*, EB-TCD-24-00036891, Order, DA 25-694, 2025 WL 2253753 at \*1 (EB Aug. 6, 2025); *id.* at \*4, App. A (listing the 185 removed providers). The Order also noted that the 185 providers "have transmitted suspected illegal robocalls as either an originating or gateway provider" and that, in addition, many "have failed to respond to traceback requests." *Id.* at \*2, para. 7.
