**WIRELINE COMPETITION BUREAU SEEKS COMMENT ON
A PETITION FOR PREEMPTION AND DECLARATORY RULING FILED
PURSUANT TO SECTION 253 OF THE COMMUNICATIONS ACT**

WC Docket No. 26-1

Comments Due: February 4, 2026

Reply Comments Due: March 6, 2026

The Wireline Competition Bureau seeks comment on a petition for preemption and declaratory ruling filed by Gigapower, LLC (Gigapower)¹ pursuant to section 253(d) of the Communications Act (Act).² The Petition states that Gigapower is deploying a fiber network to the City of Rock Hill, South Carolina (the City),³ and has entered into both a franchise agreement with the City that “grants to Gigapower a non-exclusive franchise to construct, maintain, and operate its telecommunications lines in the City’s public rights-of-way to provide telecommunications services”⁴ and a pole attachment agreement that allows Gigapower to submit applications to attach fiber telecommunication lines to City-owned poles.⁵ The Petition asserts that Gigapower has submitted pole attachment applications to the City pursuant to these agreements, and that the City has responded by redlining the applications to impose requirements that effectively prohibit Gigapower from providing telecommunications services in violation of section 253(a).⁶ Specifically, the Petition states that the City has interpreted a prior agreement that it entered with Comporium, LLC (Comporium) to provide Comporium with superior and exclusive attachment rights to all City-owned poles,⁷ and that the City has further interpreted the agreement to mean that Comporium “occupies the entire available space [on City-owned poles] irrespective of the amount of space that Comporium requested or to which Comporium’s lines are in fact attached.”⁸ The Petition states that, pursuant to these interpretations, the City is requiring Gigapower to rearrange attachments to City-owned poles or to replace poles to obtain access, despite the existence of adequate available space on

the poles,⁹ and that these requirements will result in excess costs that prevent “Gigapower from economically deploying its facilities and, thus, effectively prohibit[] Gigapower from providing telecommunications services in the City.”¹⁰ The Petition also asserts that “[t]he City’s actions . . . are tantamount to a de facto moratorium that the Commission should preempt.”¹¹
