Section 214 Applications (47 CFR §§ 63.18, 63.24); Section 310(b) Petitions (47 CFR § 1.5000)

The following applications have been granted pursuant to the Commission's processing procedures set forth in sections 63.12, 63.20 of the Commission's rules, 47 CFR §§ 63.12, 63.20, other provisions of the Commission's rules, or procedures set forth in an earlier public notice listing the applications as accepted for filing.

Unless otherwise noted, these grants authorize the applicants: (1) to become a facilities-based international common carrier subject to 47 CFR §§ 63.21, 63.22; and/or (2) to become a resale-based international common carrier subject to 47 CFR §§ 63.21, 63.23; (3) to assign or transfer control of international section 214 authority in accordance with 47 CFR § 63.24; or (4) to exceed the foreign ownership benchmarks applicable to common carrier radio licensees under 47 U.S.C. § 310(b); see Subpart T of Part 1 of the Commission's rules, 47 CFR §§ 1.5000-5004.

THIS PUBLIC NOTICE SERVES AS EACH NEWLY AUTHORIZED CARRIER'S SECTION 214 CERTIFICATE. It contains general and specific conditions, which are set forth below. Newly authorized carriers should carefully review the terms and conditions of their authorizations. Failure to comply with general or specific conditions of an authorization, or with other relevant Commission rules and policies, could result in fines and forfeitures.

Petitions for reconsideration under Section 1.106 or applications for review under Section 1.115 of the Commission's rules, 47 CFR §§ 1.106, 1.115, in regard to the grant of any of these applications may be filed within thirty days of this public notice (see 47 CFR § 1.4(b)(2)).

On February 17, 2026, Alpheus Communications, LLC (Alpheus Communications), a Delaware limited partnership that holds an international section 214 authorization for global facilities-based and resale service (ITC-214-20070420-00148), filed an application to transfer control of Alpheus Communications from Nathan “Tripp” Lane (Mr. Lane) to New LOGIX Parent, LLC (New LOGIX Parent). Alpheus Data Services, LLC (ADS), a direct wholly owned subsidiary of Alpheus Communications, provides international service under the authority held by Alpheus Communications (ITC-214-20070420-00148) pursuant to section 63.21(h) of the Commission’s rules. 47 CFR § 63.21(h).

This transaction is the second step in a two-step process to restructure and refinance Logix Holding Company, LLC (Logix Holding), the parent of Alpheus Communications and ADS. The Commission reviewed the first step in a separate matter, which involved New LOGIX Parent acquiring control of Logix Holding, both Delaware limited liability companies. Nathan “Tripp” Lane, a U.S. and U.K. citizen, is the sole owner of New Logix Parent. *See* ITC-T/C-20250214-00023, *International Authorizations Granted*, Report No. TEL-02435, DA No. 25-278 (OIA Mar. 27, 2025).

In this second step, certain existing second-lien lenders will convert a portion of their loans for common and preferred equity in New Logix Parent and upon conversion of those loans two funds managed by O’Connor Alternative Investments, LLC (OCAI), a Delaware limited liability company, Clover Zermatt O LLC and Clover Private Credit Opportunities Origination II LLP will hold a controlling interest in New Logix Parent.

Post-consummation, ADS will remain a direct wholly owned subsidiary of Alpheus Communications which will remain a direct wholly owned subsidiary Logix Holding. Logix Holding is the sole member of Logix GP, LLC, a Delaware limited liability company and the general partner of Logix Communications (1% equity and 100% voting interest in Logix Communications). Logix Holding also holds a direct 99% equity interest in Logix Communications. Logix Holding will remain a direct wholly owned subsidiary of New Logix Parent.

Upon conversion of the loans to common and preferred equity in New Logix Parent, three entities will own New Logix Parent: (1) Clover Zermatt O LLC (Clover Zermatt) (61.9% equity and 58.8% voting interests); (2) Clover Private Credit Opportunities Origination II LP (Clover Private) (32.8% equity and 31.2% voting interests); and (3) Astra Logix Midco LLC (Astra Midco) (5.3% equity and 10% voting interests), all Delaware entities. OCAI is the investment manager and holds 100% voting interests in both Clover Zermatt and Clover Private and thus will exercise control over New Logix Parent and Logix Communications.

OCAI is ultimately 100% owned by 4 trusts: KSL Management Trust; BGL Management Trust; CJK Management Trust; and RGL Management Trust, all of which are Nevada entities. The Trustees and trust beneficiaries are Brandon G. Lutnick, Kyle S. Lutnick, Casey J. Lutnick, and Ryan G. Lutnick, all of whom are U.S. citizens.

Astra Midco is wholly owned by Astra Partners I, LP. The general partner of Astra Partners I, LP is Astra Partners I GP, LLC (0% equity and 100% voting interests), both Delaware entities. The manager of Astra Partners I GP, LLC is Mark J. Johnson, a U.S. citizen (40% equity and 100% voting interests).

According to the Applicants, no other individual or entity will have a 10% or greater direct or indirect equity or voting interest in New Logix Parent, Alpheus Communications or ADS.

The most recent Exclusion List is at the end of this Public Notice. The list applies to all U.S. international carriers, including those that have previously received global or limited global Section 214 authority, whether by Public Notice or specific written order. Carriers are advised that the attached Exclusion List is subject to amendment at any time pursuant to the procedures set forth in Streamlining the International Section 214 Authorization Process and Tariff Requirements, IB Docket No. 95-118, 11 FCC Rcd 12884 (1996), para. 18. A copy of the current Exclusion List is maintained in the FCC Reference Information Center and is available at <https://www.fcc.gov/exclusion-list-international-section-214-authorizations>. It is also attached to each Public Notice that grants international Section 214 authority.

A carrier that acquires an affiliation with a foreign carrier will be subject to possible reclassification as a dominant carrier on an affiliated route pursuant to the provisions of Section 63.10 of the rules.

(4) A carrier may provide switched services over its authorized resold private lines in the circumstances specified in Section 63.23(d) of the rules, 47 CFR § 63.23(d).

(5) Carriers shall comply with the "No Special Concessions" rule, Section 63.14, 47 CFR § 63.14.

Except as specified in Section 20.15 with respect to commercial mobile radio service providers, carriers regulated as non-dominant, as defined in Section 61.3, and providing detariffed international services pursuant to Section 61.19, must comply with all applicable public disclosure and maintenance of information requirements in Sections 42.10 and 42.11.

(11) To the extent the applicant is, or is affiliated with, an incumbent independent local exchange carrier, as those terms are defined in Section 64.1902 of the rules, it shall provide the authorized services in compliance with the requirements of Section 64.1903.

(12) Except as otherwise ordered by the Commission, a carrier authorized here to provide facilities-based service that (i) is classified as dominant under Section 63.10 of the rules for the provision of such service on a particular route and (ii) is affiliated with a carrier that collects settlement payments for terminating U.S. international switched traffic at the foreign end of that route may not provide facilities-based switched service on that route unless the current rates the affiliate charges U.S. international carriers to terminate traffic are at or below the Commission's relevant benchmark adopted in International Settlement Rates, IB Docket No. 96-261, Report and Order, 12 FCC Rcd 19806 (1997). See also Report and Order on Reconsideration and Order Lifting Stay in IB Docket No. 96-261, FCC 99-124 (rel. June 11, 1999).
