By this Public Notice, the Wireline Competition Bureau seeks comment from interested parties on an application filed by Windstream Mississippi, LLC (Windstream Mississippi) and Windstream Communications, LLC (Windstream Communications) (together, Windstream) and Uplink LLC (Uplink) (collectively, Applicants) pursuant to section 214(a) of the Communications Act of 1934, as amended, and section 63.04 of the Federal Communications Commission's (Commission) rules,¹ requesting Commission approval for the acquisition of Windstream's Rural Development Opportunity Fund (RDOF) support and related obligations for 244 locations in census blocks in Coahoma County, Mississippi to Uplink (Assigned Census Blocks).²

Windstream Mississippi, a Delaware limited liability company, is an incumbent local exchange carrier (LEC) and broadband service provider in Mississippi.³ Windstream Communications, a Delaware limited liability company, is a long distance service provider and a competitive LEC.⁴ Windstream currently provides voice and broadband services to residential and business subscribers in Mississippi, using a mix of technologies, including legacy copper technology and next-generation fiber-to-the-home.⁵ Windstream, a designated Eligible Telecommunications Carrier (ETC), receives high-cost Universal Service Fund support in the form of RDOF in the Assigned Census Blocks.⁶ Windstream does not

provide service or have any customers within the Assigned Census Blocks.⁷

Uplink, a Mississippi limited liability company, provides voice and broadband services to residential and business customers in rural Mississippi from its base in Lyon, Mississippi.⁸ Uplink currently has approximately 1,500 subscribers across Mississippi and Arkansas who receive voice and broadband services over Uplink's fiber and fixed wireless networks in areas adjacent to the Assigned Census Blocks.⁹ Applicants state that Uplink currently offers fiber broadband service to 15 locations within the Assigned Census Blocks.¹⁰

Pursuant to the terms of the proposed transaction, Uplink agreed to acquire the Assigned Census Blocks from Windstream and to assume the related RDOF obligations.¹¹ Applicants state that Windstream commits to transfer to Uplink all remaining RDOF support associated with the Assigned Census Blocks and any assets purchased or acquired with RDOF support to meet RDOF program requirements, to the extent practicable, including network facilities and related permits.¹²

Applicants assert that a grant of the Application would serve the public interest, convenience, and necessity.¹³ Because the proposed transaction would involve the exchange and assumption of Universal Service Fund high-cost mechanism obligations, in order to sufficiently analyze whether the proposed transaction would serve the public interest, we accept the Application for non-streamlined processing.¹⁴
