NOTICE OF APPARENT LIABILITY FOR FORFEITURE

Adopted: January 12, 2026**Released: January 12, 2026**

By the Acting Chief, Enforcement Bureau:

I. INTRODUCTION

1. In this Notice of Apparent Liability for Forfeiture (NAL), we propose a penalty of \$20,000 against Etzer Toussaint (Toussaint) for operating an unauthorized radio station, known as “Radio Model” or “Radio Tele Model” on 88.9 MHz in Spring Valley, New York (Station), by which Toussaint apparently willfully and knowingly did, caused, or suffered to be done pirate radio broadcasting on January 14, 2025. Operating an unauthorized, or pirate, radio station is illegal under the Communications Act of 1934, as amended (Communications Act or Act)¹ and undermines the primary mission of the Federal Communications Commission (FCC or Commission) to manage radio spectrum. Such illegal operations can interfere with licensed communications, including authorized broadcasts and communications by public safety entities. Moreover, such illegal operations pose a danger to the public because they interfere with licensed stations that inform their listeners of important public safety messages, including Emergency Alert System transmissions that provide vital information regarding weather events and other dangers to the public.

II. BACKGROUND**A. Legal Framework**

2. On January 24, 2020, Congress passed the Preventing Illegal Radio Abuse Through Enforcement Act (PIRATE Act), which was subsequently codified as section 511 of the Communications Act.² Section 511 states that any person who willfully and knowingly does, causes or suffers to be done any pirate radio broadcasting shall be subject to a fine of not more than \$2,000,000 and not more than \$100,000 for each day during which such offense occurs.³ Both of these figures are subject to annual inflation adjustments.⁴ Section 511 defines pirate radio broadcasting as “the transmission of

³ 47 U.S.C. § 511(a)-(b). Prior to the passage of the PIRATE Act, the maximum monetary penalty for pirate radio transmissions was \$151,005. *See* 47 CFR § 1.80(b)(9)(ii) (2019); *see also Acerome Jean Charles*, Notice of Apparent Liability for Forfeiture, 34 FCC Rcd 12744 (2019) (proposing a penalty of \$151,005), consent decree adopted, Order, 35 FCC Rcd 6878 (2020). In 2020, that maximum limit was increased to \$2,000,000. *See* 47 U.S.C. § 511.

⁴ *See* 47 CFR § 1.80(b)(6) (setting the current inflation adjusted statutory maximum for a violation of 47 U.S.C. § 511(a) at \$2,453,218 and of 47 U.S.C. § 511(b) at \$122,661); *Amendment of Section 1.80(b) of the Commission’s Rules, Adjustment of Civil Monetary Penalties to Reflect Inflation*, Order, 40 FCC Rcd 25, 32 at Table 5 to

communications on spectrum frequencies between 535 and 1705 kilohertz, inclusive, or 87.7 and 108 megahertz, inclusive, without a license issued by the Commission, but does not include unlicensed operations in compliance with part 15 of title 47, Code of Federal Regulations.”⁵ Part 15, among other requirements, states that unlicensed operators in the FM band must not transmit over a certain low-power limit.⁶

B. Factual Background

3. On January 14, 2025, field agents (Agents) from the FCC’s New York Field Office monitored the frequency 88.9 MHz in Spring Valley, New York, and, using direction-finding techniques, traced the source of the signal to a commercial property located at 130 NY-59, Spring Valley, New York (NY-59 Site). Agents took field strength measurements of the Station’s signal and determined that it exceeded the limits for operation under the part 15 rules.⁷ Agents then searched the Internet for a station operating on 88.9 MHz in Spring Valley and found the website for the Station.⁸ The website identifies Toussaint as “Président Directeur Général”⁹ of the station, states that he established the Station in 2006,¹⁰ and provides his e-mail address as the method to contact station management.¹¹ Agents matched the over-the-air programming on 88.9 MHz to the Station’s online audio stream.¹² A review of Commission records revealed no authorization for any FM broadcast station to operate at or near the NY-59 Site on any frequency.

III. DISCUSSION

4. We find that Toussaint, in apparent violation of section 511 of the Act,¹³ willfully and knowingly did, caused, or suffered to be done pirate radio broadcasting through the operation of an unlicensed radio station, known as “Radio Model” or “Radio Tele Model” on 88.9 MHz on January 14, 2025. Agents performed field strength measurements and determined that the transmissions on 88.9 MHz exceeded the limits for operation under part 15 of the Commission’s rules.¹⁴ A review of Commission records does not reveal an authorization for any FM broadcast station to operate at or near the NY-59 Site at any time relevant to the apparent violation discussed in this NAL. Evidence collected by the Agents, including the Station’s website providing Toussaint’s email address for contacting the Station, his title as “Président Directeur Général” of the Station and describing his establishment of the Station in 2006 show

that Toussaint is the operator of the Station.¹⁵ Accordingly, the Bureau finds that Toussaint's actions on January 14, 2025, constituted pirate radio broadcasting in apparent violation of section 511 of the Act.¹⁶

5. Section 511 of the Act authorizes the Commission to impose a forfeiture against any person "who willfully and knowingly does or causes or suffers to be done any pirate radio broadcasting."¹⁷ In exercising our forfeiture authority, we consider the "nature, circumstances, extent, and gravity of the violation and, with respect to the violator, the degree of culpability, any history of prior offenses, ability to pay, and such other matters as justice may require."¹⁸ We may adjust a forfeiture downward for minor violations, good faith or voluntary disclosure, a history of overall compliance, or an inability to pay.¹⁹

6. Section 511 of the Act and section 1.80 of the Commission's rules authorize enhanced penalties for pirate radio broadcasting.²⁰ Under these sections, any person who willfully and knowingly does, causes or suffers to be done any pirate radio broadcasting shall be subject to a fine of not more than \$122,661 for each day during which the offense occurs, but not more than \$2,453,218 in total.²¹

7. The primary intent of the PIRATE Act is to increase financial penalties for pirate radio broadcasting.²² Accordingly, in 2023, the Commission established a base forfeiture of \$20,000 for pirate radio broadcasting,²³ which is twice the pre-PIRATE Act base forfeiture level. Consequently, for Toussaint's apparent willful and knowing violation of section 511 of the Act, we apply this base forfeiture amount, for a total proposed base forfeiture of \$20,000.²⁴

8. In applying the applicable statutory factors, we consider whether there is any basis for an upward or a downward adjustment of the proposed forfeiture. We find none. After applying section 1.80

of the Commission's rules and the statutory factors, and consistent with the *Forfeiture Policy Statement*,²⁵ Toussaint is apparently liable for a proposed total monetary forfeiture of \$20,000.²⁶

IV. CONCLUSION

9. We have determined that Etzer Toussaint apparently willfully and knowingly did, caused, or suffered to be done pirate radio broadcasting in violation of section 511 of the Act on January 14, 2025. As such, Etzer Toussaint is apparently liable for a forfeiture of \$20,000.
