**ORDER**

**Adopted: December 8, 2025****Released: December 8, 2025**

By the Acting Chief, Enforcement Bureau:

1. The Enforcement Bureau (Bureau) of the Federal Communications Commission (FCC or Commission) has entered into a Consent Decree to resolve its investigation into whether Fort Mojave Telecommunications, Inc. (Fort Mojave) failed to timely file monthly reports of permanently disconnected phone numbers to the Commission's Reassigned Numbers Database (Database) administrator (Administrator). The Database and the Commission's reporting rules play a role in the FCC's consumer protection efforts to protect consumers from unwanted calls and assist ethical telemarketers in ensuring that they are calling the intended recipient.<sup>1</sup> The Database allows persons to avoid placing calls to numbers previously assigned to a subscriber who provided consent for particular calls, but that (after the provision of such consent) were disconnected and reassigned to a new non-consenting subscriber.<sup>2</sup> Reporting carriers must inform the Administrator of subscriber disconnections on a monthly basis.<sup>3</sup> Fort Mojave failed to provide timely information to the Administrator on multiple occasions.<sup>4</sup> To settle this matter, Fort Mojave will implement a compliance plan and pay a \$9,000 voluntary contribution.

2. After reviewing the terms of the Consent Decree and evaluating the facts before us, we find that the public interest would be served by adopting the Consent Decree and resolving the Notice of Apparent Liability for Forfeiture (NAL) regarding Fort Mojave's compliance with the Commission's Reassigned Number Database reporting rules under section 64.1200(1)(2) of the Commission's rules.<sup>5</sup>

## II. BACKGROUND

3. The Commission established a single, comprehensive Reassigned Numbers Database (Database) that identifies when a North American Numbering Plan (NANP) number has been reassigned to a new subscriber.<sup>3</sup> The purpose of the Database is to help callers confirm they are calling the intended subscriber.<sup>4</sup> Autodialed or prerecorded calls are generally lawful only if the called party has given its prior consent.<sup>5</sup> The Database allows persons to avoid placing calls to numbers previously assigned to a subscriber who provided consent for particular calls, but that (after the provision of such consent) were reassigned to a new non-consenting subscriber. This protects consumers by ensuring they do not receive calls that the prior owner of the reassigned number may have consented to. Additionally, the rule protects ethical telemarketers—those who check the RND prior to making calls—to ensure they are calling the intended recipient.

4. Carriers must inform the Database administrator (Administrator) of subscriber disconnections on a monthly basis.<sup>6</sup> Section 64.1200(l)(2) requires carriers to report to the Administrator on the 15<sup>th</sup> day of each month, the most recent date that each NANP telephone number allocated to or ported to the carrier was permanently disconnected.<sup>7</sup>

5. On December 12, 2022, the Bureau issued NALs to 12 local exchange carriers, including Fort Mojave, for failure to file disconnection data with the RND in apparent violation of section 64.1200(l)(2). The Bureau proposed imposing a \$3,000 forfeiture for Fort Mojave’s initial apparent violation, and a \$10,000 forfeiture for each subsequent apparent violation, for a total proposed forfeiture of \$83,000.

6. Fort Mojave is a local exchange service provider headquartered in Mojave Valley, Arizona.<sup>8</sup> Each month from December 2021 through September 2022, the Administrator notified Fort Mojave that the Company failed to report permanent disconnects in those months as required by 47 CFR § 64.1200(l)(2).<sup>9</sup> The Database Administrator sent referrals to the Commission on January 5, 2022; January 19, 2022; February 22, 2022; March 17, 2022; April 18, 2022; May 18, 2022; June 22, 2022; July 22, 2022; August 22, 2022; and September 19, 2022.<sup>10</sup> In the NAL issued December 12, 2022, the Bureau found that Fort Mojave apparently willfully and repeatedly violated section 64.1200(l)(2) by failing to file reassigned numbering information in the Database from December 2021 through September 2022.<sup>11</sup>

7. Fort Mojave responded to the NAL on January 10, 2023.<sup>12</sup> The Company requested a reduction or cancellation of the proposed forfeiture.<sup>13</sup> Fort Mojave told the Bureau that the errors were due to certain employees not receiving the notices from the Database Administrator.<sup>14</sup> Fort Mojave represented to the Bureau that it had taken corrective action ensuring that senior Company management received all notifications and correspondence from the Database Administrator and regulatory agencies.<sup>15</sup> The Parties are not aware of any further Company noncompliance since the Company took these corrective measures. Accordingly, the Bureau and Fort Mojave agree to the following terms and conditions.

### III. TERMS OF AGREEMENT

The Bureau further agrees that, in the absence of new material evidence, it will not use the facts developed in the Investigation through the Effective Date, or the existence of this Consent Decree, to institute any new proceeding on its own motion against Fort Mojave concerning the matters that were the subject of the Investigation, or to set for hearing the question of Fort Mojave's basic qualifications to be a Commission licensee or hold Commission licenses or authorizations based on the matters that were the subject of the Investigation.<sup>16</sup>

Fort Mojave shall repeat compliance training on an annual basis and shall periodically review and revise the Compliance Training Program as necessary to ensure that it remains current and complete and to enhance its effectiveness.
